Jon M Bill

**Car Photography** Various, 2021-04-17 Car Photography. A coffee table photo book of cars.

**Carroll Shelby** Art Evans, 2016-09-15 Art Evans was a sports car racer in the 1950s on the West Coast who raced against, and became close friends with, Carroll Shelby. Their intense competition on the track became a lifelong friendship off the track. He and Shelby collaborated on many business projects over the years, including books, marketing projects, projects for the Shelby Foundation, and so on. In his later years, Shelby loved the books about his cars and similar topics, but his eyesight was failing to the point where he had difficulty reading, and really preferred the books that were heavy with photos. It was from that realization that Shelby and Evans decided to work on one last book together. They both combed through the Shelby archives and selected Shelby's favorite images from his racing career. That is almost the entirety of this book. It is packed with photos selected by Shelby himself, and the captions are quotes from Shelby's commentary on the action in the photo, as well as his memories. Unfortunately, Carroll Shelby passed away before the book was fully completed, but Evans, following Shelby's instructions, carried this final project through to completion. Filled with images that have never been seen in print, as well as images not published since the 1950s and 1960s, this final work from Shelby is a personally curated collection by the legend himself. If you are a sports car racing fan, Ford fan, Shelby fan, or any combination of the three, this book is a perfect addition to your automotive library.

**Duesenberg Racecars & Passenger Cars Photo Archive** Jon M Bill, 2005-06-10 This treasure trove of Duesenberg history utilizes spectacular photographs from the archives of the Auburn Cord Duesenberg Museum combined with authoritative, in-

depth captions. Together they tell the extraordinary story of America's greatest motorcar. Over 120 prime photographs, many previously unpublished, were hand-picked for high-quality reproduction in a horizontal format. The entire Duesenberg story is told from its race car beginnings to the fabulous Model J. This is a must-have book for both racing and classic car enthusiasts.

**The Car and the Camera** David Lanier Lewis, Bill Rauhauser, 1996

**Richard Petty** Ben Blake, Dick Conway, 2005 The NASCAR king in both famous and never-before-seen photos Although the late Dale Earnhardt matched Richard Petty's record of seven NASCAR points titles, no one - not Earnhardt nor, most likely, any racer in the future - will approach several of King Richard's career records: 200 NASCAR victories, seven Daytona 500 wins, victories in 10 straight races (1967), 1, 184 races started and 712 Top 10 finishes. In a sport where competitors are idolized, no one before or since has enjoyed as much fame and popularity as Richard Petty. This photo-history focuses on Petty's remarkable career. The son of a North Carolina stock car racing pioneer, Richard Petty knew little beyond cars and racing. Despite a slow start to his racing career, he achieved unprecedented levels of success and took the sport with him into the national spotlight.

**Funeral Service & Flower Cars Photo Archive** Walter McCall, 2008-11-15 Throughout history, flowers have accompanied the deceased to their final resting place. At first, flowers were carried in the hearse with the casket, or in a separate carriage. With the advent of the automobile funeral, flowers were transported to the church or cemetery in big touring cars with their tops let down. But in the 1930s an entirely new kind of funeral vehicle -- the Flower Car --

blossomed in America. Flower cars were built on all makes of chassis, from luxury Packards, Cadillacs, LaSalles and Buicks to Pontiacs and Chevy El Caminos. The only book ever dedicated to these unique professional cars documents the evolution of the flower car from the 1930s to the long, low coupes de fleur still being built today. A bonus feature includes a section on the other workhorse of the funeral home fleet, the Service Car, which transported the deceased from home or hospital to the funeral parlor and hauled caskets and other funeral service paraphernalia to the church or cemetery.

Hudson Automobiles 1934-1957 Photo Archive Byron D. Olsen, 2004-05-08 Hudson emphasized performance when promoting its cars and entered speed and endurance events to prove it. It always did well in these events but its shining hour as a performance car didnt come until near the end of its history. A powerful engine, a low center of gravity, excellent suspension and steering combined in the Hornet to make it unbeatable on the stock car racing circuit from 1951 through 1954. Unfortunately, racing success did not translate into sufficient sales to keep the company healthy and in 1954 Hudson was acquired by Nash to form American Motors. Nevertheless, Hudson left a legacy of design innovations that will be long remembered.

*Boulevard Photographic* Jim Williams, 1997 The most striking, stunning, and memorable photos from Boulevard Photographic, the source for automotive

advertising photography from the mid-1950s to the '80s, is presented here for the first time in any book. Photographers Jim Northmore and Mickey McGuire launched their Boulevard studio in 1955, and their innovative, imaginative style captured the elegance, power, and lifestyle imagery that auto makers wanted to convey in advertising. Their work was so effective that they worked for all the major US auto makers at the same time and for several European car companies. Whether shooting in studios or on location, the creative Boulevard Photographic staff captured the exact image auto makers wanted to present. Since even the oldest film was properly preserved -- and some of it was shot on enormous 8-1/2x11 -inch transparencies -- the quality of the photo reproductions throughout the book is breathtaking.

*Joy of Cars* Car Guys, 2019-07-21 The joy and love of cars is presented in this amazing photo journal.

**Smoke and Mirrors** Hoxton Mini Press, 2020-10 Car photography often evokes the same recycled tropes. Predictably slick, hi-spec images on the front pages of glossy magazines, or huge blow-ups on giant billboards which have one designed aim: to sell a lifestyle. But our relationship to cars is so much more meaningful than these images might suggest. Like the camera, the car has changed the way we explore the world. With cars came road trips, and with road trips came some of the most important photographic documentaries of our time. A car is a vehicle not just for transport but for our hopes, desires, and even values. In *Really Good Car Photography*, a selection of world-renowned and up-and-coming photographers come together to pay tribute to the car from the 60s to the present day. From images of lonely car parks and cars 'sleeping' at night under tarpaulins, moody shots from New York City in the 70s to witty close-ups of badly-repaired cars and painterly landscapes shot through wet windscreens, these photographs display cars at their most playful, introspective and meaningful, reminding us that there is more to them than just metal and machinery - for cars are emotionally intertwined with the lives we live. Moving away from the one-dimensional imagery that has become synonymous with car photography and offering a selection of penetrating, unusual and poignant pictures in return, *Really Good Car Photography* is an utterly iconoclastic look at cars that reinvents what is possible for the genre.

**Kaiser-Frazer 1947-1955 Photo Archive** Patrick R. Foster, 2009-06-15 It was like a marriage made in heaven, the coming together of two great minds to create an all-new car. Henry J Kaiser and Joseph Washington Frazer, strong-willed men of vision, boldly decided to take on America's Big Three automakers. Hoping to position their Kaiser-Frazer Corporation in the big leagues of auto manufacturers they would launch a radical new car to capture the public's imagination and produce it in unheard-of quantities. The cars were an immediate hit. Thousands lined up to see and buy the new Kaiser and Frazer cars. In time K-F introduced hardtops, sedans, convertibles, an impressive fiberglass sports car and a line of low-priced compact cars. But competition eventually proved overwhelming and Kaiser-Frazer production ended in the US, though Kaiser cars continued to be built in South America into the 1960s. This new book by veteran auto writer Patrick Foster—America's spokesman for independent brand cars—tells the full story of Kaiser-Frazer's struggle to succeed in an industry that killed so many competitors. Heartbreaking yet uplifting, it is an allegory of men and automobiles during perhaps the most exciting era the industry has ever known.
