**Beat the Casino Blackjack with Top Strategy** Shawn

Wilkinson, 2015-07-20 Why buy this book? The TOP Blackjack Strategy has made consistent winners out of those who have used it. Developed over 30 years ago this is the first time the Blackjack TOP Strategy has been put into writing. It is very easy to learn

and use, and includes a Players Decision Chart you can refer to. Consider the following facts: results of the same 4000 live hands played: TOP strategy won 1953 (48.8%) for +\$2390; BASIC Strategy won 1885 (47.1%) for -\$330. This was done without counting cards and betting \$20 every hand. Reading this book will change the way you play blackjack. This book is the result of a challenge to the author by a friend to prove how TOP is an improvement over Basic Strategy. To meet the challenge, 4000 blackjack hands were played in casinos using TOP Strategy; and were recorded as if the hands had also been played following BASIC Strategy. Thus, the results in the book are an accurate Strategy comparison for the same hands. The 4000 results have been included in the form of Worksheets. For Blackjack players already using BASIC Strategy, they will most likely easily learn TOP in minutes. However, this book is written for the novice Blackjack Player as well. There is no counting cards or having to use a negative progression betting system to use the TOP Strategy. Just print a copy of, and refer to the easy to read Decision Chart at the end of the book, and you are ready to play. Even though the author makes an income from gambling and stock market investing, he does not advocate gambling. However, if you are going to gamble, do so being educated about the game you chose to play; which is the goal of this book in regard the game of blackjack. As the TOP Strategy is learned and used by players around the world, Blackjack will never be the same.
