Singleton, 2020-09-21 With Jet's freshman year gearing up to start, and the normal pressures of college looming, Jet will have to navigate finding a place to fit in, classes, homework, tests, and papers, but in a world where people have powers and abilities and can do extraordinary things. A new norm has been imbedded into the College curriculum. Students must also complete tasks and assignments within a virtual reality called the AITS to hone their abilities and skills. This notion is amplified during the spring semester of every year when the student spends the remainder of the year within the AITS. Over time Jet will find out who his real friends are and what he must do to survive this hostile world of college. What secrets will be revealed this year. Will one of them be Jet's dark secret? **The Monsters Know What They're Doing** Keith Ammann, 2019-10-29 From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior--and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In The Monsters Know What They're Doing, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, The Monsters Know What They're Doing is essential reading for every DM.

Dungeons & Dragons, 2022-05-17 A bestiary of wondrous friends and foes for the world's greatest roleplaying game Sparkling with the musings of the wizard Mordenkainen, this tome features a host of creatures for use in the Dungeons & Dragons roleplaying game. Compiling and updating monsters that originally appeared in previous D&D fifth edition releases, these creatures represent some of the most benevolent and malevolent forces that D&D heroes might face. The book also gathers together fantastical peoples from many different worlds. Each of these peoples represents a race option when you create your D&D character, expanding on the choices in the Player's Handbook. Includes more than 250 monsters—updates to the monsters include making spellcasters easier for Dungeon Masters to run, giving many monsters more damage and resilience, and improving the organization of the stat blocks themselves Includes more than 30 playable races—brings the game's setting-agnostic races into one book, complementing the races in the Player's Handbook A multiverse of lore—includes updates to monster lore that refocuses their stories on the D&D multiverse, rather than on any particular world

**The Dying Earth** Jack Vance,2011-11-14 New races of man had evolved, new species of beast; science had vanished and magic had arisen to dominate the twilight of our world as it dominated the earth's morning. The Dying Earth is Jack Vance's finest work - a stunning evocation of a world peopled by wizards, witches, demons, monsters, dashing princes and forlorn maidens. A bejewelled gallery of strange and wonderful beings in the eminent tradition of Tolkien and William Morris. Jack Vance's preferred title for this collection is Mazirian the Magician, but while we have elsewhere deferred to his wishes, in this case the book is so famous under a title of which he apparently strongly disapproves that we concluded it would be absurd to change it. All Jack Vance titles in the SFGateway use the author's preferred texts, as restored for the Vance Integral Edition (VIE), an extensive project masterminded by an international online community of Vance's admirers. In general, we also use the VIE titles, and have adopted the arrangement of short story collections to eliminate overlaps.

With his days in the Underdark far behind him, drow ranger Drizzt Do’Urden sets down roots in the windswept Ten-Towns of Icewind Dale. A cold and unforgiving place, Ten-Towns sits on the brink of a catastrophic war, threatened by the barbarian tribes of the north. It’s in the midst of battle that a young barbarian named Wulfgar is captured and made the ward of Bruenor, a grizzled dwarf leader and a companion to Drizzt. With Drizzt’s help, Wulfgar will grow from a feral child to a man with the heart of a dwarf, the instincts of a savage, and the soul of a hero.  web alyxandra harvey did  
 an amazing job of  
 conveying the vast range  
 of emotions from love to  
 hate and betrayal to

trust we see certain  
 couples stronger than  
 ever and we see an  
 unexpected teamwork from  
 usual enemies i loved  
 the book the action was  
 bittersweet and the  
 glimpses of romance were  
 a perfect touch it s a  
 shame that the series is  
 over
