The Royalist War Effort 1642-1646 Ronald Hutton,2012-10-12 The English Civil War remains the most prolonged and traumatic example of internal violence in the history of the state. The Royalist War Effort, 1642-1646 shows the build up to the outbreak of the war, detailing how the war was fought, and how, ultimately, it was won and lost. In his new introduction to this second edition, Ronald Hutton places his vivid account of the Royalist war effort into modern historical context, bringing the reader up-to-date with recent developments in the study of the English civil war. He analyses the influences which affected his own interpretation of events, ensuring that The Royalist War Effort, 1642-1646 remains the most informative and compelling account of the Royalist experience in the English civil war.

Encyclopedia of Weird War Stories Paul Green,2017-06-09 Fictional war narratives often employ haunted battlefields, super-soldiers, time travel, the undead and other imaginative elements of science fiction and fantasy. This encyclopedia catalogs appearances of the strange and the supernatural found in the war stories of film, television, novels, short stories, pulp fiction, comic books and video and role-playing games. Categories explore themes of mythology, science fiction, alternative history, superheroes and Weird War.

Medieval Warfare Helen J. Nicholson,2017-03-14 Warfare in medieval times was never static or predictable - although there were ideals and conventions to follow, in the field commanders had to use their initiative and adapt to the needs of the moment. In this concise, wide-ranging study, Helen Nicholson provides the essential introductory guide to a fascinating subject. Medieval Warfare - Surveys and summarises current debates and modern research into warfare throughout the whole of the medieval period across Europe - Sets medieval warfare theory and practice firmly into context as a continuation and adaptation of practice under the Roman Empire, tracing its change and development across more than a millennium - Considers military personnel, buildings and equipment, as well as the practice of warfare by land and sea

Soviet Hurricane Aces of World War 2 Yuriy Rybin,2012-08-20 Following the destruction wrought on the Red Army Air Forces during the first days of Operation Barbarossa in June 1941, the Soviet Union found itself desperately short of fighter aircraft. Premier Josef Stalin duly appealed directly to Prime Minister Winston Churchill for replacement aircraft, and in late 1941 the British delivered the first of 3360 Hurricanes that would be supplied to the Soviet Union under the Lend-Lease agreement. Specifically requested by the USSR, the Hurricanes were quickly thrown into action in early 1942 – the Soviet Air Forces' most difficult year in their opposition to the Luftwaffe. Virtually all the Hurricanes were issued to Soviet fighter regiments in the northern sector of the front, where pilots were initially trained to fly the aircraft by RAF personnel that had accompanied the early Hawker fighters to the USSR. The Hurricane proved to be an easy aircraft to master, even for the poorly trained young Soviet pilots, allowing the Red Army to form a large number of new fighter regiments quickly in the polar area. In spite of a relatively poor top speed, and only a modest rate-of-climb, the Hurricane was the mount of at least 17 Soviet aces.

Lord Methuen and the British Army Stephen M. Miller,2012-11-12 This study analyzes the readiness of the British military establishment for war in 1899 and its performance in the South African War (1899-1902). It focuses on the career of Field Marshal Paul Sanford, 3rd Baron Methuen, whose traditional military training, used so effectively in Queen Victoria's small wars, was put to the test by the modern challenges of the South African War. A subsidiary aim of this work is to correct and refine the historical consensus that Methuen's campaign in the South African War was plagued by practical errors and poor judgement. The South African War was a crucial transitional episode in the history of the British army. Unlike Great Britain's other expeditions, it required the concentrated resources of the entire empire. It was a modern war in the sense that it employed the technology, the weaponry, the communications, and the transportation of the second industrial revolution.

United States Army in World War 2, Special Studies, Chronology, 1941-1945 (Hardcover) Mary H. Williams,1999-02 United States Army in World War 2. Center of Military History Pub. 11-1. Chronicles primarily the tactical events of World War 2, from the attack on Pearl Harbor on Dec. 7, 1941, to the surrender of Japan in Aug. 1945, with emphasis on ground action by United States armed forces.

United States Army in World War 2, The Technical Services, The Ordnance Department, On Beachhead and Battlefront ,

The Civil War Era and Reconstruction Mary Ellen Snodgrass,2015-03-26 The encyclopedia takes a broad, multidisciplinary approach to the history of the period. It includes general and specific entries on politics and business, labor, industry, agriculture, education and youth, law and legislative affairs, literature, music, the performing and visual arts, health and medicine, science and technology, exploration, life on the Western frontier, family life, slave life, Native American life, women, and more than a hundred influential individuals.

English Warfare, 1511–1642 Mark Charles Fissell,2016-04-29 English Warfare 1511-1642 chronicles and analyses military operations from the reign of Henry VIII to the outbreak of the Civil War. The Tudor and Stuart periods laid the foundations of modern English military power. Henry VIII's expeditions, the Elizabethan contest with Catholic Europe, and the subsequent commitment of English troops to the Protestant cause by James I and Charles I, constituted a sustained military experience that shaped English armies for subsequent generations. Drawing largely from manuscript sources, English Warfare 1511-1642 includes coverage of: *the military adventures of Henry VIII in France, Scotland and Ireland *Elizabeth I's interventions on the continent after 1572, and how arms were perfected *conflict in Ireland *the production and use of artillery *the development of logistics *early Stuart military actions and the descent into civil war. English Warfare 1511-1642 demolishes the myth of an inept English military prior to the upheavals of the 1640s.

The English People at War in the Age of Henry VIII Steven J. Gunn,2018 War should be recognised as one of the defining features of life in the England of Henry VIII. Henry fought many wars throughout his reign, and this book explores how this came to dominate English culture and shape attitudes to the king and to national history, with people talking and reading about war, and spending money on weaponry and defence.

The Oxford Encyclopedia of Medieval Warfare and Military Technology Clifford J. Rogers,2010 This set is an excellent companion to J. R. Strayer's edited Dictionary of the Middle Ages (CH, Nov'87; Supplement I, ed. by W. C. Jordan, CH, Sep'04, 42-0044). The focus on warfare allows the editors to offer larger entries on major

topics (e.g., Agincourt, Crusades, Feudalism) and introduce many complementary topics. The editors are concerned with Europe; they expand coverage into Asia or Africa only because of the connection to medieval Europe. Coverage also includes an abundance of entries pertaining to Central and Eastern Europe. Most of the 1,000-plus entries are about a page in length, but a few approach 50 pages. Medium and large-size entries, such as Chivalry, Germany, and Slavic Lands, discuss primary sources and very valuable historiographies. A thorough index helps readers locate the Knights Templar under Orders, Military, Levantine Orders. Cross-references and bibliographies follow each of the signed entries. Locating reliable and scholarly information on the Knights Templar and Vlad Tepes (Dracula) is tricky. Some of the bibliographies include sources in foreign languages. For example, the references for the Black Army of Hungary are in Hungarian. Noticeably missing are entries for the many wars. This set is particularly suited to research libraries. Summing Up: Highly recommended. Lower-level undergraduates through professionals/practitioners; general readers. General Readers; Lower-division Undergraduates; Upper-division Undergraduates; Graduate Students; Researchers/Faculty; Professionals/Practitioners. Reviewed by W. M. Fontane.

Glencoe and the End of the Highland War Paul Hopkins, 2001-01-01 Paul Hopkins, an authority on early Jacobitism, sets the Massacre of Glencoe in its true context. The book describes the tensions in the Highlands between the Restoration and the End of the Revolution and the influence on the Highlands of national politics. Besides filling a blank in our knowledge of the Highlands in the decade following the Massacre, the book transforms our perspective on lowlands politics by showing that the Inquiry was part of a secret patriotic campaign to break the aristocracy's political stranglehold and increase the Scottish parliament's powers.

The 6th Michigan Volunteer Infantry in the Civil War Eric R. Faust, 2020-03-17 The 6th Michigan Volunteer Infantry first deployed to Baltimore, where the soldiers' exemplary demeanor charmed a mainly secessionist population. Their subsequent service along the Mississippi River was a perfect storm of epidemic disease, logistical failures, guerrilla warfare, profiteering, martinet West Pointers and scheming field officers, along with the doldrums of camp life punctuated by bloody battles. The Michiganders responded with alcoholism, insubordination and depredations. Yet they saved the Union right at Baton Rouge and executed suicidal charges at Port Hudson. This first modern history of the controversial regiment concludes with a statistical analysis, a roster and a brief summary of its service following conversion to heavy artillery.

Protestant War Robert Armstrong, Robert Matthew Armstrong, 2005 The Protestants of Ireland are a missing piece in the puzzle of the wars of the three kingdoms of the 1640s. This book provides a rich narrative of the struggles and dilemmas of that community, and its place in the wider conflict throughout Britain and Ireland. New light is shed upon the aims and aspirations of parliamentarians, royalists and covenanters in civil war England, and the formation of Protestant and British identities in seventeenth century Ireland.

Iconoclasm Rachel F. Stapleton, Antonio Viselli, 2019-08-29 Iconoclasm – the alteration, destruction, or displacement of icons – is usually considered taboo or profane. But, on occasion, the act of destroying the sacred unintentionally bestows iconic status on the desecrated object. Iconoclasm examines the reciprocity between the building and the breaking of images, paying special attention to the constructive power of destructive acts. Although iconoclasm carries with it inherently religious connotations, this volume examines the shattering of images beyond the spiritual and the sacred. Presenting responses to renowned cultural anthropologist and theorist Michael Taussig, these essays centre on conceptual iconoclasm and explore the sacrality of objects and belief systems from historical, cultural, and disciplinary perspectives. From Milton and Nietzsche to Paul Newman and Banksy, through such diverse media and genres as photography, the popular romance novel, pornography, graffiti, cinema, advertising, and the dictionary, this book questions how icons and iconoclasm are represented, the language used to describe them, and the manner in which objects signify once they are shattered. An interdisciplinary, disconnected, and non-linear consideration of the historical and contemporary relationship between the sacred and the profane, Iconoclasm disrupts entrenched views about the revered or reviled idols present in most aspects of daily life. Contributors include T. Nikki Cesare Schotzko (Toronto), Christopher van Ginhoven Rey (Pomona College), Helen Hester (West London), Emily Hoffman (Arkansas Tech), Natalie B. Pendergast (Yukon College), Beth Saunders (Maryland), Adam Swann (Glasgow), Michael Taussig (Columbia), Angela Toscano (Iowa), Brendon Wocke (Perpignan).
