The Memory Thief Lauren Mansy,2019-10-01 This thrilling YA fantasy debut follows seventeen-year-old Etta Lark as she navigates the underworld of Craewick to pull off the heist of a lifetime. A YALSA (The Young Adult Library Services Association) Teens' Top Ten Book for 2020, Mansy crafts a grim reality where memories are worth their weight in gold. In the city of Craewick, memories reign. The power-obsessed ruler of the city, Madame, has cultivated a society in which memories are currency, citizens are divided by ability, and Gifted individuals can take memories from others through touch as they please. Seventeen-year-old Etta Lark is desperate to live outside of the corrupt culture, but she grapples with the guilt of an accident that has left her mother bedridden in the city's asylum. When Madame threatens to put her mother up for auction, a Craewick practice in which a criminal's memories are sold to the highest bidder before being killed, Etta will do whatever it takes to save her. Even if it means rejoining the Shadows, the rebel group she swore off in the wake of the accident years earlier. To rescue her mother, Etta must prove her allegiance to the Shadows by stealing a memorized map of the Maze, a formidable prison created by the bloodthirsty ruler of a neighboring Realm. Etta faces startling attacks, unexpected romance, and, above all, her own past as she uncovers a conspiracy that challenges everything she knew about herself and the world around her. In a place where nothing is what it seems, can Etta ever become more than a memory thief? To Catch a Thief Martha Brockenbrough,2023-04-04 "To Catch a Thief is a page-turner of a mystery with a great big heart, and Amelia MacGuffin is the smart, funny kid sleuth we've all been waiting for. Readers will laugh and fall in love with the MacGuffin family as they follow the clues to crack this absolutely delightful case." --Kate Messner, New York Times bestselling author of *Blackout* Urchin Beach isn't the sort of place where bad things happen. The little seaside town is too lucky for that. But then one day, a thief steals something precious--the town's dragonfly staff, which is the source of all its good fortune and the most important part of the upcoming Dragonfly Day Festival. Amelia MacGuffin is no detective. She's eleven, quiet, and unlike her four younger siblings, she has no special talents. But Amelia loves her town. Her family has lived there forever. Her parents run the Pacific General Store, and she and her best friends, Birdie and Delphine, are about to start middle school. If Amelia doesn't find the staff, the Dragonfly Day Festival will be canceled. The town needs that tourist money to survive. Unless she cracks the case, Amelia's family will lose everything--including the adorable stray dog they've fallen in love with. She only has seven days to solve Urchin Beach's crime of the century. It's not a lot of time, but Amelia has her list of suspects. It might be the new kids next door. Or the grumpy mystery writer who lives in the town's creepiest mansion. Or perhaps even someone closer to home. Amelia wants to save the town. She wants to save the dog. She wants both, so much. But first, she has to catch a thief.

Knotcraft Allan and Paulette Macfarlan,2012-04-30 What's the difference between a square knot and a granny knot? What kinds of knots do fishermen use? How do you make a rope ladder? A tourniquet? What's the best way to secure a boat to its mooring, or pitch a tent? How do you tie stretcher knots? These questions and many others are answered in Allan and Paulette Macfarlan's encyclopedic work on the practical art of knot tying. Knowing how to tie a variety of useful and reliable knots is a necessity for weekend sailors and campers: it's a passport to safety and success. Rock climbing, horseback riding, and other outdoor activities also inspire the enthusiast to pursue the requisite knots. In unusually clear illustrations rendered by artist Paulette Macfarlan, accompanied by precise written instructions, the authors of this book explain how to tie hundreds of knots, including basic knots, stopper knots and hitches, toggled knots, knots for joining two ends of rope, hitches and knots for tying ropes to things, whipping, seizings, loop knots, horsey knots and hitches, decorative knots, lashing, and splicing. Practical applications are also discussed: rappelling, raft building, tracking a canoe or small boat, heaving line, log rolling, making a travois, and rope tent-frames, beds, and bunks. In addition to discussing the practical side of knot tying, the Macfarlans cover the entertaining end of the craft: knots and ropes in history and literature, knot mystery and magic in ancient and contemporary times, and games, tricks, and stunts with ropes

and knots. Nearly every aspect of knot tying is represented in this comprehensive and concise reference work. Boaters, campers, boy scouts, and others interested in practical or decorative knots will want to add this volume to their bookshelves.

The Woman Who Pretended to Be Who She Was Mircea Eliade Distinguished Service Professor of the History of Religions Wendy Doniger, Wendy Doniger, Wendy Doniger O'Flaherty, 2005 Many cultures have myths about self-imitation, stories about people who pretend to be someone else pretending to be them, in effect masquerading as themselves. This great theme, in literature and in life, tells us that people put on masks to discover who they really are under the masks they usually wear, so that the mask reveals rather than conceals the self beneath the self. In this book, noted scholar of Hinduism and mythology Wendy Doniger offers a cross-cultural exploration of the theme of self-impersonation, whose widespread occurrence argues for both its literary power and its human value. The stories she considers range from ancient Indian literature through medieval European courtly literature and Shakespeare to Hollywood and Bollywood. They illuminate a basic human way of negotiating reality, illusion, identity, and authenticity, not to mention memory, amnesia, and the process of aging. Many of them involve marriage and adultery, for tales of sexual betrayal cut to the heart of the crisis of identity. These stories are extreme examples of what we common folk do, unconsciously, every day. Few of us actually put on masks that replicate our faces, but it is not uncommon for us to become travesties of ourselves, particularly as we age and change. We often slip carelessly across the permeable boundary between the un-self-conscious self-indulgence of our most idiosyncratic mannerisms and the conscious attempt to give the people who know us, personally or publicly, the version of ourselves that they expect. Myths of self-imitation open up for us the possibility of multiple selves and the infinite regress of self-discovery. Drawing on a dizzying array of tales—some fact, some fiction—*The Woman Who Pretended to Be Who She Was* is a fascinating and learned trip through centuries of culture, guided by a scholar of incomparable wit and erudition.

This sixth edition of the *Dictionary of Minor Planet Names* has grown by more than 7,000 entries compared to the fifth edition and by more than 2,000 compared to the fifth edition, including its two addenda published in 2006 and 2009. The Innocence of Objects Orhan Pamuk, 2012-09-25 The Nobel Prize winner's catalog of his Istanbul museum is like "wandering past the illuminated windows of an arcade. . . . This book spills over with pleasure" (The New York Times). The culmination of decades of omnivorous collecting, Orhan Pamuk's Museum of Innocence in Istanbul uses his novel of lost love, *The Museum of Innocence*, as a departure point to explore the city of his youth. In *The Innocence of Objects*, Pamuk's catalog of this remarkable museum, he writes about things that matter deeply to him: the psychology of the collector, the proper role of the museum, the photography of old Istanbul (illustrated with Pamuk's superb collection of haunting photographs and movie stills), and of course the customs and traditions of his beloved city. The book's imagery is equally evocative, ranging from the ephemera of everyday life to the superb photographs of Turkish photographer Ara Güler. Combining compelling visual images and writing, *The Innocence of Objects* is an original work of art and literature.
