Caves and Karst of the Upper Midwest, USA Greg A. Brick,E. Calvin Alexander Jr.,2020-12-01 This book discusses the karst and pseudokarst of the Upper Midwest, USA, consisting of the states of Minnesota, Wisconsin, Iowa, and Illinois—the first regional synthesis in 40 years. Starting with an overview of the regional geology of what is largely glaciated fluviokarst and paleokarst developed on Paleozoic carbonates, but including other lithologies such as the St. Peter Sandstone and the Ft. Dodge Gypsum, the caves, springs, sinkholes, and karst hydrogeology of each state are described. Special attention is devoted to the region's longest caves: Coldwater Cave, Mystery Cave, and the Minnesota Cave Preserve caves. Application of tools such as data loggers and LiDAR, with new conceptual models such as hypogenic speleogenesis, has been transformative here. Special topics include lead and zinc mining in the Driftless Area, vertebrate and invertebrate cave fauna near the Laurentide ice limit, the impact and policies of nutrient and herbicide intensive modern agriculture on karst, and paleoclimate studies. The discovery, exploration, institutional history of caving organizations, and show caves of the Upper Midwest, from the year 1700 onwards, are brought up to date. The top 10 historical paradigms of cave and karst science in the Midwest are reviewed. Perspectives on paleontology, archeology, and Native American rock art are included.

The Cave Girl Illustrated Edgar Rice Burroughs,2021-04-14 Blueblooded mama's boy Waldo Emerson Smith-Jones is swept overboard during a South Seas voyage for his lifelong ill health. He finds himself on a jungle island. His bookish education has not prepared him to cope with these surroundings, and he is a coward. He is terrified when he encounters primitive, violent men, ape-like throwbacks in mankind's evolutionary history. He runs from them, but when he reaches a dead end, he successfully makes a stand, astonishing himself. While keeping the hairy brutes at bay, he meets a beautiful girl, Nadara, also on the run. In an uncharacteristic gesture, he saves her from the grasp of one ape-man during their escape. He is shocked that she believes him a hero, mistaking his frightened screams for war cries. She calls him Thandar, meaning the brave one. She teaches him the language, how to swim, how to fish, and basic woodcraft, as he begins to realize that he does not know everything. However, Nadara warns him that a newcomer to her tribe must fight the strongest men, who have killed many. When they reach her home village, he is horrified to see that despite her appearance, her tribe seems to be cavemen from the Paleolithic era, not much better than the first tribe. In order to avoid death at the hands of the tribal bullies, he vanishes.As his jungle adventures continue, he finds that he is growing more healthy due to the constant physical demands of primitive living. Although he wants to go back to see Nadara, he recognizes that he will need more strength before he can make a difference. For six months he trains himself, and also makes some weapons. A modern ship stops at the island, but Waldo surprises himself by deciding to stay until he can ensure Nadara's safety. He gives the crew a letter for his mother and returns to the jungle.Upon reaching Nadara's tribe's caves, he finds them empty, for they routinely move to new caves. He kills one of her oppressors, but then misses her on the trail. He finds the tribe's new home, and her father charges Waldo to give her a packet of her deceased mother's things. Waldo tracks and finds Nadara, and kills the brutal man chasing her. She is uninterested in the packet, discarding it unopened as she knows her tribal mother had no possessions. Then they spy a ship approaching the island. As he suddenly realizes that he loves her, and how harshly society would treat her, the two of them agree to head for the hills. The ship's search party finds the packet that Nadara carelessly discarded, and discovers that the contents identify a married noble couple from modern society, who disappeared on a voyage less than 20 years previously.

Turok: Dinosaur Hunter #10 Greg Pak, Paul Tobin, 2014-11-26 Life is difficult for Turok in the civilized Great Britain of the 1200s, where he's treated as a savage despite being able to tame dinosaurs better than anyone. But a murder conspiracy against one of his allies will send the dinosaur hunter deep within Sherwood Forest, and back into his element. High action and intrigue courtesy of Greg Pak (Batman/Superman, Action Comics), Eisner-Winner Paul Tobin (Bandette, Colder) and Mirko Colak (Conan)!

Secondary Action Heroes of Golden Age Comics Lou Mougin, 2023-11-09 The 1940s saw the birth of many enduring superheroes like Superman, Batman, Captain America and Captain Marvel. Outside of the superhero genre, the golden age of comics also featured a host of lesser-known, evil-fighting action figures, and this book contains a wealth of information about these heroes without capes. Covered here are jungle heroines like Sheena, Rulah and Princess Pantha; science fiction stalwarts including Spacehawk, Hunt Bowman and Futura; adventurers such as Kayo Kirby, Werewolf Hunter and Senorita Rio; and Western heroes ranging from Tom Mix to the Ghost Rider.

The Cave Girl Edgar Rice Burroughs, 2017-04-03 He could see no eyes, yet he knew that somewhere from out of that noiseless mass stealthy eyes were fixed upon him. This was the fourth time that the think had crept from out the wood as darkness was settling - the fourth time during those three horrible weeks since he had been cast upon that lonely shore that he had watched, terror-stricken, while night engulfed the shadowy form that lurked at the forest's edge. It had never attacked him, but to his distorted imagination it seemed to slink closer and closer as night fell - waiting, always waiting for the moment that it might find him unprepared. Waldo Emerson Smith-Jones was not overly courageous. He had been reared among surroundings of culture plus and ultra-intellectuality in the exclusive Back Bay home of his ancestors. He had been taught to look with contempt upon all that savored of muscular superiority - such things were gross, brutal, primitive. It had been a giant intellect only that he had craved - he and a fond mother - and their wishes had been fulfilled. At twenty-one Waldo was an animated encyclopedia - and about as muscular as a real one.

Caves and Karst of the Greenbrier Valley in West Virginia William B. White, 2018-09-01 The focus of this book is on the more than 2000 caves of the Greenbrier Valley of West Virginia of which the 14 with lengths greater than 10 km have an aggregate length of 639 km. The major caves form the core part of sub-basins which drain to big springs and ultimately to the Greenbrier River. Individual chapters of this book describe each of the major caves and its associated drainage basin. The caves are formed in the Mississippian Greenbrier Limestone in a setting of undulating gentle folds. Fractures, lineaments and confining layers within the limestone are the main controlling factors. The caves underlie an extensive sinkhole plain which may relate to a major erosion surface. The caves are habitat for both aquatic and terrestrial organisms which are cataloged and described as are the paleontological remains found in some of the caves. The sinkhole plain of the Greenbrier karst and the underlying complex of cave systems are the end result of at least a ten million year history of landscape evolution which can be traced through the evolving sequence of cave passages and which is described in this book.

The Starry-Eyed Cave Girl Vertis Nephew, 2009-08-21 Sometimes the journey can be all about the trip. For Vanessa, simply finding her way across town to school was more of a learning experience than she ever imagined. But everyday people that make our lives unique can often be overlooked and underappreciated. Vanessa's journey is a simple one that we all take every day. Whether we really understand the relationships with our own family or if we're curious about the guy sitting next to us on the bus or the girl in class sometimes the journey is all about the way we see the world. ***** Most children are believed to have their own set of beliefs and principles influenced by their parents, but their life experiences are the ones that will eventually shape their character and world views. Readers will witness the simple but lesson-filled saga of one family through the Starry-Eyed Cave Girl, a book by Vertis Nephew. The Starry-Eyed Cave Girl introduces readers to Juan Guzman and his family as they struggle to beat the odds of life and learn from their experiences. It explores the lives of

each of the members of the Guzman household and highlights their unusual encounters and learning. The story focuses on Vanessa Guzman, Juans only daughter who goes to a magnet school across town. An enlightening story for the whole family, the Starry-Eyed Cave Girl is a reflective read that not only infuses positive values, but also shows how new experiences almost always change the way one feels about himself and the people around him. It explains how parents examples greatly affect their childrens judgment, as they immerse into the lives of each of the characters. Readers will learn the importance of understanding ones family, appreciating others, and building hope and confidence within themselves as they follow this reality-based story. It further proves that self-discovery can be a long journey that starts and ends at home.
