Beethoven for Kids Helen Bauer, 2011-10 Ludwig van Beethoven, one of the most influential composers of all time, is brought vividly to life and made relevant to today's young musicians in *Beethoven for Kids*. Children will learn about Beethoven's troubled childhood and family life, early gift and passion for music, volatile personality, championing of equality and freedom, and persistence in his work despite increasing hearing loss. The great musicians, thinkers, and movements of Beethoven's time, from Mozart and Haydn to the bold new ideas of the Enlightenment, are presented and their profound effect on the composer's life and music explained. Twenty-one engaging activities, including singing musical variations, dancing a Viennese waltz, creating an operatic diorama, and making a model eardrum, illuminate Beethoven's life, times, and work. A time line, a glossary, online resources, and recordings and reading lists for further listening and study round out this comprehensive resource.

Portfolios for Interior Designers Maureen Mitton, 2010-09-28 The complete guide to portfolio development for interior designers It's a widely known fact that interior designers need a strong visual presence in the form of a well-crafted, professional-looking portfolio. Surprisingly, however, many interior designers aren't equipped with the expertise required to organize and unify their work in a fashion that optimally conveys their talents and skills. *Portfolios for Interior Designers* helps demystify the process by guiding the reader toward mastery in assembling a winning portfolio. It delivers essential step-by-step instruction presented in a manner that shows interior designers how to properly and effectively display their designs. This book also includes: Color and black-and-white illustrations showing portfolio elements and options Graphic design concepts necessary for portfolio development Specific information for the design of digital portfolios Supplemental teaching resources

that direct readers to a companion Web site Useful tips on the ways that popular graphics software applications can be best implemented for certain portfolio elements Samples of cover letters and resumes, along with discussion of job search procedures With the aid of real-world examples, Portfolios for Interior Designers examines how a portfolio can be used as an effective tool for communicating with clients and other professionals. A much-needed guide, this book eliminates the uncertainty surrounding portfolio development so that interior designers can showcase their abilities success-fully—and land the next job.

Using Science Notebooks in Middle School Michael P. Klentschy,2010 Many middle school teachers across the United States use student science notebooks as part of their daily classroom instruction. Many others would like to but are not sure exactly how to start. Following his bestselling Using Science Notebooks in Elementary Classrooms, Michael Klentschy now examines how the student science notebook can be an invaluable tool at the middle school level. --

Sonic Robert Klanten,Hendrik Hellige,Tom Hulan,2004 What does your favourite music look like? How can you visualise raw energy or sophisticated lounge sounds? And how could you create packaging for that album? Sonic answers these questions with 320 striking pages of today's best-designed record covers and concert posters. Worlds apart from another rehash of the standards of the 1960s and 70s, this book focuses on contemporary examples from underground and indie music, pop, alternative rock and electronica. An engaging cover and packaging design have become key reasons for listeners to buy music in its traditional forms. With the rapid proliferation of MP3s, effectively designed music covers are increasingly necessary for the success of an album in today's stagnating music industry. Sonic is a source book designed to inspire music insiders and the graphic artists creating music packaging. With its stunning visuals from today's most exciting music, Sonic also appeals to a general audience of concertgoers, gift givers and all those interested in intelligent pop culture.
