Untouchable Randall Sullivan,2012-11-06 The investigative biography of Michael Jackson's final years: "A tale of family, fame, lost childhood, and startling accusations never heard before" (ABC Nightline). When Michael Jackson died on June 25, 2009, millions of fans around the world were shocked. But the outpouring of emotion that followed his loss was bittersweet. Dogged by scandal for years and undone by financial mismanagement, Jackson had become untouchable in many quarters. *Untouchable* pulls back the curtain Jackson's public person to introduce a man who, despite his immense fame, spent his entire life utterly alone; who, in the wake of a criminal trial that left him briefly hospitalized, abandoned Neverland to wander the globe before making one final—and fatal—attempt to recover his wealth and reputation. The Jackson that emerges in these pages is both naïve and cunning, a devoted father whose parenting became an international scandal, a shrewd businessman whose failures nearly brought down a megacorporation, and an inveterate narcissist who craved a quiet, normal life. Randall Sullivan delivers never-before-reported information about Jackson's business dealings, his relationship with his family, and the pedophilia allegations that derailed his life and mar his legacy today, as well as the suspicious nature of his death. Based on exclusive access to Jackson's inner circle, *Untouchable* is an intimate, unflinching portrait of the man who continues to reign as the King of Pop. "A dishy Michael Jackson biography that makes the exhaustively covered King of Pop fascinating all over again." —People

The Secrets of Soviet Cosmonauts Maria Rosa Menzio, 2022-08-31 This book sheds new light on an amazing history, only partially known in the west: Russian cosmonautics and its spectacular record. From Laika, the cosmonaut dog, to Yuri Gagarin, the first man in space, to Valentina Tereshkova, the first woman in space, to the first

spacewalk, the Soviets set many goals that they subsequently achieved. But there are shadows behind these headline moments, moments involving human loss, some of which are known, others only rumored. Questions remain, such as: · What was the “flying coffin”? · What secrets are still hidden inside the Russian archives, despite two rounds of declassification? · Why didn’t Marina Popovich (“Madame Mig”) become a cosmonaut? · What problems made it necessary to film Valentina Tereshkova's return? · What (scientific) hypotheses exist concerning Gagarin's mysterious disappearance? The author addresses all of these issues, with help from the documents now available. This book will benefit a broad readership, from interested laypersons to graduate and undergraduate students to those who merely enjoy good history-based stories.

During the agonizingly slow transformation from male to female, he would lose a 22-year career in journalism, his marriage, his home, his savings, and most of his friends.Gypsy Moon presents an insightful view of the incredible courage and strength required to complete this journey.
