CELERITY Scott Falcon,2020-07-15 Speed Kills The Learjet spirals out of control, then crashes into the Pacific. Onboard, Celerity, young, rich, and the world's most famous female athlete. The world is stunned. Recordings are discovered—a diary of her rapid rise to fame and fortune—her secrets revealed one by one. Celerity usually comes in second at UCLA track—the first loser, her coach would say. But she is encouraged by her father, a botanist, her only parent. Then he dies unexpectedly. Now she is parentless and alone. While wrapping up his affairs, she learns about his expeditions of discovery to the Darién jungle and a plant that transforms indigenous tribesmen into prolific hunters—and extraordinarily fast runners. She takes a sabbatical from college and follows his work. After weeks enduring the tropics, she finds the plant—it's fifty feet tall—and carnivorous. She returns with its extract. Training at her local high school, her speed is increasing, and people notice. A student times her in the 100 meters—she breaks the women's world record—videos go viral—and life will never be the same. Approached by a flamboyant sports agent, he has a plan; there's no money in track... try out for the Chicago Bears as a wide receiver. Nobody can touch her. Then the side effects kick in.

Strangers Among Us Stephanie Renee,2005-03-27 Edwina Abrams thinks she knows and understands the ghost whos been haunting her since she was a teenager. She thinks she has nothing to be afraid of. She is dead wrong.

(Celerity.Passage) T. Thilleman,2016-06-18 Images are dia- as well as multi-lexical. They are chakras, or nadi of the subtle body. Points and meridians at which prana flows-or is kept from flowing. The love that seeks through Imaginal embodiment a furthering, a continuous encounter with the truth it touches, knows this and has faith. Nothing religious about this faith, rather it's an abundance of belief in the future as a bridge from the present. The overlap or merge with accepted and untried notions of what is true or false also plays in the equivocality of the Image just as sightedness, the unequivocality of the under-recognized Image, moves the surface of Image to block any deeper breath the poem might, and probably does, contain. from (celerity.passage)

Celerity, Capital Punishment, and Murder Valerie L. Wright,2009 Drawing from the aforementioned perspectives, I argue that whites will only be deterred by how quickly white executions are carried out whereas blacks will be deterred by the speed of both black and white executions. In particular, I assess whether blacks and whites are equally responsive to how quickly executions are carried out, as well as, whether the effect of celerity varies with the race of the executed.

Risk Up Front Adam Josephs,Brad Rubenstein,2018-06-04 Successful projects depend more on your team's behavior than on their project tools. This book focuses on the fundamentals: simple structures and practices, applied with rigor. These are the tools you need to avoid the late changes that kill project schedules. Underlying all of them are four principles: accountability, transparency, integrity and commitment. Risk Up Front is designed to turn these principles into practice--Cover, page 4.

A View of Sir Isaac Newton's Philosophy Anonymous, 1758-01-01 The manner; in which Sir Isaac Newton has published his philosophical discoveries; occasions them to lie very much concealed from all; who have not made the mathematics particularly their study.
