Timothy J. Jensen

Abducted for the Pack Natalia Prim, 2021-11-11 Monsters are real... and I'm in love with them. I've always been the quiet wallflower. Invisible. Unremarkable. No friends, and no memories worth having. Coasting through my last year of college, I take a chance on a frat party, and wake up later surrounded by monsters. What follows is an encounter I couldn't scrub from my brain if I tried. Worst of all, I don't want to. I'm tossed into their world, where any hope of escape is wrecked by the filthy-mouthed alpha and his pack's obsession with me. They show me pleasure--and pain--like I never thought possible. Even love. But our fledgling bonds are tested too soon, as we're pitted against rival packs, ancient foes, warring factions, crazy zealots, and an illusion of choice which could leave me irreversibly changed. Contains: ✓ Multi-pov ✓ Inter-pack relationships ✓ Unique world-building ✓ A veritable buffet of pairings △ This is a dark book, with content not suitable for persons who clutch their pearls. Head to nataliaprims.com for all the heads-up (CW) info you need! △

Trouble with the Cursed Kim Harrison,2023-05-09 Rachel Morgan must keep her friends close—and her enemies closer—in the next Hollows novel from #1 New York Times bestselling author Kim Harrison, now in mass market. Rachel Morgan, witch-born demon, has one unspoken rule: take chances, but pay for them yourself. With it, she has turned enemies into allies, found her place with her demon kin, and stepped up as the subrosa of Cincinnati—responsible for keeping the paranormal community at peace and in line. Life is...good? Even better, her best friend, Ivy Tamwood, is returning home. Nothing's simple, though, and Ivy's not coming alone. The vampires' ruling council insists she escort one of the long undead, hell-bent on proving that Rachel killed Cincy's master vampire to take over the city. Which, of course, Rachel totally did not do. She only transformed her a little. With Rachel's friends distracted by their own lives and problems, she reaches out to a new ally for help—the demon Hodin. But this trickster has his own agenda. In the end, the only way for Rachel to save herself and the city may be to forge a new understanding with her estranged demon teacher, Al. There's just one problem: Al would sell his own soul to be rid of her....

Budget Astrophotography Timothy J. Jensen,2014-10-25 Here are clear explanations of how to make superb astronomical deep-sky images using only a DSLR or webcam and an astronomical telescope – no expensive dedicated CCD cameras needed! The book is written for amateur astronomers interested in budget astrophotography – the deep sky, not just the Moon and planets – and for those who want to improve their imaging skills using DSLR and webcams. It is even possible to use existing (non-specialist astronomical) equipment for scientific applications such as high resolution planetary and lunar photography, astrometry, photometry, and spectroscopy. The introduction of the CCD revolutionized astrophotography. The availability of this technology to the amateur astronomy community has allowed advanced science and imaging techniques to become available to almost anyone willing to take the time to learn a few, simple techniques. Specialized cooled-chip CCD imagers are capable of superb results in the right hands – but they are all very expensive. If budget is important, the reader is advised on using a standard camera instead. Jensen provides techniques useful in acquiring beautiful high-quality images and high level scientific data in one accessible and easy-to-read book. It introduces techniques that will allow the reader to use more economical DSLR cameras – that are of course also used for day-to-day photography – to produce images and data of high quality, without a large cash investment.

The Book of Skulls Robert Silverberg, 2018-05-08 How far will four friends go for immortality? This novel is Hugo and Nebula Award–winning author “Robert Silverberg at his very best” (George R. R. Martin). After Eli, a scholarly college student, finds and translates an ancient manuscript called The Book of Skulls, he and his friends embark on a cross-country trip to Arizona in search of a legendary monastery where they hope to find the secret of immortality. On the journey with Eli, there’s Timothy, an upper-class WASP with a trust fund and a solid sense of entitlement; Ned, a cynical poet and alienated gay man; and Oliver, a Kansas farm boy who escaped his rural origins and now wants to escape death. If they can find the House of Skulls where immortal monks allegedly reside, they’ll undergo a rigorous initiation. But do those eight grinning skulls mean the joke will be on them? For a sacrifice will be required. Two must die so that two may live forever . . . Stretching the boundary between science fiction and horror, Robert Silverberg masterfully probes deeper existential questions of morality, brotherhood, and self-determined destiny in what Harlan Ellison refers to as “one of my favorite nightmare novels.” This ebook features an illustrated biography of Robert Silverberg including rare images from the author’s personal collection.
