**The Chameleon President** Clarke Rountree, 2011-12-13 This book paints 11 different portraits of the many faces of President George W. Bush, arguably the most controversial and fascinating modern American president, revealing the malleability of human motives and of Bush's motives in particular. George W. Bush's presidency was marred by some of the worst events in modern U.S. history: the biggest financial crisis since the Great Depression, the events of September 11, 2001; the quagmire of the war in Iraq; widespread fear of terrorism; Hurricane Katrina and the government's delayed, inefficient response; and the Patriot Act, which greatly increased the government's ability to access citizens' private information. Which of Bush's characteristics, influences, or internal motivations were most responsible for this polarizing President's attitudes and decisions? This book presents 11 competing views of President George W. Bush. *The Chameleon President: The Curious Case of George W. Bush* does not endorse a particular view of Bush; it is up to the reader to decide which portrayal best explains the 43rd president's surprisingly complex character as well as his political legacy. The author synthesizes popular claims from various sources to provide possible explanations for Bush's seemingly contradictory characteristics. Examples of the influences considered include his intelligence, immaturity, and religious beliefs; his upbringing in West Texas; his misfortune to have been in charge during a terrorist attack and a rare natural disaster; his vice president; and his unstated agendas—political, business, and family-driven.

**The Chameleon Effect** Chelsea McDuffey, 2022-12-22 In *The Chameleon Effect*, author Chelsea McDuffey provides strategies to overcome self-sabotage and overthinking using empowered choices. Often times choices are made out of emotions which can be destructive to the mind, body, and spirit. Fear and anger cloud our judgment, but biblical principles and self-education offer clarity. The enemy learns from your mistakes even if you don't. Choice is a fact of life. Start to view life as a series of choices so you can harness the gift of hope to change your story no matter the circumstances. God's greatest gift to mankind is free will which allows you to operate in power, love, and a sound mind. This awareness opens doors no man can close. *The Chameleon Effect* encourages you to get in tune with yourself so you can make smart decisions through difficult times. Making the wrong choice doesn't make you a failure; it just means you need to make another choice.

*Born a Crime* Trevor Noah, 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, *Time*), “poignant” (*Entertainment Weekly*), “soul-nourishing” (*USA Today*) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—*Esquire* Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Times*, *USA Today*, *San Francisco Chronicle*, *NPR*, *Esquire*, *Newsday*, and *Booklist* Trevor Noah’s unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to

exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother-his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

*The Mystery Repeats* Kavitha Arjun, 2019-09-09 "Those curves are killing! Can I see 'them'?" Manish inquires a woman, blatantly with no embarrassment! "Those curves make your eyes outstanding!" Meet Manish, a makeup artist from the land of fashion, France. "James, wake up! Look, there's police outside!" whispered Trilok. James jumped out of his sleep, awestruck! "Happy New Year, James! No police! Just to keep you awake!" chuckled Trilok. He then urged, "Get up now! Look there. Watch out closely! Do you see someone locked up in the outhouse?" "No, it's dark, and the door is locked. How do I see?" "Come on! You should believe it if you can't see!" remarked Trilok, the intuitionist. Never can one grasp what he means! In the middle of nowhere, two 'incompatible' men, Manish and Trilok—one who works on faces and one who works on minds—happen to stumble upon the mysteries at the 'Five Finger Valley'. Will their polar world views attract or repel? Wait till *The Mystery Repeats*!

*Chameleon Moon* RoAnna Sylver, 2016 The city of Parole is burning. Like Venice slips into the sea, Parole crumbles into fire. The entire population inside has been quarantined, cut off from the rest of the world, and left to die - directly over the open flame. Eye in the Sky, a deadly and merciless police force ensures no one escapes. Ever. All that's keeping Parole alive is faith in the midst of horrors and death, trust in the face of desperation... and their fantastic, terrifying, and beautiful superhuman abilities. Regan, scaly, silent stealth expert is haunted by ten years of anxiety, trauma and terror, and he's finally reached his limit. His ability to disappear into thin air isn't enough: he needs an escape, and he'll do anything for a chance. Unluckily for him, Hans, a ghostly boy with a chilling smile, knows just the thing to get one. It starts with a little murder. But instead of ending a man's life, Regan starts a new one of his own. He turns away from that twisted path, and runs into Evelyn, fearless force on stage and sonic-superheroic revolutionary on the streets. Now Regan has a choice - and a chance to not only escape from Parole, but unravel the mystery deep in its burning heart. And most of all, discover the truth about their own entwining pasts. They join forces with Evelyn's family: the virtuosic but volatile Danae, who breathes life into machines, and her wife Rose, whose compassionate nature and power over healing vines and defensive thorns will both be vital to survive this nightmare. Then there's Zilch, a cool and level-headed person made of other dead people, and Finn, one of Parole's few remaining taxi drivers, who causes explosions whenever he feels anything but happy. Separately they'd never survive, much less uncover the secret of Parole's eternally-burning fire. Together, they have a chance. Unfortunately, Hans isn't above playing dirty, lying, cheating, manipulating... and holding Regan's memories hostage until he gets his way. Parole's a rough place to live. But they're not dead yet. If they can survive the imminent cataclysmic disaster, they might just stay that way...

*Time Is Irreverent 3: Gone for 16 Seconds* Marty Essen, 2020-03-31 ♦ Marty Mann and Nellie Dixon are back for another irreverent, liberal, twisty, time travel comedy! This time they have Noah's Ark and Ronald Reagan in their sights. Where would you go on a time travel vacation? At the conclusion of their last episode, Marty Mann and Nellie Dixon were on Starship Blue, about to depart for the planet Krichardia, some forty light-years away.

Knowing that they would likely never return to Earth again, their Krichard lovers, Chrissie and Tina, arranged for them to abscond with the Chromosphere Cruiser for up to twenty seconds. During that time, Marty and Nellie could do whatever they wanted as a way to say goodbye to Earth. Days, weeks, or even months might pass for them, but as long as their final time jump delivered them back into Starship Blue's cruiser bay within twenty seconds of their departure, Captain Jagger and the rest of the Krichard crew would never know they were gone. In this episode, our snarky heroes embark on that time travel vacation. Those trips will hurl them into an enlightening adventure that spans from 3000 BC to AD 10,000. They'll discover the truth behind Noah's Ark, encounter the Cult of the Holy Smokin' Hot Nellie, pilfer a bass from a young Geddy Lee, and be taken prisoner by people in the future with just one demand: Kill Ronald Reagan! Time Is Irreverent 3: Gone for 16 Seconds is a hilarious, thought-provoking satire with unpredictable twists, an unconventional Jesus, an unwitting Ronald Reagan, and an unabashed look at Earth's past and future! Publisher's Warning: This book is intended for a liberal audience and features satirical content that may not be appropriate for Donald Trump supporters or those who are offended by views that challenge traditional religious beliefs. Common side effects include wide smiles, sudden laughter, and occasional snorts. Reader discretion is advised. This is the third book in the Time Is Irreverent series. Each novel is a stand-alone adventure, and a humorous prologue quickly gets readers up-to-date.

Sway Ori Brafman, Rom Brafman, 2009-06-02 A fascinating journey into the hidden psychological influences that derail our decision-making, Sway will change the way you think about the way you think. Why is it so difficult to sell a plummeting stock or end a doomed relationship? Why do we listen to advice just because it came from someone

“important”? Why are we more likely to fall in love when there’s danger involved? In *Sway*, renowned organizational thinker Ori Brafman and his brother, psychologist Rom Brafman, answer all these questions and more. Drawing on cutting-edge research from the fields of social psychology, behavioral economics, and organizational behavior, *Sway* reveals dynamic forces that influence every aspect of our personal and business lives, including loss aversion (our tendency to go to great lengths to avoid perceived losses), the diagnosis bias (our inability to reevaluate our initial diagnosis of a person or situation), and the “chameleon effect” (our tendency to take on characteristics that have been arbitrarily assigned to us). *Sway* introduces us to the Harvard Business School professor who got his students to pay \$204 for a \$20 bill, the head of airline safety whose disregard for his years of training led to the transformation of an entire industry, and the football coach who turned conventional strategy on its head to lead his team to victory. We also learn the curse of the NBA draft, discover why interviews are a terrible way to gauge future job performance, and go inside a session with the Supreme Court to see how the world’s most powerful justices avoid the dangers of group dynamics. Every once in a while, a book comes along that not only challenges our views of the world but changes the way we think. In *Sway*, Ori and Rom Brafman not only uncover rational explanations for a wide variety of irrational behaviors but also point readers toward ways to avoid succumbing to their pull.

*Unmasking Autism* Devon Price, PhD, 2022-04-05 A deep dive into the spectrum of Autistic experience and the phenomenon of masked Autism, giving individuals the tools to safely uncover their true selves while broadening society’s narrow understanding of neurodiversity “A remarkable work that will stand at the forefront of the neurodiversity movement.”—Barry M. Prizant, PhD, CCC-SLP, author of *Uniquely Human: A Different Way of Seeing Autism* For every visibly Autistic person you meet, there are countless “masked” Autistic people who pass as neurotypical. Masking is a common coping mechanism in which Autistic people hide their identifiably Autistic traits in order to fit in with societal norms, adopting a superficial personality at the expense of their mental health. This can include suppressing harmless stims, papering over communication challenges by presenting as unassuming and mild-mannered, and forcing themselves into situations that cause severe anxiety, all so they aren’t seen as needy or “odd.” In *Unmasking Autism*, Dr. Devon Price shares his personal experience with masking and blends history, social science research, prescriptions, and personal profiles to tell a story of neurodivergence that has thus far been dominated by those on the outside looking in. For Dr. Price and many others, Autism is a deep source of uniqueness and beauty. Unfortunately, living in a neurotypical world means it can also be a source of incredible alienation and pain. Most masked Autistic individuals struggle for decades before discovering who they truly are. They are also more likely to be marginalized in terms of race, gender, sexual orientation, class, and other factors, which contributes to their suffering and invisibility. Dr. Price lays the groundwork for unmasking and offers exercises that encourage self-expression, including:

- Celebrating special interests
- Cultivating Autistic relationships
- Reframing Autistic stereotypes
- And rediscovering your values

It’s time to honor the needs, diversity, and unique strengths of Autistic people so that they no longer have to mask—and it’s time for greater public acceptance and accommodation of difference. In embracing neurodiversity, we can all reap the rewards of nonconformity and learn to live authentically, Autistic and neurotypical people alike.

**Blindsight** Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist--an informational topologist with half his mind gone--as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Two Elephants in the Matchbox** Sathajanan Luxman, 2012-02-01 *Two Elephants in the Matchbox* is the story of Jana, a young boy aspiring to be an athlete from an early age, growing from the influence of British colonisation under the torturous regime of Sri Lanka in the seventies. He comes from a brave family of Dutch-Delft patriots, intellectuals who fought historical wars with invaders from the north island regions. His love of cricket and middle distance running is marred by the death of his close relatives. His sporting dream shattered, and on the verge of losing his father from a war-related illness and his mother from an accident, Jana decides to leave the paradise island. His father's dream of seeing his grandchildren will never be fulfilled... Based on the true

controversial political events in Sri Lanka in the late seventies, *Two Elephants in the Matchbox* tells the story of Tamil uprising. The conflicts Jana faced in his home and the streets, witnessing torture and deaths will haunt him forever, but he still keeps the dream for that podium spot in his life back in the UK... Sathajanan was born in Sri Lanka but now lives in London, where he works as a nurse. He is actively involved in ending the suffering of Tamils by peaceful means, to raise awareness of recent ethnic war crimes committed against them. **Defeating Dictators** George B.N. Ayittey, 2011-11-08 Despite billions of dollars of aid and the best efforts of the international community to improve economies and bolster democracy across Africa, violent dictatorships persist. As a result, millions have died, economies are in shambles, and whole states are on the brink of collapse. Political observers and policymakers are starting to believe that economic aid is not the key to saving Africa. So what does the continent need to do to throw off the shackles of militant rule? African policy expert George Ayittey argues that before Africa can prosper, she must be free. Taking a hard look at the fight against dictatorships around the world, from Ukraine's orange revolution in 2004 to Iran's Green Revolution last year, he examines what strategies worked in the struggle to establish democracy through revolution. Ayittey also offers strategies for the West to help Africa in her quest for freedom, including smarter sanctions and establishing fellowships for African students.

*Martian Short Stories* Cliff Rhodes, 2006-05 (Soft-cover print) This book is a group of fantastic short stories from another planet. Ten completely new and different short stories within these pages describe a unique although not exactly human being, yet they are tales about more than just special people, the Martians. This is science fiction about not only space ships, but also about believable, extraordinary, extrasensory beings. In my stories I have tried to find not only Martian space ships but also the Martian mind. Mars is a planet that will always hold our fascination, even if we never leave the Earth.
