Wanted Cultured Ladies Only! Neepa
Majumdar,2010-10-01 *Wanted Cultured Ladies Only!*
maps out the early culture of cinema stardom in
India from its emergence in the silent era to the
decade after Indian independence in the mid-
twentieth century. Neepa Majumdar combines
readings of specific films and stars with an
analysis of the historical and cultural
configurations that gave rise to distinctly Indian
notions of celebrity. She argues that discussions
of early cinematic stardom in India must be placed
in the context of the general legitimizing
discourse of colonial improvement that marked
other civic and cultural spheres as well, and that
vernacular modernist anxieties over the New Woman
had limited resonance here. Rather, it was through
emphatically nationalist discourses that Indian
cinema found its model for modern female
identities. Considering questions of
spectatorship, gossip, popularity, and the
dominance of a star-based production system,
Majumdar details the rise of film stars such as
Sulochana, Fearless Nadia, Lata Mangeshkar, and
Nargis

Twenty Two for 22 Purabi Sinha Das, 2022-06-06 In these uncertain, tumultuous times, our collective vulnerability has been heightened, and positivity has become a precious commodity. More than ever, people are looking for hope and inspiration, and a little magic. *Twenty-Two for 22*-a collection of 22 literary pieces for 2022-delivers. From India to Egypt and back, these meticulously crafted stories, poems, and travel vignettes bring together disparate lives as varied, colourful, and magical as the places that created them-a plantation, an archeological site in Peru, a post-earthquake neighbourhood in Portugal. Love and betrayal, fear and joy, forgiveness and blessing-each person and place is evocative of the whole of humanity: A poor sweeper woman makes a decision with a startling result. A homeless man in a car accident makes the ultimate gift to the other victim. A memory keeper must pay the price for his avarice. Desert ancients bow to the wisdom of a fourteen-year-old runaway. A room in a faraway land steps back into the pages of history. Such is the fusion of life. *Twenty-Two for 22* will be of interest to readers-aged 18 years and older-looking for new writing about new cultures. People who value freedom of self over familial and (or) societal expectations may particularly find themselves reflected in these stories, poems, and travel vignettes.

The Sesame Effect Charlotte F. Cole, June H. Lee, 2016-03-10 The Sesame Effect details the wide-ranging work of Sesame Workshop and its productions across the world. With an emphasis on impact and evidence from research on projects in low- and middle-income countries, the book tells the stories behind the development of an international family of Muppet characters created for the locally produced adaptations of Sesame Street. Each chapter highlights the educational message of international co-productions and presents the cultural context of each project. Readers will understand the specific needs of children living in a given locale, as well as gain insight into the educational drivers of each project. These projects often deal with difficult issues, from race relations in the United States, to HIV/AIDS education in South Africa, to building respect across cultural divides in the Middle East. Readers will see how local productions have helped build a new mindset that values the

importance of early childhood education, and how Sesame Street promotes a brighter future by building children's academic skills, encouraging healthy habits, and by fostering attitudes that counter negative stereotypes and create appreciation of and respect for others. The Sesame Effect shows how, when magnified across the millions of children touched by the various international programs, Sesame Workshop and its projects are making a difference around the world.
