Swing Trading using the 4-hour chart 1-3 Heikin Ashi Trader,2016-09-15 Swing Trading using the 4-hour chart 1-3: 3 Manuscripts Swing trading is too fast for investors and too slow for day traders. It takes place on a timeframe in which you will find very few professionals traders. Swing traders usually use 4-hour charts. How to Trade a Range Heikin Ashi Trader,2017-11-03 How to Trade a Range Trade the Most Interesting Market in the World Financial markets are predominantly trading in trendless zones, which traders call trading ranges or sideways markets. It then appears that they earn money when a market is in a trend and they should avoid trendless markets, because here there is nothing to write home about. Despite this apparent finding, most short-term trading strategies rely on the trend-following model, although it is demonstrably difficult to implement. Most traders are more or less looking for a bigger move. The experience shows, however, that trading moves or trends is not that easy. Either the trader recognizes the trend too late, or the movement offers hardly any opportunities to enter. There is, however, a specialized group of traders who do not care about trends. They do exactly the opposite. They trade when the market is in a range. This book describes the methods and tactics of these traders. It is not about how to identify a range and then to trade the outbreak from it, but how to trade the range itself. Table of Contents 1. Introduction to Range Trading 2. What Is a Range Market? 3. Look to the Left! 4. How Do I Draw Proper Support and Resistance Lines? 5. In Which Markets Can You Operate Range Trading? 6. How to Trade a Range in Practice? 7. Where Should I Place the Stop? 8. Questions of Trade Management A. Should You Close the Trade Before the Weekend? B. Should You Use Trailing Stops in Range Trading? C. What Should You Do if the Trade Goes “Nowhere”? D. Should I Push the Stop Closer to the Market? 9. Examples of Range Markets A. Trading Ranges in the Foreign Exchange Market B. Deeper Examination of a Sideways Period in the E-Mini C. Forex Day Trading Millionaire Trader X., 2017-02-05 I hope you sitting down, cause I am laughing on the floor at the notion of hearing, one more little talk about the Forex Indicators, and how you can be the next Forex Millionaire using such and such crossing lines See, the reason there are winners and losers in life and Forex as well, is some can see deception coming from a 100 miles away and some refuse to look at the truth. See, I was taken for a sucker, and was brought on a rollercoaster of books, trainings, Forex education like there is no tomorrow... But it took me nearly 3 years, to wake up from the magic little cozy balloon of guru's webinars and the next Big Talking head. During this time of course, I was spending thousands

of dollars on books and Forex Robots and all kind of crap...you know what I am talking about. My family and friends, thought I have lost my mind, spending all this time in front of the screen(you may recognize yourself here) and looking at stupid charts I kind of had become the laughing stock of the company. Look, the Forex Head is Alive Eventually it got so bad, that I lost all interest in trading and was ready to quit... One afternoon, I overheard a conversation while at the golf course...yeah I am a snooper. There were two guys, sipping on something that came with a small umbrella on top and one of them was saying something so impressive, that made my ears become as big as an elevator shaft. The guys were speaking of a stock trader, turn to be a Forex trader, that was raking in the vicinity of 20 to 30k a month, from his house computer, doing it with couple trades a month. Listen to this, the guy was not a screen struck maniac like myself, he was not some kind of national television speaker, it turned out he was a member of the same golf club, I was a member too. Now, you can imagine my excitement and hopes came up, I was determined to meet this guy and squeeze every once of knowledge out of him... However, there was a big problem, that trader, I will call him trader X, for familiar reasons, did not go to the bars, was not in the social networks, and was not holding any training and educational courses on how to be the next forex millionaire. He was quietly running the Forex Cash machine of his, had a large family and was spending time in his huge house. Now, I came in with a plan, where I would meet Trader X at one of the Club Events...you know those fund raiser things, Trader X was known for one thing, dumping a large sums of money on different causes that he cared about. I was able to talk Trader X in to giving me a half hour short consult. At the end I offered trader X to pay him for his services, and that's where my frustration became full, Trader X was not for sale. It didn't matter what I offered...whatever that was, it was all I had, he would not chime in to my idea of training me. Finally after much bugging him, he gave in and we started a regular weekly meetings, but he refused to get any money. He was saying...Boy you are my fun today, all that trading is too boring and makes me sad. I was like, K, if it is that boring, make me sad too you know, let the stashes of cash come down. Eventually I moved to a different city and never heard of Trade X again. What I am about to reveal in this book is the real dirty truth about Forex and how you too can be the next Trader X. Forex trading is not all it is cracked up to be, the real winners are not your daily gurus, I will teach you everything that Trader X Taught me and more. You have a choice, keep going in circles, looking for the Holy Grail of Froex, or move your fingers, make a few mouse clicks and meet me on the other side. Take a click of faith! See you on the other side!

X,2015-04-21 You will not find this education at you brokers how to section. Most likely you will not find this information anywhere on this book section on any other book store. I have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite of the FOREX traders, no one gives their living away, unless you pay them a price worth their living. However I have decided to make this information for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the regular retail trader. Let me ask you a question? When was the last time you make money with FOREX? Even further more how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the live I deserve with FOREX. My hopes and aspirations were quickly crashed and my dreams went to the dump. First I lost 1000, then 5000, 10k , how much longer I could continue like that, how much longer I could endure the ridicule the jokes of my family and the frown on the face of my wife. It was painful, sitting all day in front of the computer, until you can't see any longer and everything including the platform and your mind become blurry. I know the pain I have been there. This continued for year, until one morning I was ready to quit, I was going to give it a last try and throw that FOREX staff in the garbage, out the window. I stumbled on a rear tread, which since then has been banned, by the broker that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments an support. Finally the tread from the trader X was discontinued. I was in dis pare, that was the only hope and light, I have seen for a long time. I was applying the advice from the trade and things were starting to work for me. Fortunately I was able to PM the trader and begged him to agree on a 20 min conversation on the phone. Trader X was not a guru, not your regular internet promoter mojo. He was quietly raking in thousands of dollars a month for years, he was not excited about the next trade, his heart beat was not raising before he pooled the trigger. See, he has been doing this trading staff for so long it has become a boring procedure, rather a morning an afternoon chore, something like putting the garbage out on garbage day. He explained that he learned from the MASTER, I did not proceed to ask him who was the MASTER, since I mainly was concerned with him teaching him every little bit of what he knew about trading. He didn't not agree to spend time teaching me on our first conversation, regardless of how much I offered to pay him. See, for him money was not a issue.
