**The Complete South African Cookbook** Magdaleen van Wyk,2018-08-01 Simply written and presented, The Complete South African Cookbook is a compact yet comprehensive guide to cooking in South Africa. Indispensable for the beginner, it caters for the more experienced cook too and offers over 650 numbered recipes along with many variations – from the most basic to the exotic – all compiled for South African conditions. The directions for each dish are presented in a clear format and each recipe is accompanied by such useful facts as the number of portions, preparation and cooking time, kilojoule count per portion and whether or not the dish is suitable for freezing. Crammed with handy hints, The Complete South African Cookbook is an invaluable reference for anyone who enjoys cooking. Now with a new cover, this classic best seller has been in print for almost 40 years.

Napoleon's Hussars and Chasseurs Paul L Dawson,2024-01-30 Small men, with big egos and moustaches, the hussars of Napoleon's army wore some of the most flamboyant and stylish uniforms of the epoch. The uniforms of the seventeen regiments of hussars are discussed in detail, along with the dress of their brethren in the thirty-two regiments of chasseurs a cheval, with an emphasis on highly elaborate dress of the trumpeters. Archive documents which have never been previously used to study the subject will be used for the first time: many of these documents have not been published in French and have never appeared as translations. Illustrated with contemporary illustrations, original items of uniform and reconstructions of uniforms, this is the definitive guide to the dress of the Napoleon's light cavalry. This is one of a series of ground-breaking books which will be the defacto study of this perennially popular subject for historians, researchers, wargamers, re-enactors and artists. Using archive records to 'set the record straight', as well as contemporary illustrations and original items of uniforms, the author sets out to describe the uniform of every regiment of Napoleon's army. Using archive sources found in the Archives Nationales and Service Historique du Armee de Terre in Paris, the author's unrivalled research over a period of twenty years, will reveal exactly how, for the first time in over 200 years, Napoleon's army was mounted, clothed and equipped. Having been granted access to over 1,000 archive boxes, the author assesses how the regulations were adopted in practice. This vast resource, as yet untapped by the majority of researchers and historians for understanding the Napoleonic era in general, include the many regimental archive boxes preserved in the French Army archives. These sources provide, potentially bias free empirical data from which we can reconstruct the life story of a regiment, its officers and above all its clothing. What did trumpeters wear? Did cavalry regiments really have sapeurs? We answer these questions and present the reality of how regiments were dressed derived from diaries, letters, inspection returns, regimental accounts and even cases of fraud. For the first time, this unique series of books discusses the wide ranging 1806 uniform regulation and the more famous Bardin regulation which applied to all arms of the Army and explores the way in which regiments on campaign adopted and adapted their uniforms. For the first time since the days of Napoleon, we can say exactly what was worn by the French army.

*Caviare and After* André Launay,1964

**Incomparable** Terry Crowdy,2012-09-20 An elite battalion under Louis XVI, the 9th Light Infantry regiment were with Napoleon from almost the beginning, turning the field at Marengo and breaking the Austrians. They then spent over a decade fighting their way across the continent, following Napoleon to the bitter end. Bringing their Eagle out of hiding when Napoleon returned from exile in 1815 they almost saved the day again, at Waterloo, spearheading a charge to rejoin Napoleon. But unlike at Marengo, they failed. Napoleon dubbed them 'Incomparable', and their story is extraordinary even by the standards of the dramatic and turbulent years in which they lived.

*Discovering Françoise Dolto* Kathleen Saint-Onge, 2019-05-22 This psychobiographical study of the renowned French pediatrician and psychoanalyst Françoise Dolto introduces both her theories of child development and her unique insights into language and identity. A friend of Jacques Lacan's, Dolto believed that we are all humanized through language, and that the words we use carry unconscious traces of our early histories of love, suffering and desire. Suggesting that infants unconsciously symbolize and that a continuous circulation of unconscious affects—the transference—prevails in all language-based relations, her findings challenge assumptions about autism, autobiography, linguistics, literacy, pedagogy and therapy. Dolto's own corpus—a rich archive blending the personal and professional—demonstrates this, with echoes between Dolto's constructs about the child and her own challenging childhood. This fascinating book will not only introduce the work of Françoise Dolto to many readers, but will be a valuable resource for all psychoanalytic researchers and theorists interested in childhood, language and identity.

*Uumajursiutik unaatuinnamut / Hunter with Harpoon / Chasseur au harpon* Markoosie Patsauq, 2021-01-20 Fifty years ago, Markoosie Patsauq, then a bush pilot in his late twenties living in the tiny, isolated High Arctic community of Resolute, spent his spare time quietly writing a story that effectively emerged as the first Indigenous novel released in Canada. Published in English under the title *Harpoon of the Hunter* in 1970 by McGill-Queen's University Press, that version of the story was Patsauq's own adaptation. In the years that followed the widely acclaimed English edition was translated into many different languages, but what has remained obscured until the present day is the Inuktitut text originally produced by the author. In collaboration with Patsauq, Valerie Henitiuk and Marc-Antoine Mahieu have foregrounded the original Inuktitut text to inform their translations into both English and French. This critical edition, complete with the story in both Inuktitut syllabics and Latin script, utilizes the author's handwritten manuscript as well as interviews with Patsauq to produce a new, rigorous examination of this literary and cultural milestone. This work also includes the first comprehensive account of the critical response to his writing while underscoring the way the much-altered English adaptation from 1970 shaped that response. A momentous achievement that situates a new classic in the twenty-first century, *Hunter with Harpoon* brings readers back to the roots of Markoosie Patsauq's Inuit story to experience it as it was originally written.

**Charging Against Wellington** Robert Burnham, 2011-07-19 This comprehensive military history details the generals, organization and movements of Napoleon's cavalry through the Peninsular War. In *Charging Against Wellington*, historian Robert Burnham draws on primary sources, manuals, memoirs, and regimental histories to reveal the experiences and activities of the French officers and soldiers who fought the British Army in Spain and Portugal. Burnham presents biographies of eighty French generals, focusing on their service in the Peninsula and its impact on their careers. Two become Marshals of France and many were promoted, while others saw their careers damaged in the conflict—including nine who were relieved from their commands. The author then examines the ever-changing organization of the cavalry, including the location and command of the various regiments and brigades. By April 1814, the Peninsula cavalry was down to 4,000 men, a shadow of the force that invaded six years before. *Charging Against Wellington* chronicles these changes, showing which units left and how their departure impacted the army. Finally, Burnham looks at the service record of the 70+ French cavalry regiments. There is a table for each that tracks the regiment's colonels, composition, organization, strength, and casualties while in the Peninsula.

*Le vieux chasseur ou La chasse en action* Deyeux (M., Théophile), 1868

Zouave Theaters Carol E. Harrison, Thomas J. Brown, 2024-04-17 In this compelling new study, Carol E. Harrison and Thomas J. Brown chart the

rise and fall of the Zouave uniform, the nineteenth century's most important military fashion fad for men and women on both sides of the Atlantic. Originating in French colonial Algeria, the uniform was characterized by an open, collarless jacket, baggy trousers, and a fez. As Harrison and Brown demonstrate, the Zouaves embraced ethnic, racial, and gender crossing, liberating themselves from the strictures of bourgeois society. Some served as soldiers in Papal Rome, the United States, the British West Indies, and Brazil, while others acted in theatrical performances that combined drag and drill. Zouave Theaters analyzes the interaction of the stage and the military, and reveals that the Zouave persona influenced visual artists from painters and photographers to illustrators and filmmakers.

**The Franco-Prussian War** Stephen Badsey, 2022-01-20 Illustrated with colour maps and images, this is an introduction to the Franco-Prussian War, a war that marked the beginning of the creation of modern Europe. The Franco-Prussian War started in 1870 when Otto von Bismarck engineered a war with the French Second Empire under Napoleon III, as part of his plan to unite Prussia with the southern German states as a new Germany. Stephen Badsey examines the build-up, battles, and impact of the war, which was an overwhelming Prussian victory with massive consequences. The French Second Empire collapsed, Napoleon III became an exile in Britain, and King Wilhelm I was proclaimed Emperor of the new united Germany. In the peace settlement that followed, Germany gained the eastern French provinces of Alsace and Lorraine, areas that were to provide a bone of contention for years to come. Updated for the new edition with revisions from the author and new images throughout, this is an accessible introduction to the largest and most important war fought in Europe between the age of Napoleon and the First World War.
