**Stranger in the Chat Room** Todd Hafer,Jedd Hafer,2003 How far will this online menace take his threats? How far would you go to prove your faith?

Chat Nan McCarthy,2020-03 Two strangers begin a conversation online. It's 1995, and the Internet is new, uncharted territory. Max, a restless advertising copywriter, boldly strikes up an email conversation with Bev, a tough-minded book editor. With charm, wit & persistence, Max chips away at Bev's reluctant façade as their increasingly intimate correspondence unfolds.

*Chat Room* T. J. Young,2005-06 Driving away from the cabin, John wondered how this weekend's events would turn out. He had a very good feeling that this would be his new beginning and that this woman would save him from the man he had become. He had bet his life on it. John knew that he was trapped in an abusive marriage with his wife Heather, but he never expected what Heather would do to him or his kids for a chat room lover. When her lover ends the relationship, Heather inadvertently starts John's life in a direction he never would have fathomed. If only John had the gumption to do something about their problems sooner, his life might have turned out in a way he could be proud of instead of the misery that it had turned into. In an effort to do for others what he could never do for himself, John takes action and distributes his own brand of justice, but his chosen path constantly torments him. After a series of disturbing yet fulfilling events, John readies himself to end this chapter of his life. He begins searching for the one person that will finally extinguish his rage and free him from the man he has become. When John finds the ideal person, his life unfolds in a way he never could have anticipated or dreamed.

**Chat** Nan McCarthy,1995-12 In the days before Facebook, Skype, and Twitter... Two strangers begin a conversation online. It's 1995, and the Internet is new and uncharted territory. No status updates, no photos, no tweets, no video chats. All they have to share with one another are their words. Max, a restless advertising copywriter who's new to the online world, boldly strikes up an email conversation with Bev, a tough-minded book editor who's been online since the '80s. With charm, wit, and persistence, Max chips away at Bev's reluctant façade until the two are sharing secrets they wouldn't dream of telling anyone in real life. Hailed as Silicon Valley's Story of O, the story of Bev and Max's relationship gradually becomes more intense, unfolding entirely through their online messages. Since Chat's first publication in 1995, readers have found themselves unable to resist the temptation to eavesdrop on Bev and Max's increasingly intimate correspondence as she slowly opens up to him and he becomes more fascinated by her.

The book compiles experiences from different industries and perspectives. Its goal is to give practical insights into high-tech software development projects of today.

Crackhouse Terry Williams,1993-08-01 This sad and harrowing portrait of wasted lives is rife with gritty details but thankfully void of self-righteous

judgment.—Cleveland Plain Dealer.

**Who Cut the Cheese?** Jim Dawson,2011-01-26 We've told you HOW TO SHIT IN THE WOODS. We've taken you UP SHIT CREEK. Now, we dare to ask the eternal question...WHO CUT THE CHEESE? Which is to say, what exactly is a fart? Why do we do it? Why do we hide it when we do it? And why do we find farts so darn funny? A cut above anything else on the subject, this book really lets go and tells all, getting to the bottom of these mysteries. Author Jim sniffs out a load of historical and scientific fart tales, then offers the kind of fun facts you'll be dying to let slip at social occasions, in chapters like Fart Facts That Aren't Just Hot Air, Gone with the Wind (on famous movie farts), and Le Petomane & the Art of the Fart (on the most famous windbag in history). From fact to fiction to frivolous flatulence, this book is unquestionably a ripping good read.

**Writings on an Ethical Life** Peter Singer,2015-04-14 The essential collection of writings by one of the most visionary and daring philosophers of our time Since bursting sensationally into the public consciousness in 1975 with his groundbreaking work *Animal Liberation*, Peter Singer has remained one of the most provocative ethicists of the modern age. His reputation, built largely on isolated incendiary quotations and outrage-of-the-moment news coverage, has preceded him ever since. Aiming to present a more accurate and thoughtful picture of Singer's pioneering work, *Writings on an Ethical Life* features twenty-seven excerpts from some of his most lauded and controversial essays and books. The reflections on life, death, murder, vegetarianism, poverty, and ethical living found in these pages come together in a must-read collection for anyone seeking a better understanding of the issues that shape our world today. This ebook features an illustrated biography of Peter Singer, including rare photos from the author's personal collection.

**Unladylike** Cristen Conger,Caroline Ervin,2018-10-02 A funny, fact-driven, and illustrated field guide to how to live a feminist life in today's world, from the hosts of the hit *Unladylike* podcast. Get ready to get unladylike with this field guide to the what's, why's, and how's of intersectional feminism and practical hell-raising. Through essential, inclusive, and illustrated explorations of what patriarchy looks like in the real world, authors and podcast hosts Cristen Conger and Caroline Ervin blend wild histories, astounding stats, social justice principles, and self-help advice to connect where the personal meets political in our bodies, brains, booty calls, bank accounts, and other confounding facets of modern woman-ing and nonbinary-ing. By laying out the uneven terrain of double-standards, head games, and handouts patriarchy has manspread across society for ages, *Unladylike* is here to unpack our gender baggage and map out the space that's ours to claim.

**Thoughts on Design** Paul Rand,2014-08-19 One of the seminal texts of graphic design, Paul Rand's *Thoughts on Design* is now available for the first time since the 1970s. Writing at the height of his career, Rand articulated in his slender volume the pioneering vision that all design should seamlessly integrate form and function. This facsimile edition preserves Rand's original 1947 essay with the adjustments he made to its text and imagery for a revised printing in 1970, and adds only an informative and inspiring new foreword by design luminary Michael Bierut. As relevant today as it was when first published, this classic treatise is an indispensable addition to the library of every designer.

**The Light From the Dark** J.B. Ingersen,2020-05-27 Adriana Carter grew up in the foster system. Despite this, she worked hard and made a good life for herself, even landing a job as a consultant with the FBI. One day, she made a horrible mistake and her only chance at redemption was in the form of a suspected criminal mastermind, Agostino Gismondi. She takes to Northern Italy and eventually makes a connection with Signore Gismondi. As she gets to know him and his sons, her resolve starts to waver, as she finds the lines between who she is, and who she could be, start to blur.

The latest addition to the AFI Film Readers series, Cognitive Media Theory takes up this question in the context of film and media studies. This collection of essays by internationally recognized researchers in film and media studies, psychology, and philosophy offers film and media scholars and advanced students an introduction to contemporary cognitive media theory—an approach to the study of diverse media forms and content that draws upon both the methods and explanations of the sciences and the humanities. Exploring topics that range from color perception to the moral appraisal of characters to our interactive engagement with videogames, Cognitive Media Theory showcases the richness and diversity of cognitivist research. This volume will be of interest not only to students and scholars of film and media, but to anyone interested in the possibility of a productive relationship between the sciences and humanities.
