Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Achievement By Possession Dianah Brock, 2023-12-12 Karen Fortenberry thought all of her dreams had come true when she fell in love with writer James Carter. However, as their wedding date nears, she learns that her dreams may actually be her worst nightmares come true when James is possessed by a demonic entity through the pages of a book. Now she must fight to survive the night, or become his sacrifice to achieve his own selfish goals.

William Gillette, America's Sherlock Holmes Henry Zecher, 2011 William Gillette is best-remembered today as the living personification of Sherlock Holmes, but he was much more than that. He was one of the nineteenth century's greatest stars, among its most successful actors and playwrights. In a career spanning six decades, he was one of the best-known celebrities in the Western world, a towering figure in an age of towering figures. Among his friends were Mark Twain, Sir Arthur Conan Doyle, Theodore Roosevelt, Harriet Beecher Stowe, Thomas Nast and Maurice Barrymore. He built a castle on the Connecticut River and a miniature railroad to run around it. Among the guests who rode on that train were President Calvin Coolidge, physicist Albert Einstein and Tokyo Mayor Ozaki Yukio, who gave to America the cherry blossoms in 1912. James M. Barrie, the creator of Peter Pan, wrote two hit plays for which he specifically asked Gillette to star in. As a playwright, Gillette was known for the stark realism of his sets, costuming, dialogue and actions. He developed realistic and dramatic lighting and sound effects. As an actor, he developed the philosophy of The Illusion of the First Time, in which an actor speaks his lines and moves about each night, not as he has done a hundred times before, but as if he is making up his dialogue as he goes along, and moving about as if doing so for the first time, as real people do. Gillette's intention was to reproduce as much as possible the real world on stage, to make his audiences believe they were seeing a life episode being lived across the barrier of the footlights. This magnificent biography is the first full treatment of Gillette ever published. Exhaustively researched,

thoroughly documented, and beautifully written, it not only details the life of this extraordinary man, it provides a colorful context of the times in which he lived. This is a major part of the history of the Western theater finally documented for our edification and enjoyment.

The QJEC has had a long-standing history of international scholarship focused on the emerging field of electronic commerce with a broad, interdisciplinary approach. It has established the field's intellectual foundation with state-of-the-art research from business, computer science, engineering, law, psychology, and sociology. This particular issue focuses on an eclectic group of papers that are international in scope with authors from Canada, Australia, France, Germany, South Africa and Italy. The papers range in topics from valuing dot com companies, to mobile health and portals, to supply chain management.

The Sixth Station Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Kumba Africa Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Internet for Nursing Research Joyce J. Fitzpatrick,Kristen S. Montgomery,2004-09-20 This book is a resource for using the internet as a tool in all aspects of nursing research--conducting it, teaching it, and using it. From searching online databases to creating surveys and recruiting research subjects online, the internet opens new possibilities in the research process, as well as new problems. Experienced researchers describe

internet-based research methods, information on online methods for teaching research, and accessing the research of others. The appendixes include samples of existing research projects that use internet-based methodologies, as well as a listing of online resources for researchers.

Taronga Victor Kelleher, 2013 The great dome of the sky, black, star-sprinkled, arched above him, appearing at that moment so limitless, so vast and free, that the fences and cages of Taronga were dwarfed, reduced to the point where they barely seemed to exist . . . Every so often, there comes a story so brilliant and lively and moving that it cannot be left in the past.
