In the Time of the Butterflies Julia Alvarez,2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, New York Times) Alvarez’s new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo’s dictatorship. It doesn’t have to. Everybody knows of Las Mariposas—the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo’s rule. Through the art and magic of Julia Alvarez’s imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, *The New York Times Book Review* This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time.” —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

Gender and Education Paige H. Porter,1986 This book presents a comprehensive review of the progress in equal education for females through an introductory discussion and six readings. The introductory discussion examines the theory that the state and consequently, the education system are seen as having the promulgation of the dominant class hegemony as an important part of its function. The document also traces the interaction between gender and education in the domestic curriculum, vocational opportunities, and the working conditions of women teachers. In the first three readings, Sara Delamont looks at ways to counter sexism during the child's formative years; Dale Spender discusses the different ways that males get more attention in the classroom; and R. W. Connell, D. J. Ashenden, S. Kessler and G. W. Dowsett point out that schools differentiate between male and female students in ways which reinforce sex stereotypes. The results of the study carried out in 1974 by the Schools Commission on Girls, School and Society, is discussed in reading four. In reading five, Jean Blackburn discusses removing formal barriers to access to education for girls and boys, and in the final reading Jane Kenway and Sue Willis offer alternatives to single-sex schooling as a solution to unequal education. An annotated bibliography is appended. (SM)

Invasive Birds Colleen T. Downs,Lorinda A. Hart,2020-12-07 Examining globally invasive alien birds, the first part of this book provides an account of 32 global avian invasive species (as listed by the Invasive Species Specialist Group, ISSG). It acts as a one stop reference volume; it assesses current invasive status for each bird species, including details of physical description, diet, introduction and invasion pathways, breeding behaviour, natural habitat. It also looks at the environmental impact of each species, as well as current and future control methods. Full colour photographs assist with species identification and global distribution maps give a visual representation of the current known distributions of these species. The second part of the book discusses the biogeographical aspects of avian invasions, highlighting current and emerging invasive species across different regions of the world. The third section considers the impact of invasive species on native communities, problems associated with invasive bird management and the use of citizen science in the study of invasive birds.

Prisoned Chickens, Poisoned Eggs Karen Davis,2009 The original *Prisoned Chickens, Poisoned Eggs* became a blueprint for people seeking a coherent picture of the poultry industry as well as a handbook for animal rights advocates seeking to develop effective strategies to expose and relieve the plight of chickens. This new edition tells where things stand in a new century in which avian influenza, food poisoning, global warming, genetic engineering, and the expansion of poultry and egg production and consumption are growing concerns in the mainstream population.

Death, Mourning, and Burial Antonius C. G. M. Robben,2017-04-26 The definitive reference on the anthropology of death and dying, expanded with new contributions covering everything from animal mourning to mortuary cannibalism Few subjects stir the imagination more than the study of how people across cultures deal with death and dying. This expanded second edition of the internationally bestselling *Death, Mourning, and Burial* offers cross-cultural readings that span the period from dying to afterlife, considering approaches to this transition as a social process and exploring

the great variations of cultural responses to death. Exploring new content including organ transplantation, institutionalized care for the dying, HIV-AIDs, animal mourning, and biotechnology, this text retains classic readings from the first edition, and is enhanced by sixteen new articles and two new sections which provide increased breadth and depth for readers. Death, Mourning, and Burial, Second Edition is divided into eight parts reflecting the social trajectory of death: conceptualizations of death; death, dying, and care; grief and mourning; mortuary rituals; and remembrance and regeneration. Sections are introduced through foundational texts which provide the ideal introduction to this diverse field. It is essential reading for anyone concerned with issues of death and dying, as well as violence, terrorism, war, state terror, organ theft, and mortuary rituals. A thoroughly revised edition of this classic anthology featuring twenty-three new articles, two new sections, and three reformulated sections Updated to include current topics, including organ transplantation, institutionalized care for the dying, HIV-AIDs, animal mourning, and biotechnology Must reading for anyone concerned with issues of death and dying, as well as violence, terrorism, war, state terror, organ theft, and mortuary rituals Serves as a text for anthropology classes and provides a genuinely cross-cultural perspective to all those studying death and dying

The Rape of Nanking Iris Chang,2014-03-11 The New York Times bestselling account of one of history's most brutal—and forgotten—massacres, when the Japanese army destroyed China's capital city on the eve of World War II, piecing together the abundant eyewitness reports into an undeniable tapestry of horror. (Adam Hochschild, Salon) In December 1937, one of the most horrific atrocities in the long annals of wartime barbarity occurred. The Japanese army swept into the ancient city of Nanking (what was then the capital of China), and within weeks, more than 300,000 Chinese civilians and soldiers were systematically raped, tortured, and murdered. In this seminal work, Iris Chang, whose own grandparents barely escaped the massacre, tells this history from three perspectives: that of the Japanese soldiers, that of the Chinese, and that of a group of Westerners who refused to abandon the city and created a safety zone, which saved almost 300,000 Chinese. Drawing on extensive interviews with survivors and documents brought to light for the first time, Iris Chang's classic book is the definitive history of this horrifying episode.
