Chinese Biblical Anthropology Jian Cao,2019-06-28 In this study that is largely intellectual history, Cao Jian observes how Old Testament motifs were introduced by Protestant missionaries and Bible translators, with the help of Chinese co-workers in the beginning, and how those motifs drew attention from local converts and led to discussions among them in light of the norms in Confucianism. Then, Cao demonstrates how Confucian reformists started reacting to missionary publications and showing interest in Old Testament motifs. After the defeat of China in 1894-1895 in the Sino-Japanese War, the response to the Old Testament became more active and influential among China's population. The author shows new interests and tendencies in Old Testament interpretation among educated Chinese with various political ideals at a time of national crisis. He also demonstrates how the vernacular movement in Bible translating and missionary Old Testament education popularized and modernized Old Testament reading and studies in Chinese society. After that transitional period, discussions of Old Testament motifs became even more abundant and diverse. The author concentrates on those regarding the notion of God and monotheism. In China's nationalism, the Old Testament proved no less stimulating. The author deals with Moses and the prophets to understand how they became valid to those active in both

religious and secular realms.

Reaching Chinese Worldwide Wright Doyle,2015-03-25 Reaching Chinese Worldwide introduces the many ways in which Christians may communicate the truth and love of God in Christ to Chinese around the world. Drawing upon four decades of reading and experience, the author first lays a biblical foundation for cross-cultural witness, then briefly explores the various facets of ministry among Chinese: Preparation, Presence, Proclamation, Points of Contact, “Perfection” of Believers, Participation in the Body of Christ, Performance of Good Works, and Partnering with God.This nearly comprehensive survey contains both fundamental principles and practical suggestions useful for all those wanting to make a Christian impact on China.
