A Deadly Education Naomi Novik,2020-09-29 NEW YORK TIMES BESTSELLER • From the author of Uprooted and Spinning Silver comes the first book of the Scholomance trilogy, the story of an unwilling dark sorceress who is destined to rewrite the rules of magic. FINALIST FOR THE LODESTAR AWARD • “The dark school of magic I’ve been waiting for.”—Katherine Arden, author of the Winternight Trilogy I decided that Orion Lake needed to die after the second time he saved my life. Everyone loves Orion

Lake. Everyone else, that is. Far as I'm concerned, he can keep his flashy combat magic to himself. I'm not joining his pack of adoring fans. I don't need help surviving the Scholomance, even if they do. Forget the hordes of monsters and cursed artifacts, I'm probably the most dangerous thing in the place. Just give me a chance and I'll level mountains and kill untold millions, make myself the dark queen of the world. At least, that's what the world expects. Most of the other students in here would be delighted if Orion killed me like one more evil thing that's crawled out of the drains. Sometimes I think they want me to turn into the evil witch they assume I am. The school certainly does. But the Scholomance isn't getting what it wants from me. And neither is Orion Lake. I may not be anyone's idea of the shining hero, but I'm going to make it out of this place alive, and I'm not going to slaughter thousands to do it, either. Although I'm giving serious consideration to just one. With flawless mastery, Naomi Novik creates a school bursting with magic like you've never seen before, and a heroine for the ages—a character so sharply realized and so richly nuanced that she will live on in hearts and minds for generations to come. The magic of the Scholomance trilogy continues in *The Last Graduate* “The can't-miss fantasy of fall 2020, a brutal coming-of-power story steeped in the aesthetics of dark academia. . . . A Deadly Education will cement Naomi Novik's place as one of the greatest and most versatile fantasy writers of our time.”—BookPage (starred review) “A must-read . . . Novik puts a refreshingly dark, adult spin on the magical boarding school. . . . Readers will delight in the push-and-pull of El and Orion's relationship, the fantastically detailed world, the clever magic system, and the matter-of-fact diversity of the student body.”—Publishers Weekly (starred review)

Zachary Ying and the Dragon Emperor Xiran Jay Zhao, 2022-05-10 Percy Jackson meets Tristan Strong in this hilarious middle grade “edge-of-your-seat adventure” (James Ponti, New York Times bestselling author of *City Spies*) that follows a young boy as he journeys across China to seal the underworld shut and save the mortal realm. Zachary Ying never had many opportunities to learn about his Chinese heritage. His single mom was busy enough making sure they got by, and his schools never taught anything except Western history and myths. So Zack is woefully unprepared when he discovers he was born to host the spirit of the First Emperor of China for a vital mission: sealing the leaking portal to the Chinese underworld before the upcoming Ghost Month blows it wide open. The mission takes an immediate wrong turn when the First Emperor botches his attempt to possess Zack's body and binds to Zack's AR gaming headset instead, leading to a battle where Zack's mom's soul gets taken by demons. Now, with one of history's most infamous tyrants yapping in his headset, Zack must journey across China to heist magical artifacts and defeat figures from history and myth, all while learning to wield the emperor's incredible water dragon powers. And if Zack can't finish the mission in time, the spirits of the underworld will flood into the mortal realm, and he could lose his mom forever.

You Had Me at Pet-Nat Rachel Signer, 2021-10-19 From the publisher of *Pipette Magazine*, discover a natural wine-soaked memoir about finding your passion—and falling in love. It was Rachel Signer's dream to be that girl: the one smoking hand-rolled cigarettes out the windows of her 19th-century Parisian studio apartment, wearing second-hand Isabel Marant jeans and sipping a glass of Beaujolais redolent of crushed roses with a touch of horse mane. Instead she was an under-appreciated freelance journalist and waitress in New York City, frustrated at always being broke and completely miserable in love. When she tastes her first pétillant-naturel (pét-nat for short), a type of natural wine made with no additives or chemicals, it sets her on a journey of self-discovery, both deeply personal and professional, that leads her to Paris, Italy, Spain, Georgia, and finally deep into the wilds of South Australia and which forces her, in the face of her Wildman, to ask herself the hard question: can she really handle the unconventional life she claims she wants? Have you ever been sidetracked by something that turned into a career path? Did you ever think you were looking for a certain kind of romantic partner, but fell in love with someone wild, passionate and with a completely different life? For Signer, the discovery of natural wine became an introduction to a larger ethos and philosophy that she had long craved: one rooted in egalitarianism, diversity, organics, environmental concerns, and ancient traditions. In *You Had Me at Pét-Nat*, as Signer begins to truly understand these revolutionary wine producers upending the industry, their deep commitment to making their wine with integrity and with as little intervention as possible, she is smacked with the realization that unless she faces, head-on, her own issues with commitment, she will not be able to live a life that is as freewheeling, unpredictable, and singular as the wine she loves.

I'm Everywhere and Nowhere. and I Own Nothing and Everything Yann Girard, 2016-09-27 Over the past seven years I've lived in more places than I can remember. I lived and worked in Shanghai, New York, Berlin, Bangkok, Munich and a few more places, not including the dozens of places I've stayed at for just a few days or weeks. While writing these lines I'm in a small town in Malaysia. I've basically lived out of a backpack for the past seven years. And the longer I'm doing this, the less stuff I need. Right now I carry less than 10 items around with me in a carry on backpack that weighs less than 10kg. I go wherever I want to go. I currently spend less than \$800 a month. Including everything. My most precious possession is a \$300 Acer laptop. I've started a clothing company in China, for the Chinese market, which failed miserably. I've launched more than 10 websites, some of them made some money, some of them didn't. I shut down all of them. I've written seven books (this is my eighth). None of them was a bestseller. I write a blog where I published more than 500 articles so far. I've more than 100,000 monthly readers spread across multiple platforms. I'm by no means successful. Or rich. But I have more than enough, by all means. I have access to everything I need. And I can buy and afford everything I need. I'm not a minimalist. Or a digital nomad. Or an entrepreneur. Or a blogger. Or an author. I'm mostly trying to just be myself. I'm trying to be myself in a world where it gets harder and harder every single day to just be yourself. It's not always been easy. As a matter of fact it's probably been hard more often than it's been easy. But every day of struggle and doubt has been worth it. Being yourself and creating your own life instead of just living a life is always worth the struggle. This right here is my story. This is what I've learned about life, myself and the world around me. I'm everywhere and nowhere. And I own nothing and everything...

Man and His Symbols Carl G. Jung, 2012-02-01 The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas “What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.
