What is e-book? Nicolae Sfetcu,2014-05-10 The e-book guide for publishers: how to publish, EPUB format, ebook readers and suppliers. An electronic book (also e-book, ebook, electronic book, digital book) is a book-length publication in digital form, consisting of text, images, or both, and produced on, published through, and readable on computers or other electronic devices. An e-book can be purchased/borrowed, downloaded, and used immediately, whereas when one buys or borrows a book, one must go to a bookshop, a home library, or public library during limited hours, or wait for a delivery. Electronic publishing or ePublishing includes the digital publication of e-books and electronic articles, and the development of digital libraries and catalogues. EPUB (short for electronic publication; alternatively capitalized as ePub, ePUB, EPub, or epub, with EPUB preferred by the vendor) is a free and open e-book standard by the International Digital Publishing Forum (IDPF). Self-publishing is the publication of any book or other media by the author of the work, without the involvement of an established third-party publisher. One of the greatest benefits brought about by ebooks software is the ability for anyone to create professional ebooks without having to fork out thousands of dollars to design and publish a book. People can easily become authors overnight and earn income from selling online ebooks.

Chicago Neighborhoods and Suburbs Ann Durkin Keating, 2008-11-15 Which neighborhood? It's one of the first questions you're asked when you move to Chicago. And the answer you give - be it Bucktown, Bronzeville, or Bridgeport - can give your inquisitor a good idea of who you are, especially in a metropolis with so many different neighborhoods and suburbs to choose from. Many of us know little of the neighborhoods beyond those where we work, play, and live. This is particularly true in Chicagoland, a region that spans over 4,400 square miles and is home to more than 9.5 million residents. Now, historian Ann Durkin Keating's compact guide, drawn largely from the bestselling Encyclopedia of Chicago, brings the history of Chicago neighborhoods to life.--BOOK JACKET.
