Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

War Nerd Gary Brecher,2009-03-01 “[A] raucous, offensive, and sometimes amusing CliffsNotes compilation of wars both well-known and ignored.” —Utne Reader Self-described war nerd Gary Brecher knows he’s not alone, that there’s a legion of fat, lonely Americans, stuck in stupid, paper-pushing desk jobs, who get off on reading about war

because they hate their lives. But Brecher writes about war, too. War Nerd collects his most opinionated, enraging, enlightening, and entertaining pieces. Part war commentator, part angry humorist à la Bill Hicks, Brecher inveighs against pieties of all stripes—Liberian generals, Dick Cheney, U.N. peacekeepers, the neo-cons—and the massive incompetence of military powers. A provocative free thinker, he finds much to admire in the most unlikely places, and not always for the most pacifistic reasons: the Tamil Tigers, the Lebanese Hezbollah, the Danes of 1,000 years ago, and so on, across the globe and through the centuries. Crude, scatological, un-P.C., yet deeply informed, Brecher provides a radically different, completely unvarnished perspective on the nature of warfare. “Military columnist Gary Brecher’s look at contemporary war is both offensive and illuminating. His book, War Nerd . . . aims to explain why the best-equipped armies in the world continue to lose battles to peasants armed with rocks . . . Brecher’s unrefined voice adds something essential to the conversation.” —Mother Jones “It’s international news coverage with a soul and acne, not to mention a deeply contrarian point of view.” —The Millions
