**Nixon on Stage and Screen** Thomas Monsell,1998 This chronologically arranged reference work annotates all films and plays that contain portraiture--favorable and unfavorable--of Richard Nixon. From comedy, as in *Millhouse*, to the biting satire found in *Forbidden Hollywood* and *Saturday Night Live*, to documentary record, as in *Selling of the Pentagon*, and beyond, to the applications of Shakespearean drama with *The Tragedy of King Richard* and *Richard III*, this book displays the wide range of form used to explain, scorn and understand Nixon's acts. An analysis of each film or play compares the differences between the production and the original source. Each entry includes production credits, a plot summary, and an overview of critical reactions.

**Orlando Bloom** A. C. Parfitt,2004 As Legolas in *The Lord of the Rings* trilogy, Orlando Bloom captivated audiences with his dynamic portrayal and action sequences. In *Pirates of the Caribbean*, he was one of the surprise hits of the summer as Johnny Depp's sidekick. Now, this new biography looks at a young man to whom fame has come quickly, yet who has remained endearingly unaffected. It takes us behind the scenes of the biggest movies of recent years, and it offers a look at the personal life of the soft-spoken young Englishman--from the day he learned the truth about his real father, to off-screen romances with a string of beauties that includes Christina Ricci and Keira Knightley.

**The Reel Truth** Reed Martin,2009-04-28 An industry insider draws on interviews with more than one hundred top names in independent film to counsel aspiring filmmakers on everything from common first-time mistakes and investment strategies to production myths and festival challenges. Original.

**The Everlasting Story of Nory Nicholson Baker**,2011-08-24 Our supreme fabulist of the ordinary now turns his attention on a 9-year-old American girl and produces a novel as enchantingly idiosyncratic as any he has written. Nory Winslow wants to be a dentist or a designer of pop-up books. She likes telling stories and inventing dolls. She has nightmares about teeth, which may explain her career choice. She is going to school in England, where she is mocked for her accent and her friendship with an unpopular girl, and she has made it through the year without crying. Nicholson Baker follows Nory as she interacts with her parents and peers, thinks about God and death-watch beetles, and dreams of cows with pointed teeth. In this precocious child he gives us a heroine as canny and as whimsical as Lewis Carroll's Alice and evokes childhood in all its luminous weirdness.

**Penelope** Marilyn Kaye,2007-03-20 A modern-day fairytale--a major motion picture starring Christina Ricci, Catherine O'Hara, James McAvoy, and Reese Witherspoon. Penelope Wilhern has everything a girl could want: A wealthy, socialite family, an enchanted bedroom and some of the coolest clothes around. There is only one problem: She was born into a cursed family and has the face of a pig. Hidden away from the world, Penelope now finds herself subjected to a string of snobby, blue-blooded bachelors in a desperate attempt to find her a husband in order to break the curse. Though she yearns for something greater, what's a girl to do when faced with a determined mother and her matchmaking sidekick? Hoping to snap a photo of the mysterious girl, mischievous tabloid reporter Lemon hires down-on-his-luck Max to pose as a prospective suitor and infiltrate the family. But when Max finds himself truly drawn to Penelope, he can't bring himself to expose and disappoint her, so he just disappears. Fed up with this latest betrayal and determined to live life on her own terms, Penelope decides to break free from her family and go out into the world in search of adventure. Hiding her true identity with a scarf, Penelope discovers a wondrous world where freedom opens her eyes to possibilities she never knew existed. Making new friends along the way, she discovers happiness in the most unexpected places.

**Perforated Heart** Eric Bogosian,2009-05-05 Almost forty years after moving to Manhattan, author Richard Morris has achieved if not stratospheric renown then at least the accomplished career and caliber of fame that he envisioned for himself as a younger man. Now financially comfortable and artistically embittered, Richard is at his home upstate recuperating from heart surgery and nursing resentment toward his publisher and his reading

public who have found new, more exciting writers and left his star to wane. In his attic, Richard comes across a stack of notebooks, the journals he began keeping when he arrived in New York in the late '70s. He is alternately fascinated and repelled by the young man he meets in these pages: hilariously naïve and egotistically misguided, the younger Richard compulsively absorbs everything around him from art and creativity to sex and drugs. As he reads more about himself, written by himself, Richard discovers that the pivotal moments of self-invention -- and self-realization -- occur far outside the conventional chronology of a lifetime. *Perforated Heart* explores two wholly different characters -- a young, ambitious artist and his older self, jaded by both success and failure -- and creates an unforgettable portrait of the two men who inhabit the one individual. By turns meditative, deftly observant, and scathingly analytical, Eric Bogosian re-creates the landscape and atmosphere of 1970s New York City with fresh, vivid imagery and reveals a powerful commentary on the dynamic between creativity and commerce in the artistic world. *Perforated Heart* is his most rewarding and penetrating novel yet, with prose that reflects an equally astonishing range of experience and emotion.

**Bastard Out of Carolina** Dorothy Allison,2005-09-06 A profound portrait of family dynamics in the rural South and “an essential novel” (The New Yorker) “As close to flawless as any reader could ask for . . . The living language [Allison] has created is as exact and innovative as the language of *To Kill a Mockingbird* and *The Catcher in the Rye*.” —The New York Times Book Review The publication of Dorothy Allison’s *Bastard Out of Carolina* was a landmark event that won the author a National Book Award nomination and launched her into the literary spotlight. Critics have likened Allison to Harper Lee, naming her the first writer of her generation to dramatize the lives and language of poor whites in the South. Since its appearance, the novel has inspired an award-winning film and has been banned from libraries and classrooms, championed by fans, and defended by critics. Greenville County, South Carolina, is a wild, lush place that is home to the Boatwright family—a tight-knit clan of rough-hewn, hard-drinking men who shoot up each other’s trucks, and indomitable women who get married young and age too quickly. At the heart of this story is Ruth Anne Boatwright, known simply as Bone, a bastard child who observes the world around her with a mercilessly keen perspective. When her stepfather Daddy Glen, “cold as death, mean as a snake,” becomes increasingly more vicious toward her, Bone finds herself caught in a family triangle that tests the loyalty of her mother, Anney—and leads to a final, harrowing encounter from which there can be no turning back.

It contains numerous stills, production sketches and set paintings, illustrating Burton's artistic vision from his early ideas to the finished film.
