Elf in the Ornament E. L. Barclay,2007-11 What would you do if you were given the opportunity to actually meet one of Santa's elves? What would one of Santa's elves do if he were given the chance to see something he'd never seen before...a real boy and girl! Elf in the Ornament is a wonderful Christmastime adventure, beginning at the North Pole. Santa's experiment involves elves living in special ornaments, hanging in the Christmas trees of unsuspecting little boys and girls during the weeks before Christmas Eve. The elves are only to observe the children and send nightly reports back to the North Pole, to help Santa keep track of who's being naughty or nice...but they are never, for any reason, to allow themselves to be seen. A simple experiment...until Alfred the Elf's curiosity causes him to accidentally come nose-to-nose with 9-year old Megan!

**The Christmas Adventure** C. A. Simonson,2018-09-06 What? No presents this Christmas? A new adventure, Dad said. They didn't realize what surprises were in store, and neither did their mom. **The Christmas Adventure** Stephen Moore,2019-11-21 The Christmas Adventure It's Christmas Eve night. Neatly wrapped presents are under the tree that is laden with decorations. The kitchen is well stocked for tomorrow's feast. The halls are decked. The fire is fading as silence settles in the living room. All is warm and cozy in the house while outside, a winter storm rages and the north wind howls as if demanding to get inside out of the cold. The scene is set. Now is the perfect time for the others who live in the house to make their own arrangements to enjoy seasonal merriment and a festive feast. With the family nestled all snug in their beds, two mice get stirring. Murgatroyd, a member of the elite M.I.N.U.T.E. (Mice International Network Unit Team Elite) tactical team and his young cousin, Archimedes, set off on a Christmas Eve raid on the refrigerator. This annual Yuletide Caper had been meticulously planned earlier by senior mice but, as the poet Robbie Burns once said, Best laid schemes of mice and men often go awry. Following the plan to the letter, Archimedes and Murgatroyd discover only fridge tracks. Horror of horrors, it's been stolen! Join our intrepid adventurers on their quest to find the missing appliance and steal it back. It's an adventure that brings out the light of the holiday season. Through it all, one little mouse will need to stand tall to save Christmas. With a little help from Santa, of course.

*Christmas at Highclere* The Countess of Carnarvon,2019-09-05 Highclere Castle, known as 'the real Downton Abbey' bustles with activity at the best of times, but it is never more alive than at Christmas. Christmas at Highclere is a look behind the scenes at the routines and rituals that make the castle the most magical place to be throughout the festive season. Lady Carnarvon will guide you through Advent, Christmas preparations and Christmas Eve all the way through to the day itself, and beyond. Learn how the castle and grounds are transformed by decorations, including the raising of a twenty-foot tree in the saloon, the gathering of holly and mistletoe from the grounds. All the intricacies of the perfect traditional Christmas are here: from crackers and carol singers. The festive feeling is carried through to Highclere's Boxing Day traditions, the restorative middle days and the New Year's Eve celebrations. This book also tells the story of historic Christmases at Highclere - of distinguished guests warming themselves by the fire after a long journeys home through the snow, unexpected knocks on the door, and, always, the joy of bringing family - and staff - together after a busy year. As well as telling the stories of Highclere Christmases past and present, Lady Carnarvon provides recipes, tips and inspiration from her kitchen so that readers can bring a quintessentially British festive spirit to their own home. Lady Carnarvon divulges the secret to perfectly flakey mince pies, the proper way to wrap presents so that you and your guests are guaranteed a Christmas to remember. Lavish, celebratory and utterly enchanting, Christmas at Highclere is celebration of one of the UK's most beloved historic houses and is the perfect gift for any Downton Abbey fan.

Right when these women thought they'd be comfortably settling into middle age, their carefully curated futures have turned out to be dead ends. The sender of the invitation is Willa Silvester, who is reeling from the untimely death of her beloved husband and the reality that she must say goodbye to the small mountain town they founded together. Yet as Willa mourns her losses, an impossible question keeps staring her in the face: So now what? Struggling to find the answer alone, fiercely independent Willa eventually calls a childhood friend who happens to be in her own world of hurt—and that's where the idea sparks. They decide to host a weeklong interlude from life, and invite two other friends facing their own quandaries. Soon the four women converge at Willa's Montana homestead, a place where they can learn from nature and one another as they contemplate their second acts together in the rugged wilderness of big sky country.

**Control Freak** Cliff Bleszinski,2022-11-01 The designer of Unreal and Gears of War offers an eye-opening personal account of the video game industry as it grew from niche hobby to hundred-billion-dollar enterprise. Video games are dominating the planet. In 2020, they brought in \$180 billion dollars globally—nearly \$34 billion in the United States alone. So who are the brilliant designers who create these stunning virtual worlds? Cliff Bleszinski—or CliffyB as he is known to gamers—is one of the few who've reached mythical, rock star status. In Control Freak, he gives an unvarnished, all-access tour of the business. Toiling away in his bedroom, Bleszinski created and shipped his first game before graduating high school, and at just seventeen joined a fledgling company called Epic Games. He describes the grueling hours, obscene amounts of Mountain Dew and obsessive focus necessary to achieve his singular creative visions. He details Epic's rise to industry leader, thanks largely to his work on bestselling franchises Unreal and Gears of War (and, later, his input on a little game called Fortnite), as well as his own awkward ascent from shy, acne-riddled introvert to sports car-driving celebrity rubbing shoulders with Bill Gates. As he writes, "No one is weirder than a nerd with money." While the book is laced with such self-deprecating humor, Bleszinski also bluntly addresses the challenges that have long-faced the gaming community, including sexism and a lack of representation among both designers and the characters they create. Control Freak is a hilarious, thoughtful, and inspiring memoir. Even if you don't play games, you'll walk away from this book recognizing them as a true art form and appreciating the genius of their creators.
