Milk Street: Tuesday Nights Mediterranean Christopher Kimball, 2021-04-06 Quick and simple weeknight recipes that bring the delicious flavors and health benefits of the Mediterranean diet into your home—from the James Beard award-winning team at Milk Street The Mediterranean diet is so much more than olive oil, grilled fish, and just-harvested vegetables—or its well-earned reputation for health. It is a diverse cuisine that encompasses the cultures and traditions of Southern Europe, North Africa, and the Middle East. The food is direct, simple, and honest, served without disguise or embellishment. Every Tuesday Nights recipe delivers big flavor, but the cooking is quick and easy. These 125 Mediterranean dinners are ready in under 45 minutes, with many taking just 20 minutes: Chicken alla Diavola with Broccoli Crispy Pasta with Chickpeas, Lemon and Parsley Fennel-Steamed Salmon with Warm Olive and Caper Vinaigrette Shrimp with Orzo, Tomatoes and Feta Panzanella with Fresh Mozzarella Green Shakshuka Flank Steak with Tomato-Eggplant Ragu Chapters are organized by how you cook, focused on time—Fast (45 minutes), Faster (35 minutes), and Fastest (under 25 minutes)—while others dive into themes such as Hearty Vegetable Mains, Supper Soups, and Flat and Folded—including pizza, flatbreads, pita sandwiches, and panini. Many of the recipes require only one piece of cookware, and they all are built from pantry staples. Dinner? Solved—every night of the week.

Land Use Law and Disability Robin Paul Malloy, 2014-10-27 In *Land Use Law and Disability*, Robin Paul Malloy argues that our communities need better planning to be safely and easily navigated by people with mobility impairment and to facilitate intergenerational aging in place. To achieve this, communities will need to think of mobility impairment and inclusive design as land use and planning issues, in addition to understanding them as matters of civil and constitutional rights. Although much has been written about the rights of people with disabilities, little has been said about the interplay between disability and land use regulation. This book undertakes to explain mobility impairment, as one type of disability, in terms of planning and zoning. The goal is to advance our understanding of disability in terms of planning and zoning to facilitate cooperative engagement between disability rights advocates and land use professionals. This in turn should lead to improved community planning for accessibility and aging in place.

A Book of Novenas Raymond Edwards,2017-06-30 The Church encourages us to ask for the intercession of the saints, to locate our prayer within the annual round of the Church's year, and to make our prayer in the tradition of the great figures of Scripture. The novenas in this beautifully bound collection help us to pray in all of these ways. It contains a rich selection for many different needs and intentions, including popular novenas to our Lady and the Holy Spirit.

Rapture Fusion Brent Humason,2017-12-09 The Bible's prophecies about the end-times can baffle even the most voracious Bible scholars and theologians. Their surreal symbolic imagery and convoluted timelines cause many Christians to make the appalling decision to avoid reading them all together, wrongly believing that they cannot be understood and/or don't apply to them. Rapture Fusion highlights the critical importance that every Christian read and understand end-times prophecy, as it does apply to every believer and can be systematically dissected to reveal a consistent and coherent timeline and description of future events. If you want to understand the most common schools of thought on the end-times and what the Bible really has to say concerning the tribulation, rapture, second-coming, millennium, and more, this thorough and scripture-based exploration of end-times prophecy is for you.
