Church Management Basics Ferdinand J Burger, 2004

Believing that a church or mission should be managed according to a structured module based on Biblical principles, Church Management Basics provides leadership and management with some basic ideas to help the reader become more accountable and responsible in their work. Not only are general topics, such as Finance, Administration and Human Resources discussed, but they are also examined more fully where appropriate. Hands-on examples are used to illustrate the application of solutions offered, and further tools and samples add to the innovative ingredients to make this book a must read for all church leaders, workers in missions and employees of other non-profit organizations. Areas of business covered in Church Management Basics include: Management and Leadership, sharing the vision and keeping the vibrancy going, finance and basic accounting for non-profit organizations, document management, administration, time management, project management, IT-Systems, Human Resources Management in churches and how not to lose the main focus of God's Church on earth while doing all the day to day tasks. Church Wake-Up Call William Benke, Le Etta Benke, Robert E Stevens, David L Loudon, 2014-05-22 Is your church viable in the changing marketplace of today--and tomorrow? Today's church market is comprised of four cultural paradigms--Youth, Baby Busters (Generation X), Baby Boomers, and Pre-Boomers. Each has unique characteristics in terms of attitudes, spiritual orientation, values, emotional needs, moral perspective, and lifestyle. This implies significant changes for the church--new approaches to ministry and different methods of communication and interface. Church Wake-Up Call's unique "Ministries Matrix" approach provides effective management techniques to help you define and evaluate

duties, priorities, and remedial actions for the future of your ministry in today's multigenerational context. Church Wake-Up Call will inform and enlighten you on these subjects: understanding and using the Ministries Matrix to define purposes and priorities for your church directing your ministry toward a particular age group without compromising the church's message increasing your church's visibility structuring your church's management organization creating an effective outreach program . . . and more! Although the book is oriented toward churches and their leadership and has been written largely from an evangelical Christian perspective, the descriptive information regarding each of the generational categories that comprise today's populace is applicable to all Christian organizations, whether they be evangelical or mainline Protestant, Catholic or parachurch. Similarly, the management system, which integrates defined purposes, priorities, and programming options into a well-coordinated plan of action, can be applied by all such organizations.

Principles and Practice of Church Management

Gabriel Oluwasegun,2000

Minding His Business Don Corder,2015-08-07 The church is not a business—but it often has to conduct aspects of business. When a church needs a lawyer, it hires a lawyer. When it needs a plumber, it hires a plumber. But when it comes to making business decisions, it typically doesn't consult someone with business expertise. Instead, it convenes well-meaning but often inexperienced volunteers to form a committee that takes a month to make a decision

about which color to paint the nursery. Conducting business this way is a vision killer that drains the passion out of creative, relational pastors and ministry leaders. Bottom line: The modern church is being poorly managed but does not know it. The level of inefficiency and waste in today's churches is staggering. *Minding His Business* was written specifically for churches to convey basic business wisdom, management principles, and the best business practices. Unlike intimidating business textbooks, it includes forty short vignettes designed to be read like a daily devotional. Each chapter deals with everyday challenges and offers real-life examples—derived from the author's more than thirty years of experience—that show how to (and sometimes how not to) handle each situation of conducting business for the church. Are you minding His business?
