Martyn's Menu Dictionary (Classic Reprint) Charles Martyn, 2018-03-22 Excerpt from Martyn's Menu Dictionary It should also be remarked that this book is not intended to take the place of works like Fellows' Chef's Reminder and a Selection of Dishes, or Senn's French Menus, both of which excellent books are in purpose a dictionary of dishes - instead of, like this, a dictionary of words and phrases. The making of the book was suggested by the little volume entitled Latin de Cuisine, published several years ago, and in conception (before this work commenced to grow to its present larger size), I found many suggestions and a good deal of assistance in a study of its pages. Moreover, it is useful to subdivide each of the parts. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Quantity Cookery Lenore Richards, 2017-10-12 Excerpt from Quantity Cookery: Menu Planning and Cooking for Large Numbers This book has been written in response to the many requests for practical help in the planning of menus and for the recipes in use in the cafeteria under the management of the authors. This book is designed primarily to assist the managers of food departments in institutions. However, it is hoped that the chapters on menu planning, the recipes, and the list of Weights and their approximate measures may prove useful as a text for those teachers of institution management who have the problem of teaching large quantity cookery and menu planning.
