Darren Henley, Sam Jackson, Classic FM (Radio station : London, England)

Classical Music Radio in the United Kingdom, 1945-1995 Tony Stoller,2017-11-11 This book is the first comprehensive account of classical music on all British radio stations, BBC and commercial, between 1945 and 1995. It narrates the shifting development of those services, from before the launch of the Third Programme until after the start of Classic FM, examining the output from both qualitative and quantitative perspectives, as well as recounting some of the stories and anecdotes which enliven the tale. During these fifty years, British classical music radio featured spells of broad, multi-channel classical music radio, with aspirational and mainstream culture enjoying positive interactions, followed by periods of more restricted and exclusive output, in a paradigm of the place of high culture in UK society as a whole. The history was characterised by the recurring tensions between elite and popular provision, and the interplay of demands for highbrow and middlebrow output, and also sheds new light on the continuing relevance of class in Britain. It is an important and unique resource for those studying British history in the second half of the twentieth century, as well as being a compelling and diverting account for enthusiasts for classical music radio.

The Classic Serial on Television and Radio Robert Giddings,Keith Selby,2001-02-14 The classic serial, invented by BBC Radio Drama sixty years ago, survived and adapted itself to television, the arrival of colour and the global market in what has become a flood of classics with all channels competing for ratings and overseas sales. This richly detailed book traces these developments and analyses the genre's response to social, economic, technical and cultural changes, which have re-shaped it into the form we recognise today. The book contains considerable interview material with performers and media professionals.

The Classic FM Hall of Fame Darren Henley,Sam Jackson,Tim Lihoreau,2011 This is a collection of the 300 most popular pieces of classical music, as voted for by the Classic FM listeners.

Everything You Ever Wanted to Know about Classical Music But Were Too Afraid to Ask Darren Henley,Sam Jackson,Classic FM (Radio station : London, England),2012-04 For readers who are unsure of the difference between an alto and a contralto, wonder exactly when to applaud at a concert, or aren't even sure what music they should be listening to in the first place, this is the perfect guide All too often, potential classical music listeners are put off due to its perceived elitism. This book gleefully dispels this notion and many others as it works brilliantly to make classical music not only accessible, but also disarmingly simple and utterly engrossing. It is broken into three sections designed to steer readers through the terminology and etiquette of classical music; open the fascinating history of the genre and its key figures over the last thousand years, showing their sheer brilliance coupled with their very human natures; and provide an indispensable reference guide for any reader, whether they prefer traditional chamber music or sweeping film scores.

Loading the Silence: Australian Sound Art in the Post-Digital Age Linda Ioanna Kouvaras,2016-05-13 The experimentalist phenomenon of 'noise' as constituting 'art' in much twentieth-century music (paradoxically) reached its zenith in Cage's ('silent' piece) 4'33 . But much post-1970s musical endeavour with an experimentalist telos, collectively known as 'sound art', has displayed a postmodern need to 'load' modernism's 'degree zero'. After contextualizing experimentalism from its inception in the early twentieth century, Dr Linda Kouvaras's Loading the Silence: Australian Sound Art in the Post-Digital Age explores the ways in which selected sound art works demonstrate creatively how sound is embedded within local, national, gendered and historical environments. Taking Australian music as its primary - but not sole - focus, the book not only covers discussions of technological advancement, but also engages with aesthetic standpoints, through numerous interviews, theoretical developments, analysis and cultural milieux for a contemporary Australian, and wider postmodern, context. Developing new methodologies for synergies between musicology and cultural studies, the book uncovers a new post-postmodern aesthetic trajectory, which Kouvaras locates as developing over the past two decades - the altermodern. Australian sound art is here put firmly on the map of international debates about contemporary music, providing a standard reference and valuable resource for practitioners in the artform, music critics, scholars and educators.

Music in the Marketplace Samuel Cameron,2015-03-24 Much recent economic work on the music industry has been focused on the impact of technology on demand, with predictions being made of digital copyright infringement leading to the demise of the industry. In fact, there have always been profound cyclical swings in music media sales owing to the fact that music always has been, and continues to be, a discretionary purchase. This entertaining and accessible book offers an analysis of the production and consumption of music from a social economics approach. Locating music within the economic analysis of social behaviour, this books guides the reader through issues relating to production, supply, consumption and trends, wider considerations such as the international trade in music, and in particular through divisions of age, race and gender. Providing an engaging overview of this fascinating topic, this book will be of interest and relevance to students and scholars of cultural economics, management, musicology, cultural studies and those with an interest in the music industry more generally.

Game Theory: A Nontechnical Introduction To The Analysis Of Strategy (Fourth Edition) Roger A McCain,2023-05-29 As with the previous editions, this fourth edition relies on teaching by example and the Karplus Learning Cycle to convey the ideas of game theory in a way that is approachable, intuitive, and interdisciplinary. Noncooperative equilibrium concepts such as Nash equilibrium, mixed strategy equilibria, and subgame perfect equilibrium are systematically introduced in the first half of the book. Bayesian Nash equilibrium is briefly introduced. The subsequent chapters discuss cooperative solutions with and without side payments, rationalizable strategies and correlated equilibria, and applications to elections, social mechanism design, and larger-scale games. New examples include panic buying, supply-chain shifts in the pandemic, and global

warming.

Classic Jazz Floyd Levin,2002-04-30 Floyd Levin's half-century collection of reportage, reviews and recollections are an irreplaceable and totally enjoyable trove of writing about the vibrancy, past and still-present, of traditional American jazz.—Charles Champlin, author of Back There Where the Past Was I've known Floyd and his wife Lucille for more than fifty years. Floyd's book is a colorful, intimate account of his lifelong love affair with jazz. I'm especially fascinated when he writes about his personal encounters with some of the jazz legends of the Century. This book is essential reading for anyone concerned about jazz - its present, its past, and his evolution.—Milt Hinton Floyd Levin's dedicated and unselfish life-long work for the cause of jazz has illuminated many a corner that would otherwise have remained in the dark. All who care about the music are in his debt. Classic Jazz, like Floyd himself, is a classic.—Dan Morgenstern, Director, Institute of Jazz Studies, Rutgers University What a rich, passionate and human book this is! Drawing on fifty years of devotion to classic, New Orleans jazz and the artists who performed it, Floyd Levin brilliantly weaves anecdotal material, primary research, intimate personal observations, and analyses to create an historical goldmine of the music's evolution in New Orleans and on the West Coast. In rendering portraits of legendary musicians in such a beautifully moving, honest way, he offers not just standard history, but a strong sense of the emotional core of the music as well.—Steve Isoardi, co-author of Central Avenue Sounds
