How to Open & Operate a Financially Successful Cleaning Service Beth Morrow,2008 Book & CD-ROM. A lot of people believe that they can set up and operate a cleaning business that will reap big profits with a few dollars and some cleaning supplies. The reality is most of these start-ups fail in a couple of months. As with any business, it takes hard work and time to develop a profitable cleaning business. However, armed with the detailed information in this new book, you can have your recession-proof cleaning business up and running quickly. You will learn how to build your client list quickly, properly bid on jobs, organise your schedule, and maximise your time and profits. You will learn everything you need to know BEFORE starting your cleaning business. A cleaning service can be run part- or full-time and can easily be started in your own home. As such, these businesses are one of the fastest growing segments in the service economy. This new book will teach you all you need to know about starting your own cleaning business in the minimum amount of time. Here is the manual you need to cash in on this highly profitable segment of the service industry. This book is a comprehensive and detailed study of the business side of cleaning. This superb manual should be studied by anyone investigating the opportunities of opening a cleaning business and will arm you with everything you need, including sample business forms, contracts, worksheets and checklists for planning, opening, and running day-to-day operations, and dozens of other valuable, time-saving tools that no entrepreneur should be without. While providing detailed instructions and examples, the author

leads you through finding a location that will bring success (if necessary), buying (and selling) a cleaning service, pricing formulas, sales planning, tracking competitors, bookkeeping, media planning, pricing, copy writing, hiring and firing employees, motivating workers, managing and training employees, accounting procedures, successful budgeting, and profit planning development, as well as thousands of great tips and useful guidelines. By reading this book, you will become knowledgeable about basic cost control systems, Web site plans and diagrams, software and equipment layout and planning, sales and marketing techniques, legal concerns, IRS reporting requirements, customer service, monthly profit and loss statements, tax preparation, public relations, general management skills, low and no cost ways to satisfy customers and build sales, and auditing. In addition, you will learn how to draw up a winning business plan (the Companion CD-ROM has the actual business plan that can be used in Microsoft Word), how to set up computer systems to save time and money, how to hire and keep a qualified professional staff, how to generate high profile public relations, and how to keep bringing clients back. The manual delivers literally hundreds of innovative ways to streamline your business. Learn new ways to make your operation run smoother and increase performance. Shut down waste, reduce costs, and increase profits. In addition owners will appreciate this valuable resource and use it as a reference in their daily activities and as a source for ready-to-use forms, Web sites, operating and cost cutting ideas, and mathematical formulas that can be easily applied. The Companion CD-ROM contains all the forms in the book, as well as a sample business plan you can adapt for your own use.

Start Your Own Cleaning Service Jacquelyn Lynn, 2003 Low start-up costs make a cleaning service ideal for sweeping up profits quickly Have you ever stopped to think about how much time you spend cleaning things? Your house, your car, your clothes-the list goes on and on. How to Start Your Own House Cleaning Company Angela Brown, 2016-03-09 Start a house cleaning business with this step-by-step guide and be up and running in one week. Back in the olden days before the internet was really popular and you could Google search anything, there was trial and error. If you wanted to start a house cleaning business from scratch you could, but it was rarely an overnight success for anybody. Big success was tossed to the cleaning service franchisees who could afford the fancy training, and well-built brands, while the mom and pop cleaning services were left to figure it out on their own. Good news - times have changed. As an independent house cleaner, you no longer have to wade through endless Pinterest boards for tips and ideas on how to start a house cleaning business. Angela Brown built from scratch one of the most successful independently owned and operated house cleaning companies in the Southeastern United States. If you are serious about success in the cleaning service industry, you should sign up for her free tips, tricks and time saving hacks by joining the Savvy Cleaner email list at: savvycleaner.com/tips and you follow her blog at:

AskaHouseCleaner.com She has trained a multitude of independent house cleaners how to take their business from day one through expansion and enormous growth. In this step-by-step guide she'll show you: How to set up your home office What office supplies you are going to need Ideas for your company logo How to choose your company name How to choose a uniform Tips on creating your company image and brand How to set your rules and policies How to choose a territory Everything you need to know about creating flyers, worksheets and why you need them. How to bid jobs, what to charge, What kind of car you need, Confidence builders & how to build instant credentials, Bonding, insurance The magic of the Mulligan, How to get an endless stream of referrals, how much you should pay for referral fees, How to never have any billing and collections, and how to always get paid and on time. (There is a reason they call Angela Brown The House Cleaning Guru.) If you're here because you have an interest in house cleaning or in upgrading your life and you want to start a house cleaning business, welcome. House cleaning business is a 49 billion dollar a year industry that is nearly recession proof - when times get hard, people work more hours to pay the bills, they have less time at home to clean, so they outsource their cleaning - which means more business for you and me. Another awesome reason to start a house cleaning business is this: unlike a regular 9 to 5 job if you get fired, you're not out of work. You simply add another customer into your new available time slot and keep going. And you will learn here how to do such an amazing job, that you will never get fired, and your clients will never want you to leave. Franchise or Start a house cleaning business? (FREE BONUS DOWNLOAD: savvycleaner.com/franchise So should you buy into an existing franchise like Molly Maid, MerryMaids, The Cleaning Authority, Maid Brigade, Maid Pro, Sears MaidServices, The Maids, Two Maids & A Mop, You've Got Maids, MaidSimple, Cleantastic, Home Cleaning Services of America, Jani-King, MopFrog, Jan Pro, Maid to Perfection, or many of the others on the market? Or should you start your own house cleaning company from scratch? There are pros and cons to both. How to Start a Cleaning Business Maxwell Rotheray, Many people don't like to be called cleaners, but then many people don't get paid to scrub floors and wash carpets and clean windows. The commercial cleaning business can be profitable, flexible, and can grow quickly, making it a great home business preference, if you key into the right path. Professional Cleaning Business has the tendency of lower up-front costs than other businesses, and this is one of the few businesses you can begin working on immediately with little capital investment and start making profit. Formal training or certifications are not necessarily required for typical home and office cleaning. For those that have a high level of work ethic and customer demeanor, the cleaning business can be a lucrative and rewarding experience. The following are the reasons why you should try your hand in commercial

cleaning business; i. Constant Market: Businesses need their offices cleaned whether in a good economy or bad one if it wants to keep a professional and clean environment. Commercial cleaning maintains a steady market with steady demand. ii. Simple Service Offering: Whether an entrepreneur decides to tap from an existing franchise model or build it from the scratch, what businesses need is fairly similar across the board such as emptying wastebaskets, cleaning bathrooms, dusting tables and chairs, washing toilets, and the typical sweeping and mopping. iii. Business Is Stable: Commercial cleaning is a continuing service business. This means that companies and other businesses need the service regularly, which brings in steady business for you as well as a secure, regular income. iv. Entry-Level Workforce: The good thing about it is that your employees don't need formal education or training, so you don't have to spend money on expensive training or recruiting costs. v. Overhead is low: Outside of cleaning supplies and other essentials, someone interested in a commercial cleaning franchise doesn't have to commit a lot of cash to buy cleaning equipment such as vehicles or inventory. This book is a complete guide for starting a cleaning business with unpopular strategies for maximizing profit with minimum cost. It also provides tips on determining the right location for a successful and flourishing business. More facts and strategies are explained in this book to help you start your own commercial cleaning business without sweat! Selling Contract Cleaning Services 101 Richard D. Ollek, 2008-08 This book chronicles God's involvement with America in the past up to the present times. While researching America's birth, it is easy to witness the hand of God working through faithful men to help create the foundations of this great country. This is easily demonstrated through the words of the Founding Fathers and the miraculous victory of a small rag-tag militia over the world's greatest superpower of the day; Great Britain. The author also demonstrates amazing parallels between the formation of this country and God's work in the creation of Israel in the days of David and Solomon. During the middle 1800s, many religions and philosophies began to pervade the American consciousness. Many cults found there growth out of this time period and the world was reshaped by the philosophical outgrowth of Darwinism

and his godless explanation of the evolution of life. Eugenics followed on the heels of Darwinism, which set the stage for the bloodiest century in the history of humanity. This paradigm shift in the American consciousness reached its full fruition in the creation of the Federal Reserve, the Great Depression and the carnage of WWI and WWII. Humanity's answer to the carnage of WWII was not to repent to a Holy God, but to create the foundation of a One World Superstate known as the United Nations. The United Nations will never be able to achieve its stated goal as long as the United States is more powerful than this organization. Nevertheless, since the U.S. has drifted so far from God's word we find that the ultimate fate of our country is sealed by our revelations of God and His judgment. You will be amazed to discover just how much the bible has to say about America's future.

Sam, I wanted to take this opportunity to personally thank you. Your book is absolutely awesome. I was very skeptical at first, so much that it took almost two years to order your E-book. You may remember me, because I sent you an email asking you if this was for real. You replied right away, assuring me that the information in your book was very good. Well, to make a long story short I ordered it 4 months ago and loved it. I recommend it to anyone starting out. I love this book and still go back to it from time to time. I owe my business to all the information I've obtained from it. I already have 4 customers and others in the works. Please add this in your testimonials, I'm sure your book will help many as it has helped me. P.S. (thanks to you and your staff for answering my questions and quick response to my emails)
