Male Suicide and Masculinity in 19th-century Britain Lyndsay Galpin,2022-04-07 This book shows how interpretations of suicidal motives were guided by gendered expectations of behaviour, and that these expectations were constructed to create meaning and understanding for family, friends and witnesses. Providing an insight into how people of this era understood suicidal behaviour and motives, it challenges the assertion that suicide was seen as a distinctly feminine act, and that men who took their own lives were feminized as a result. Instead, it shows that masculinity was understood in a more nuanced way than gender binaries allow, and that a man's masculinity was measured against other men. Focusing on four common narrative types; the love-suicide, the unemployed suicide, the suicide of the fraudster or speculator, and the suicide of the dishonoured soldier, it provides historical context to modern discussions about the crisis of masculinity and rising male suicide rates. It reveals that narratives around male suicides are not so different today as they were then, and that our modern model of masculinity can be traced back to the 19th century.

Making Christian History Michael Hollerich,2021-06-22 Known as the "Father of Church History," Eusebius was bishop of Caesarea in Palestine and the leading Christian scholar of his day. His Ecclesiastical History is an

irreplaceable chronicle of Christianity's early development, from its origin in Judaism, through two and a half centuries of illegality and occasional persecution, to a new era of tolerance and favor under the Emperor Constantine. In this book, Michael J. Hollerich recovers the reception of this text across time. As he shows, Eusebius adapted classical historical writing for a new "nation," the Christians, with a distinctive theological vision. Eusebius's text left its mark on Christian historical writing from late antiquity to the early modern period—across linguistic, cultural, political, and religious boundaries—until its encounter with modern historicism and postmodernism. *Making Christian History* demonstrates Eusebius's vast influence throughout history, not simply in shaping Christian culture but also when falling under scrutiny as that culture has been reevaluated, reformed, and resisted over the past 1,700 years.
