Sh*t's and B**s** David Brown, 2016-11-13 This is not just more of the same - at least, not exactly the same. If anything, it's probably a bit less... of some things. Twenty scripts, articles and short stories about: Likes and dislikes. Similarities and differences. Spirituality and rationalism. Beer and darts. Lies and damn lies. (...and lots of answers!)

They're with You Win Or Tie Harold C. Carl, 2011-11 Hilarious stories you'd never dream could emerge from the office of a superintendent of school! This book demonstrates that a good sense of humor is probably more important than possessing a PhD in dealing with the diversified spectrum of visitors who cross the superintendent's threshold on a daily basis - all with a problem that only he can solve! You've got to deal with them all - from the governor's office and the state superintendent of schools to the least affluent and unemployed. How you do this, and making them all feel special in the process - dictates your measure of success and tenure in office. Also, that little bit of humor you inject into the seemingly most serious of cases, especially to the persons involved, may go a long way in diffusing some volatile situations and putting them into a workable perspective which then become win-win for all concerned. This book also contains many valuable gems of wisdom in dealing with work related eventualities from some of the world's wisest minds - such as Dr. Norman Vincent Peale. Also some of America's top executives provide inspirational themes which illustrate how they became top level CEO's

Random Acts of Mayhem! Odyssey Through an Urban Landscape; While on the Road to Redemption, a Once-Privileged Athlete Encounters Bogeymen, Bearded Dra Luther Lovelace Jr., 2011-05 Approaching thirty-five and facing a defining moment in a less than illustrious career, Isaac Preston sits alone at his desk eating a brown bag lunch. He's been fighting depression for years, but things are finally starting to look up, because he's just landed a new teaching job, his first job in some time. As he tries to ward off the demons that haunt him, he reminds himself that his current taste for bag lunches wasn't always part of his DNA. There was a time when the world was his oyster. Seventeen years earlier during the spring of 1995, his wizardry at basketball was the talk of Los Angeles. On the verge of receiving a basketball scholarship, all hell broke loose. In the midst of the O.J. Simpson trial, two stories were on everyone's lips in L.A. during the spring of '95: Would O.J. be convicted and where would Isaac Preston - hailed as the next Michael Jordan - play ball, in college or the NBA? There were a lot of things heating up in Los Angeles that year, including a pilot project at Isaac's school, placing youthful prisoners in with students to rehabilitate them. Amid the violence and Random Acts of Mayhem that erupted in Isaac's high school that year, many lives were changed forever. About the Author: Luther Lovelace Jr. excelled in high school track until an injury derailed his ambitions to win a sports scholarship. Formerly a senior aerospace engineer, his second career is teaching high school mathematics in Los Angeles. College recruiters pound on my door almost every day in pursuit of athletes who view academics with moderate skepticism. He was sure Mia Grant was Lori, the wife he'd lost in an undercover case gone bad. Now the operative for the elite team of Equalizers had to prove it...even if he had to kidnap her. Mia Grant saw the hope in Linc's eyes... but just because she liked vanilla, blues and old houses didn't make her his long-lost wife. Nothing about him was familiar, except the sizzle she felt when they touched. But when they discovered Lori's records destroyed and her photos stolen, even Mia knew someone had gone to great lengths to make her forget. And he'd do anything to ensure she never remembered...
