The Radical King Dr. Martin Luther King, Jr.,2016-01-12 A revealing collection that restores Dr. King as being every bit as radical as Malcolm X “The radical King was a democratic socialist who sided with poor and working people in the class struggle taking place in capitalist societies. . . . The response of the radical King to our catastrophic moment can be put in one word: revolution—a revolution in our priorities, a reevaluation of our values, a reinvigoration of our public life, and a fundamental transformation of our way of thinking and living that promotes a transfer of power from oligarchs and plutocrats to everyday people and ordinary citizens. . . . Could it be that we know so little of the radical King because such courage defies our market-driven world?” —Cornel West, from the Introduction Every year, Dr. Martin Luther King, Jr., is celebrated as one of the greatest orators in US history, an ambassador for nonviolence who became perhaps the most recognizable leader of the civil rights movement. But after more than forty years, few people appreciate how truly radical he was. Arranged thematically in four parts, *The Radical King* includes twenty-three selections, curated and introduced by Dr. Cornel West, that illustrate King’s revolutionary vision, underscoring his identification with the poor, his unapologetic opposition to the Vietnam War, and his crusade against global imperialism. As West writes, “Although much of America did not know the radical King—and too few know today—the FBI and US government did. They called him ‘the most dangerous man in America.’ . . . This book unearths a radical King that we can no longer sanitize.”

A Book Called YOU Matthew Stephen Brown,2021-10-05 Consider the possible Enneagram types of well-known figures in the Bible to discover more about yourself and gain specific wisdom about how and why you are uniquely made. Who am I? Everyone asks that question, no matter their age or status in life. If we’re truly supposed to be real with others, shouldn’t that start by learning how to be real with ourselves? The Enneagram describes nine basic personality styles which can help us better understand who we are and what drives us. When God designed you, He did not create you as a number but as a uniquely created individual. Your Enneagram type can give you great insight into the complexities of yourself and others. *A Book Called YOU* will show you how a biblical view of self-discovery can improve every part of your life, and includes: The potential Enneagram type of well-known biblical figures like Peter, David, Abraham, King Saul, and more The character, core motivation, and core weaknesses of each Enneagram type Advice on how to best love each personality type How to pray specifically for each Enneagram type Based on his widely successful teaching series *A Series Called You*, pastor Matt Brown offers a groundbreaking, entertaining, and heartfelt guide that highlights biblical

truths alongside the Enneagram to help us fully embrace who we are and help us love and relate to the people around us.

Speak Louisa Hall,2015-07-07 A thoughtful, poignant novel that explores the creation of Artificial Intelligence—illuminating the very human need for communication, connection, and understanding. In a narrative that spans geography and time, from the Atlantic Ocean in the seventeenth century, to a correctional institute in Texas in the near future, and told from the perspectives of five very different characters, *Speak* considers what it means to be human, and what it means to be less than fully alive. A young Puritan woman travels to the New World with her unwanted new husband. Alan Turing, the renowned mathematician and code breaker, writes letters to his best friend's mother. A Jewish refugee and professor of computer science struggles to reconnect with his increasingly detached wife. An isolated and traumatized young girl exchanges messages with an intelligent software program. A former Silicon Valley Wunderkind is imprisoned for creating illegal lifelike dolls. Each of these characters is attempting to communicate across gaps—to estranged spouses, lost friends, future readers, or a computer program that may or may not understand them. In dazzling and electrifying prose, Louisa Hall explores how the chasm between computer and human—shrinking rapidly with today's technological advances—echoes the gaps that exist between ordinary people. Though each speaks from a distinct place and moment in time, all five characters share the need to express themselves while simultaneously wondering if they will ever be heard, or understood.

The Street Lawyer John Grisham,2010-03-16 #1 NEW YORK TIMES BESTSELLER • Michael Brock is billing the hours, making the money, rushing relentlessly to the top of Drake & Sweeney, a giant D.C. law firm. One step away from partnership, Michael has it all. Then, in an instant, it all comes undone. A homeless man takes nine lawyers hostage in the firm's plush offices. When it is all over, the man's blood is splattered on Michael's face—and suddenly Michael is willing to do the unthinkable. Rediscovering a conscience he lost long ago, Michael is leaving the big time for the streets where his attacker once lived—and where society's powerless need an advocate for justice. But there's one break Michael can't make: from a secret that has floated up from the depths of Drake & Sweeney, from a confidential file that is now in Michael's hands, and from a conspiracy that has already taken lives. Now Michael's former partners are about to become his bitter enemies. Because to them, Michael Brock is the most dangerous man on the streets. Don't miss John Grisham's new book, *THE EXCHANGE: AFTER THE FIRM!*

Cut Patricia McCormick,2024-05-21 An astonishing novel about pain, release, and recovery from two-time National Book Award finalist, Patricia McCormick. A tingle arced across my scalp. The floor tipped up at me and my body spiraled away. Then I was on the ceiling looking down, waiting to see what would happen next. Callie cuts herself. Never too deep, never enough to die. But enough to feel the pain. Enough to feel the scream inside. Now she's at Sea Pines, a residential treatment facility filled with girls struggling with problems of their own. Callie doesn't want to have anything to do with them. She doesn't want to have anything to do with anyone. She won't even speak. But Callie can only stay silent for so long...

Everything Can Be Beaten Jhonen Vasquez,Crab Scrambly,2002 Admirers of the well-beloved Mr. Chancre Scolex should find reason to rejoice in *Everything Can Be Beaten* which, according to the author, is based on a completely fabricated true story. Mr. Scolex devoted his time and talent to writing *Everything Can Be Beaten*'s compelling story, as well as to designing the book's unique layout and the appearance of its complex, multi-faceted characters. Matching Mr. Scolex's devotion to quality and artistry, Mr. Scrambly supplied colorful painted illustrations. These paintings vividly depict the story of IT, a hapless creature who breaks out of his monotonous existence to explore the realms that lie outside of the only room he has ever known. Bored of a life spent beating an endless supply of kittens, IT ventures outside and discovers a world entirely new to him. Though he

is at first elated to find a place full of wonder and happiness, IT soon realizes that he can never belong in this welcoming, joyful land. Alone in paradise, he is despondent and depressed until he realizes that, indeed, everything can be beaten, even in this strange new world. Writing and layouts by Chancre Scolex (sometimes known as Jhonen Vasquez), paintings by Crab Scrambly.

The Art of Communicating Thich Nhat Hanh, 2013-08-13 Zen master Thich Nhat Hanh, bestselling author of *Peace is Every Step* and one of the most respected and celebrated religious leaders in the world, delivers a powerful path to happiness through mastering life's most important skill. How do we say what we mean in a way that the other person can really hear? How can we listen with compassion and understanding? Communication fuels the ties that bind, whether in relationships, business, or everyday interactions. Most of us, however, have never been taught the fundamental skills of communication—or how to best represent our true selves. Effective communication is as important to our well-being and happiness as the food we put into our bodies. It can be either healthy (and nourishing) or toxic (and destructive). In this precise and practical guide, Zen master and Buddhist monk Thich Nhat Hanh reveals how to listen mindfully and express your fullest and most authentic self. With examples from his work with couples, families, and international conflicts, *The Art of Communicating* helps us move beyond the perils and frustrations of misrepresentation and misunderstanding to learn the listening and speaking skills that will forever change how we experience and impact the world.
