Clockwork Fairy Tales: A Collection of Steampunk Fables Stephen L. Antczak, James C. Bassett, 2013-06-04 Combining the timeless fairy tales that we all read as children with the out-of-time technological wizardry that is steampunk, this collection of stories blends the old and the new in ways sure to engage every fantasy reader.... Inspired by Hans Christian Andersen's "The Red Shoes," New York Times bestselling author K. W. Jeter's "La Valse" forges a fable about love, the decadence of technology, and a gala dance that becomes the obsession of a young engineer—and the doom of those who partake in it.... In "You Will Attend Until Beauty Awakens," national bestselling author and John W. Campbell Award winner Jay Lake tells the story of Sleeping Beauty—and how the princess was conceived in deception, raised in danger, and rescued by a prince who may be less than valiant. The tale of "The Tinderbox" takes a turn into the surreal when a damaged young soldier comes into possession of an intricate, treacherous treasure and is drawn into a mission of mercy in national bestselling author Kat Richardson's "The Hollow Hounds." In "The Kings of Mount Golden," Hugo and World Fantasy Award nominee Paul Di Filippo tells the story of a young man's search for his heritage and a mechanical marvel that lies at the heart of a sinister pact in this fascinating take on "The King of the Golden Mountain." ALSO INCLUDES STORIES FROM Steven Harper Nancy A. Collins G. K. Hayes Gregory Nicoll Pip Ballantine

The Clockwork Three Matthew J. Kirby, 2010 As mysterious circumstances bring Giuseppe, Frederick, and Hannah together, their lives soon interlock like the turning gears in a clock and they realize that each one holds a key to solving the others' mysteries.

Clockwork, Or, All Wound Up Philip Pullman, 2004 An apprentice clockmaker is caught up in terrible machinations set in motion by a storyteller, whose characters merge like clockwork with life.

The Clock People Mark Roland Langdale, 2018-08-14 A highly imaginative fantasy book for children and young adults. Written in the authors' unmistakable style, the book transports readers to a different world. The narrative surrounds the theme of time and follows people who live inside a clock. The Clock People is a wondrous work of mechanical engineering and imagineering that runs both like clockwork and anti-clockwork! The story follows the lives of people who live and work inside an antique golden fob watch to the sound of clicking, ticking, tocking, whirling and whirring. The Clock People lost their home, downsizing to another property in Clock Town. But this is just half of the story, the other half is lost in time, waiting to be discovered... The Clock People is Mark Roland Langdale's fifth Matador children's book, and will appeal to science fiction and fantasy lovers along with fans of his former books. "What is time? Scientists who believe in quantum wonder tales would have you believe it does not exist, that it is simply an illusion a clever conjuring trick and nothing more..."

Clockwork Twist Emily Thompson, 2019-11-17 This is the tenth book of 12, in a long series of steampunk adventure books. Set in a magical fantasy version of the Victorian era, the Clockwork Twist series follows an unassuming and introverted clockmaker from London, named Twist. When a clockwork princess needs his help, Twist finds himself on an adventures around the world surrounded by airship pirates, secret societies, treasure hunters, vampires, dragons, magical kitsune, and even a genie or two. Are you all caught up? Jonas warned Twist that he would meet his father someday, and that day has finally arrived. Meeting the man, however, was only the first surprise. Now Twist might have a chance to bring his mother back to life, as well. Twist grew up thinking that he was a forgotten and abandoned orphan. If his parents had wanted him, surely they would have kept him. Twist told himself that they both must be long dead, to save himself from farther pain. That, however, was all an illusion specially designed to protect him from evil fairies that wanted his ruin. His mother gave her life to protect Twist, and his father hid him away only because he had no other choice. When Twist's fate catches up to him unexpectedly, he finds himself face to face with the father who abandoned him, and to Twist's shock he

finds nothing but remorse in the other man. More than simply wishing that things had been different, that he could have kept and raised Twist himself, Twist's father tells him that he's been working for years to build a time machine with the express intent to bring Twist's mother back from death. Dabbling in the fabric of time, however, is not very straight forward. In preparation to reach into the past and steal Twist's mother away to the present, he accidentally brings an unknown man from the far away future of 1946, into the streets of present day London. Now Twist and his friends have to travel to his father's hidden time machine to set things right.

The Clockwork Alice Deanna Knippling,2017-06-08 Tick. Tock. Time is running out for Wonderland. When Alice Liddell got married and became Alice Hargreaves, she received one last gift from the man who immortalized her in Alice's Adventures in Wonderland and Through the Looking Glass-a watercolor painting. To anyone else, it's just a normal painting of Oxford. But to Alice, it's a portal to another world. One that she doesn't dare go through anymore-as a wife, a mother, and a well-brought-up upper-class English lady. On the other side of the portal, another, younger Alice is being dragged into the beginning of a war. A war between the Wonderlanders that we know-and the ones on the opposite side, clockwork creations that used to maintain the clocks that drove Wonderland but have now forced their counterparts to slave from dusk until dawn. A cruel treaty constrains everyone from the humblest rabbit to the highest queen. And now the fragile peace between the Wonderlanders is coming to an end: the great clock that runs Wonderland is almost unwound, despite the best efforts of both sides...and just to make things worse, a group of traitors has been working toward the Great Unwinding, sabotaging all efforts of salvation. Only the grown-up Alice's curiosity can save them now...

Clockwork Twist Emily Thompson,2015-11-09 Jonas has vanished into thin air and only Twist can even remember him at all. To make matters worse, Twist fears that Jonas has been taken by sinister monsters that plan to steal him away to Jupiter. Now it's up to Twist alone to save his friend.

Twist and Jonas have grown close over the last few weeks, and learned to depend on each other. But when Jonas disappears suddenly, everyone but Twist forgets that he ever existed. Even Arabel believes herself an only child. Trying to prove to Jonas's family that the man does exist, and is in dire need of rescue, only succeeds in making Twist question his own sanity. After losing his friend, Twist has a dream that it was a dragon that stole Jonas away, and that the beast now plans to take Jonas all the way to Jupiter in a spacecraft. Terrified that he is losing his mind, Twist has no choice but to find out the truth. Is Jonas really in danger of being stolen away to Jupiter by dragons, or has he never been anything more than a figment of Twist's imagination? Follow Twist as he travels from London, over the North Pole, and through Japan to Australia, enlisting the help of old friends and new, and even one old enemy. Find out if dragons are real, or if Twist is finally cracking up, as he searches the world for any salvation from this maddening turn of events!

The Clock Struck One Trudy Harris,2017-08-01 When the clock strikes one, a fun-loving mouse runs up the clock. But what happens when the clock strikes two? A cat gets hungry for mouse-tail stew . . . and the chase is on! Hour by hour, more animals - and even a few people - join in. The crowd charges into the barnyard, dashes through the kitchen, and eventually heads right into the middle of town. Keep your eye on the many clocks in this book and follow along until this twelve-hour race comes to a surprising end!

Clockwork Twist Emily Thompson,2016-11-24 Twist didn't believe in dragons until he was almost eaten by one. Slaying the fire-breathing beast seemed like a good idea at the time, but now the dragon's brothers want revenge and they've charged Twist with murder. When Twist is arrested, he and his friends are taken into a world of magical creatures, normally never seen by human beings. They cross the world by submersible with a dragon captor and a djinn, ride on a flying island, visit a hidden magical city at the South Pole, and plunge into an active volcano, all while Twist struggles to prove his innocence and survive his sentence. The irreverent kitsune, Vane, also accompanies Twist, stumbling across his own mysterious people along the way. Meanwhile, the Rooks and Cyphers battle for the last remnants of dragon technology on Earth. After generations of avoiding humanity, the dragons built a ship to take themselves away from Earth and into the stars. But navigating isn't easy. Jonas's Sight allows him to see over vast distances, and sometimes even through time itself, glimpsing the future. The dragons thought they could use him to guide their ship through the cosmos, but Twist and his friends put a stop to that plan, slaying a few unlucky dragons along the way. Now the dragons want justice for their fallen brothers. He saved his clockwork princess from evil secret societies, he rescued his sky pirate from outer space, but now Twist has to get himself out of peril. Delve into magic and intrigue once again with Clockwork Twist!
