Cobra II Michael R. Gordon,Bernard E. Trainor,2006-03-14 Written by the chief military correspondent of the New York Times and a prominent retired Marine general, this is the definitive account of the invasion of Iraq. A stunning work of investigative journalism, *Cobra II* describes in riveting detail how the American rush to Baghdad provided the opportunity for the virulent insurgency that followed. As Gordon and Trainor show, the brutal aftermath was not inevitable and was a surprise to the generals on both sides. Based on access to unseen documents and exclusive interviews with the men and women at the heart of the war, *Cobra II* provides firsthand accounts of the fighting on the ground and the high-level planning behind the scenes. Now with a new afterword that addresses what transpired after the fateful events of the summer of 2003, this is a peerless re-creation and analysis of the central event of our times.

Standards for Internal Control in the Federal Government United States Government Accountability Office,2019-03-24 Policymakers and program managers are continually seeking ways to improve accountability in achieving an entity's mission. A key factor in improving accountability in achieving an entity's mission is to implement an effective internal control system. An effective internal control system helps an entity adapt to shifting environments, evolving demands, changing risks, and new priorities. As programs change and entities strive to improve operational processes and implement new technology, management continually evaluates its internal control system so that it is effective and updated when necessary. Section 3512 (c) and (d) of Title 31 of the United States Code (commonly known as the Federal Managers' Financial Integrity Act (FMFIA)) requires the Comptroller General to issue standards for internal control in the federal government.
