Dr. Bradley Nelson, a globally renowned expert in bioenergetic medicine, has spent decades teaching his powerful self-healing method and training practitioners around the globe, but this is the first time his system of healing will be available to the general public in the form of The Body Code. The Body Code is based on the simple premise that the body is self-healing and knows what it needs in order to thrive and flourish. The Body Code method allows readers to tap into this inner knowing, and find imbalances in 6 key areas—Energies, Circuits and Systems, Toxicity, Nutrition and Lifestyle, Misalignments, and Pathogens—that are the root causes of our physical, mental and emotional issues. By identifying and releasing these imbalances, readers become empowered to activate their body's innate healing power. Featuring a foreword from George Noory, host of Coast to Coast AM, and filled with powerful first-hand accounts of healing, hundreds of color illustrations, and concrete, actionable steps, The Body Code is a road map to healing based in deep study of the human body, time-proven ancient practices, and the unlimited power of the subconscious mind.

This writing is a manual meant to train you in the Spirit Code protocol so that you can be a skilled and certified practitioner of this modality, for yourself and/or others.

The Code of Love Communications and System of Health Yuri Spilny,2019-08-30 The Code of Love is a discovery, a breakthrough in diagnosing and cure. It is also a Communications System, a channel for information exchange between our Biocomputer (the brain) and the Energoinformational Field of Knowledge. With The Code of Love, we can diagnose and heal every disease from common cold to cancer, providing that our positive energy level is 52% and higher. You can eliminate pesticides, hormones, pathogens, viruses, preservatives, chemicals, and heavy metal in foodstuff. You can create a Defense System against allergies. In six minutes, The Code of Love will purify a jar of tap water, and make it alive with PH 7.2 (PH indicates the level of acidity). With The Code of Love, you can do every test from Blood PH to heart tissue PH, to Cholesterol, PSA, Hormones, Blood sugar, stones in kidneys and bladder, and dissolve the stones, dissolve deposits in arteries and veins, restore the heart and other organs, as well as monitor the progress of healing. Here is what makes The Code of Love so powerful: -When it is charged, The Code's frequency rises to 10 to 6000 degrees. This incredible benevolent power enables The Code's limitless capabilities. One of which is the annihilation of everything that obstructs life; another is the restoration of all that needs to be restored for the body to thrive and life to flourish.- Even without being charged, The Code generates 100% energy with a frequency of ten to 50 degrees Hz When we are requesting information related to the body and mind, most answers are provided by our Biocomputer, the brain that has complete knowledge of the body. When we file a request related to healing, our Biocomputer is focusing the energy generated by The Code of Love on the target to fulfill our request. External information about the human world, relationships, business, finances, nature, and the universe we are receiving from the Infinite Field of Knowledge. Anyone can master The Code of Love. True Love is but a label. Whether we call it Love, True Love or Hate, it is but various frequencies with corresponding levels of energy. When our positive energy is 100%, we label it True Love. When positive energy is down to 17% (negative energy at 83%), we label it hate. With The Code of Love, we receive an accurate reply to our every question. Any information we collect can also be verified. We can also check every decision related to business, finances, relationships, employees, any person in the world, alive or dead. With The Code of Love, we can evaluate people we have contact with, their kindness, honesty, sincerely, selfishness, greed, and so on. Above all, we can determine a person's level of positive energy, the only accurate indicator of goodness, of self-worth. The Code will make you capable of uncovering secrets. However, to begin with, we are interested in accurate diagnose, cure, and staying healthy. The Code of Love has already made some people very angry. American spiritual industry is made with rage as The Code helped to expose 98% of the spiritual teachers who have their average positive energy level 26%. To teach and not to harm students a teacher must have at least a 75% positive energy level.

The Kabbalah Code (EasyRead Super Large 20pt Edition) ,

The Heart's Code Paul P. Pearsall,1999-03-10 A fascinating synthesis of ancient wisdom, modern medicine, scientific research, and personal experiences that proves that the human heart, not the brain, holds the secrets that link body, mind, and spirit. You know that the heart loves and feels, but did you know that the heart also thinks, remembers, communicates with other hearts, helps

regulate immunity, and contains stored information that continually pulses through your body? In *The Heart's Code*, Dr. Paul Pearsall explains the theory and science behind energy cardiology, the emerging field that is uncovering one of the most significant medical, social, and spiritual discoveries of our time: The heart is more than just a pump; it conducts the cellular symphony that is the very essence of our being. Full of amazing anecdotes and data, *The Heart's Code* presents the latest research on cellular memory and the power of the heart's energy and explores what these breakthroughs mean about how we should live our lives. By unlocking the heart's code we can discover new ways of understanding human healing and consciousness and create a new model for living that leads to better health, happiness, and self-knowledge.

Isis Code Ariane Page,2013-01-10 A legend from ancient Egypt tells us of the god Osiris, who was murdered and dismembered by Seth, his own brother. Isis, his soul mate, embarked on a quest to find and rejoin all of his scattered pieces. In *Isis Code*, author Ariane Page shows how our quest for love is similar and how our inner Isis attempts to connect our physical, emotional, mental, rational, and universal aspects which --through our limited worldviews-- are kept disconnected. *Isis Code* reveals a unique system behind this ancient Egyptian tale, one that was used by most traditions and particularly in ancient China and India, becoming an integral part of these cultures' medical care. Through research, stories, illustrations, and diagrams, *Isis Code* shows how this system can also be found in the brain structure and deciphered to help understand humans, their illnesses and needs. Building on these ideas, we follow the stages of brain maturation from conception to death to better understand what, why, how, and who we are. Page explains that humans have been using mostly a masculine point of view --associated with what psychoanalyst Carl Gustav Jung named the animus-- to comprehend the world, instead of the two this system, as well as our brain, show are available. This factor has impacted everything in our life: our perceptions, feelings, health, relationships, everything we created, the quality of our environment, and even our governmental structures. As a result, the path towards love, evolution, perfection, health and happiness is blocked. By combining system science and the study of the brain, *Isis Code* provides insight into the direction evolution is taking to bring humanity to perfection and happiness. It presents a tool that can allow us better control over our destiny and can bring a much needed peace to our hearts.

The Code of Life Communications and System of Health Yuri Spilny,2020-03-08 The Code of Life has existed forever; it was hidden behind dense spiritual drop-curtain - the clutter of teachers, teachings, books, tapes, seminars, and retreats. The Code came forth on its own when the curtain was lifted. With The Code of Life, you will diagnose and heal every disease. You will eliminate pesticides, hormones, pathogens, preservatives, and chemicals in foodstuff. With The Code of Life, you would do every single test from PH to sugar in blood, to cholesterol, to PSA, to name a few. You will dissolve deposits in arteries and veins, restore and improve sexual health, restore the heart and other organs, as well as monitor the progress of healing. In the book, you will find testimonials of people who are successfully using The Code of Life. After reading *The Lion Moves Alone* by Yuri Spilny two years ago, I was convinced I stumbled upon an exceptional author who can explain difficult concepts and has real authority in what he is sharing. The Code of Life Communications and System of Health is a different book in the sense that it requires a leap of faith in The Code and a willingness to test and use it. I have been using The Code with good results since I first read the book. I saw I was given a powerful help. It is not a book to understand with the mind. An author opens the world of power: the world of the energy we call Love and beyond. Love, as The Code of Life demonstrates it, it is not an abstract concept but powerful energy we can use to elevate ourselves, to achieve better health and relationship with ourselves and others, and to have a fulfilled life. Eva Garcia eva@capagencialiteraria.com When it is charged, The Code's frequency rises to 10 to 6000 degrees. This incredible benevolent power enables The Code's limitless capabilities. One of which is the annihilation of everything that obstructs life; another is the restoration of all that needs to be restored for the body to thrive and life to flourish. Even without being charged, The Code generates 100% energy with a frequency of ten to 56 degrees, which is powerful enough to eliminate arthritis in about 10 days when hands are laid on top of The Code for a few minutes several times a day. When we are requesting information related to the body and mind, most answers are provided by our Biocomputer, the brain that has complete knowledge of the body. Once we file a request related to healing, our Biocomputer is focusing the energy generated by The Code on the target to fulfill our request. External information about the human world, relationships, business, finances, nature, and the universe we are receiving from the Infinite Field of Knowledge. Anyone can master The Code. True Love is a label. It is but various frequencies with corresponding levels of energy whether we call it Love, True Love or Hate. When our positive energy is 100%, we label it True Love. When positive energy is down to 17% (negative energy at 83%), we label it hate. With The Code of Love, we receive an accurate reply to every question. Information we collect can also be verified.

Unlocking the Healing Code Bruce Forciea,2007 Whether the practitioner is an M.D. from Yale or a shaman from Tibet, all healing practices share a common premise: to supply healing information that strengthens or corrects the complex processes already at work in our bodies. In *Unlocking the Healing Code*, Dr. Bruce Forciea introduces a groundbreaking mind/body/spirit system for tapping into the information exchange at the root of all healing and maximizing its beneficial force. Dr. Forciea presents seven keys to unlocking unlimited healing power that integrate ideas from physics, molecular biology, conventional medicine, and information theory. Missing from other metaphysical books and books on wellness, this approach can be used to support any health care regimen, whether traditional or holistic. Clear language and step-by-step techniques make the healing code accessible and practical--you can take the concepts in this book and apply them immediately. True stories, including Dr. Forciea's own experience recovering from chronic illness, highlight the effectiveness of this powerful new health and wellness healing paradigm.

The Universal Code Ariel Nimtzovitch,2017-03-26 Numbers are real. Despite their intangibility, they are all around us and define everything. Numbers are qualities, with personalities of their own,

and not mere quantities as used so widely by humanity. As discovered, Astrology is actually made out of Numerology. In other words, each planet is actually a number. Through this discovery I found the fundamental code of the universe. This book touches heavily the correlation between Astrology & Enneagram, also parts of Ayurveda.

The Healing Code Loyd Alex Johnson Ben,2014-07 In 2001, Dr. Alexander Loyd discovered how to activate a physical function built into the body that removes the source of up to 95% of all illness and disease. The 11.11 Code Hilary H. Carter,2008-03-17 Have you ever looked at the clock and been surprised at how often it says 11.11 or 2.22 or 3.33? The 11:11 Code tells the story of yoga teacher Hilary Carter, who was brave enough to follow the coincidences around numbers to see what would happen. To her amazement the number signs, in particular 11.11, led her to buy an ancient convent in Andalusia, Spain. The problems this led her to were in a different league to the normal restoring old continental properties so common on our TV screens today. Her financial backer died, her first builder ended up in prison and her second builder was paralyzed in a tragic accident. But that scratches the surface. Formerly a home to the Knights Templar, the building was both haunted and seemed to have a will of its own.
