*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Phil Gordon's Little Gold Book** Phil Gordon,2011-10-11 Since reigning poker expert Phil Gordon's Little Green Book illuminated the strategies and philosophies necessary to win at No Limit Texas Hold'em, poker has changed quickly and dramatically. Today, Pot Limit Omaha is the game of choice at nosebleed stakes. The players are aggressive, the games are volatile, the decisions are tough, and the pressure is relentless. This is Poker 2.0. In his Little Gold Book, Phil Gordon reexamines the game from the ground up. The key to competing with today's top players is finding the post-flop edge, but to really understand this new playing style, you need to get comfortable with the underlying math. Don't be intimidated. Gordon makes this challenging material as approachable and simple as possible. Beginning with the foundations of Poker 2.0, he unpacks the modern poker player's tool kit, rigorously examines the new lines of play in No Limit Hold'em, dissects the fast and furious strategies of Pot Limit Omaha, and explores the winning poker mind-set that will take your game to an entirely different level. The golden age of poker is upon us. Phil Gordon's Little Gold Book will shorten your learning curve, and if you're willing to put in the time and the work, big bankrolls await.

ONCE THERE WAS ME Bobby Sachdeva,2020-06-25 Caught in the web of communal violence repeatedly, Bobby Sachdeva stares at his burning house set afire by the bloodthirsty mob of the anti-Sikh riots in Delhi. As a fourteen-year-old, his world turns upside down, exactly at the age his father had escaped from Pakistan during the Partition of India. Recovering from the trauma, Bobby re-builds his business and journeys across the US and China, experiencing a life unhindered by religious animosity. Having experienced both sides of religion - of immersion and detachment - he starts questioning the role of religion in our lives. Based on his vision of an emergent India, Bobby finally submits a PIL in the Supreme Court for

religious shrines to distribute their excess income for the downtrodden. What happens next as religious hardliners turn against him?
