Cold Comfort Great Britain. Parliamentary and Health Service Ombudsman, 2009 This report sets out the results of investigation into complaints, using two representative case studies, about the administration of the 2005 Single Payment Scheme in England, including the Rural Land Register. The Ombudsman made five general findings of maladministration: the Rural Payments Agency did not meet the legal obligation to determine entitlements by 31 December 2005; Defra & RPA failed to heed the warning information of their own systems and from the Office of Government Commerce; RPA's and Defra's public statements in early 2006 failed to recognise the internal concerns they had; on 30 January 2006 Defra officials and Ministers considered RPA's position - the best case scenario was 70% of payments to be made by the end of March 2006 and they decided to tell Parliament that RPA would make the 'bulk' of payments by the end of March 2006; RPA was the only body in a position to estimate how much more digital mapping work it would have and its planning for the mapping process fell far short of getting it right. In short the Ombudsman's principles of getting it right, being open and accountable and being customer focussed were not adhered to

Cold Comfort Barton Sutter,1998 As a nation of immigrants, many of us suffer from a vague but painful homesickness we do not understand, he writes. With a voice that is at once sorrowful, soul-searching, and hilarious, Sutter cures that ill by sharing his passion for and faith in his rugged locale. Like a lovers' quarrel with a peculiar place, *Cold Comfort* conveys deep insights about what makes the place where you live your true home.--pub. desc.

Cold Comfort Graham Rowley,2007 In 1936 Graham Rowley went to the still-unexplored west coast of Baffin Island as the archaeologist for a small British expedition - the last in the Canadian North that depended on traditional techniques.*Cold Comfort*, his acclaimed memoir of this period, captures the way of life in the North before World War II, including the experience of travelling by dogsled over unexplored land. This new edition includes the beginning of Rowley's planned sequel covering his post-war experiences in the Arctic. The additional three chapters describe Operation Musk-Ox, the first military exercise to show that it was feasible to manoeuvre in the Arctic even in winter, and Rowley's work for the Canadian Defense Research Board. An afterword by Susan Rowley and John Bennett expands on Rowley's ongoing involvement in the rapid change that took place from the Cold War to the establishment of Nunavut.

Cold Comfort Graham W. Rowley,1996-06-11 Rowley documents an era of arctic exploration of which little has been written and which is fast passing from living memory. He captures the traditional way of life in the North before the dramatic changes of the last half century. A member of the last expedition in the Canadian North to depend on traditional techniques, Rowley recounts how they lived as the Inuit did and travelled by

dogsled over unexplored land. He describes the isolation, the extraordinary vicissitudes of travel in a sometimes savage environment, and the generosity and kindness of the Inuit. Apart from completing the map of Baffin Island's coastline and finding new islands, Rowley excavated the first pure Dorset site near Igloodik, establishing the Dorset culture beyond doubt. The carvings and artifacts found there, illustrations of which are included in this book, remain among the best and most beautiful that have been recovered. Based on his own diary and the diaries of other members of the expedition, Rowley's captivating story presents the perceptions of a young man faced with a completely alien, yet fascinating, environment and culture. A true and often exciting tale of discovery, *Cold Comfort* will appeal to a wide audience as well as to those concerned with the Arctic in general. It is an invaluable source for those who specialize in the archaeology, anthropology, geography, and history of northern Canada.

Cold Comfort Quentin Bates, 2012-03-15 Following her promotion and working now from Reykjavik, Gunnhildur is given responsibility for two cases - the first in tracking down an escaped convict who's keen to settle old scores, and the other, the murder of a TV fitness presenter in her city centre apartment. With the police short staffed and underfunded following the financial crash, Gunnhildur and her team set about delving into the backgrounds of both, where they uncover some unwelcome secrets and some influential friends of both who have no wish to be in the public eye. Set in an Iceland that is coming to terms with the deepening recession, Gunnhildur has to take stock of the whirlwind changes that have taken place as she investigates criminals at opposite ends of the social scale as some uncomfortable links appear between the two cases. Praise for *Frozen Out*: A

meticulously constructed thriller, peopled with exceptionally convincing characters and shot through with black humour. Frozen Out is as chilling as an Icelandic winter. S.J. Bolton [A] crackling fiction debut ... palpable authenticity. Publishers Weekly British author Bates captures the chilly spirit of Nordic crime fiction in what is the apparent start of a promising series with a distinctly appealing protagonist. Fans of Arnaldur Indridason's Reykjavík mysteries will want to add Bates to their reading lists. Booklist Gunna is an admirable protagonist: sensible, intelligent and determined....I thoroughly enjoyed this novel and can recommend it very highly as a flying start to what seems to be shaping up to be a superb new series. Eurocrime. Well written and absorbing. Women's Voice ...compelling fast paced stuff that never falters. Hackwriters.com ...his blistering debut reads more like an American procedural than the British product, right down to a denouement as acridly unsatisfying as today's headlines. Kirkus Reviews

More cold comfort Great Britain: Parliamentary and Health Service Ombudsman, 2011-11-30 The Parliamentary Ombudsman, Ann Abraham, has upheld complaints from nine farmers about the Government's handling of a subsidy scheme which caused them to miss out on payments they were entitled to. The farmers complained to the Ombudsman about the administration of the Single Payment Scheme (SPS) in 2005 and 2006 by the Rural Payments Agency (RPA), part of the Department for Environment, Food and Rural Affairs (Defra), The SPS is the latest generation of the EU schemes intended, among other policy aims, to give farmers direct income support. The farmers complained about RPA's handling of their claims to the SPS on a number of counts, including that they provided poor quality and sometimes ambiguous guidance on how to make a claim; failed

to return applicants' telephone calls when this had been promised; misdirected applicants about the status of their cases; delayed letting applicants know that they would not be paid; and did not explain their decisions properly. RPA also failed to consider the effects their errors and omissions had on the farmers when they came to complain. In one case, a farmer misunderstood the new form and only claimed a subsidy for the year 2005. She did not activate her claim and subsequently did not receive a payment. No one questioned her mistake, even though RPA knew this was a common error by farmers. Losing a payment of over £13,000 left the farmer unable to pay all her bills and reliant on her partner's goodwill. She found out her mistake almost a year after submitting her claim, when she asked what had happened to her payment. Another farmer also misunderstood the new form and guidance and did not activate his claim. He was then led to believe by the RPA that he would be paid, which was not the case. He and his wife found the confusion and uncertainty of their circumstances particularly stressful. The farmer had to increase his overdraft, sell land and take on extra part time work in order to meet the financial shortfall. As a result of the Ombudsman's investigation the farmers will each receive a written apology from the Permanent Secretary of Defra and compensation of £500 for the inconvenience, distress and frustration that they experienced. They will also receive individual payments to put right the financial impact of RPA's failures. In addition, the Ombudsman has also asked RPA to provide an action plan setting out the changes they have made to prevent other farmers experiencing the same problems in future.

Little Comfort Edwin Hill, 2018-08-28 In a brilliantly twisted debut set among Boston's elite, Edwin Hill introduces unforgettable sleuth Hester Thursby—and a missing persons

case that uncovers a trail of vicious murder . . . Harvard librarian Hester Thursby knows that even in the digital age, people still need help finding things. Using her research skills, Hester runs a side business tracking down the lost. Usually, she's hired to find long-ago prom dates or to reunite adopted children and birth parents. Her new case is finding the handsome and charismatic Sam Blaine. Sam has no desire to be found. As a teenager, he fled his small New Hampshire town with his friend, Gabe, after a haunting incident. For a dozen years, Sam and Gabe have traveled the country, reinventing themselves as they move from one mark to another. Sam has learned how trusting wealthy people can be—especially the lonely ones—as he expertly manipulates his way into their lives and homes. In Wendy Richards, the beautiful, fabulously rich daughter of one of Boston's most influential families, he's found the perfect way to infiltrate the milieu in which he knows he belongs—a world of Brooks Brothers suits, Nantucket summers, and effortless glamour. As Hester's investigation closes in on their brutal truth, the bond between Sam and Gabe is tested and Hester unknowingly jeopardizes her own safety. While Gabe has pinned all his desperate hopes of a normal life on Hester, Sam wants her out of the way for good. And Gabe has always done what Sam asks . . .

Cold Comfort John Becker, S.J., 2005-04-18 SPAN style=FONT-SIZE: 11pt What they have to say about Cold Comfort: Another masterpiece from Father Becker that explores the Catholic positions on abortion and homosexuality while presenting us with a thrilling search for the elusive murderer of Senator Gene Wainwright's wife. It is solidly pro-life and a joy to read. Daniel Eisenbacher Husband and father The Mohr "twins" keep you coming back for more and more. Donna Jeanne McGahey Educator In this volume, Father Becker teaches me,

Evelyn Waugh's Satire Naomi Milthorpe, 2016-06-23 Evelyn Waugh (1903–1966) is one of the twentieth century's great prose stylists and the author of a suite of devastating satires on modern English life, from his first unforgettably funny novel *Decline and Fall*, to his last work of fiction, "*Basil Seal Rides Again*." *Evelyn Waugh's Satire: Texts and Contexts* renews scholarly debates central to Waugh's work: the forms of his satire, his attitudes towards modernity and modernism, his place in the literary culture of the interwar period, and his pugnacious (mis)reading of literary and other texts. This study offers new exegetical accounts of the forms and figures of Waugh's satire, linking original readings of Waugh's texts to the literary-historical contexts that informed them. Posing fresh readings

of familiar works and affording attention to more neglected texts, Evelyn Waugh's *Satire: Texts and Contexts* offers readers and scholars a timely opportunity to return to the rich, dark art of this master of prose satire.

Cool Comfort Marsha Ackermann, 2013-08-06 The year 2002 marked the 100th anniversary of the first installation of air-conditioning. During the past century, it has become a staple of American life; 83% of US homes are now air-conditioned. In this engaging social history, Marsha Ackermann explores how the idea of "cooling" became firmly embedded in the social perceptions and expectations of Americans, transforming our definition of comfort and the way we live, work, and play.

Christmas at Cold Comfort Farm Stella Gibbons, 2011-11-10 Indulge in a feel-good collection of stories from the author of *Cold Comfort Farm*. WITH AN INTRODUCTION BY ALEXANDER MCCALL SMITH The title story tells of a typical Christmas at the farm before the coming of Flora Poste. It is a parody of the worst sort of family Christmas: Adam Lambsbreath dresses up as Father Christmas in two of Judith's red shawls. There are unsuitable presents, unpleasant insertions into the pudding and Aunt Ada Doom orders Amos to carve the turkey, adding: 'Ay, would it were a vulture, 'twere more fitting!' 'Stella Gibbons is the Jane Austen of the 20th century' Lynne Truss, author of the *Constable Twitten* series.
