📖 **AWAKENING INTO UNITY** Lee Temple,2017-03-23 This series summary/overview volume—Awakening into Unity—maps a big-picture view of the essential features of our intrinsic unity, and brings their immensity and importance within everyone’s easy, confident grasp. Perhaps more than any other series installment, it affords a grand, breathtaking journey hallmarked with many vital and inspiring stories. First, it presents the story of my life’s work and awakening into inspiring nuances of the unity perspective that I’m certain will help birth a vibrant, healed future. It also shares important aspects of unity uncovered through my extensive research into Big History – the specific mechanics of the universal creation process that made us and our world possible. I also share an integrative vision of how we humans have pursued a communion with this underlying oneness through time; via scientific, religious, spiritual, philosophic, environmental, indigenous perspectives, and more. This investigation ultimately delivers an expansive worldview and a compelling environmental ethic designed to help us re-ground our essentially creative human nature within the larger universal creation process. Significantly though, and far beyond simply presenting my own prescriptive sense of how this restorative planetary shift might best occur, Awakening into Unity chronicles myriad ways that others are already employing this perspective to turn our ship around. These are the stories of us in our striving billions, woven together in an informative, celebratory narrative that brings our diverse world-healing efforts alive, front and center, for all to see. This grand saga evidences and honors humanity moving past climate theory, discussion and debate into decisive, active engagement; the true global awakening and life-saving transformation that’s happening all around us in real time. Unifying threads of this holistic tapestry source from my own efforts and those of others in every facet and type of human entity on Earth today; the pivotal achievements of notable contributors seeking to co-create a better future. Together, these examples provide a wealth of wisdom and practical solutions helpful to all. Awakening into Unity thus captures the vital, living, unprecedented truth that all parts of our world are now rising and shining into a bright, new, Earth-healing day. No other movement, tradition, belief system, or collective enterprise can claim such broad-based evolutionary inclusiveness. Terragenesis, Gaia enthroned, is indeed here; her heart is beating; and she’s alive! Quite simply, and without exaggeration, this has become the single most important collective human effort ever undertaken, and the zeitgeist, the defining feature and spirit of our time. May this book serve as an energizing catalyst and helpful road map for our great leap. And may it help you move confidently into a brighter future filled with grace, intelligence, effectiveness, compassion, comradeship, integration, and joy!

📖 **EMPIRE, THE NATIONAL, AND THE POSTCOLONIAL, 1890-1920** Elleke Boehmer,2005-01-06 Empire, the National, and the Postcolonial, 1890-1920 explores the political co-operations and textual connections which linked anti-colonial, nationalist, and modernist groups and individuals in the empire in the years 1890-1920. By developing the key motifs of lateral interaction and colonial interdiscursivity, Boehmer builds a picture of the imperial world as an intricate network of surprising contacts and margin-to-margin interrelationships, and of modernism as a far more constellated cultural phenomenon than previously understood. Individual case studies consider Irish support for the Boers in 1899-1902, the path-breaking radical partnership of the Englishwoman Sister Nivedita and the Bengali extremist Aurobindo Ghose, Sol Plaatje’s conflicted South African nationalism, and the cross-border, cosmopolitan involvements of W. B. Yeats, Rabindranath Tagore, and Leonard Woolf. Underlining Frantz Fanon’s perception that ‘a colonized people is not alone’, Boehmer significantly questions prevailing postcolonial paradigms of the self-defining nation, syncretism and mimicry, and dismantles still-dominant binary definitions of the colonial relationship.

📖 **ART AND MOURNING** Esther Dreifuss-Kattan,2016-03-10 Art and Mourning explores the relationship between creativity and the work of self-mourning in the lives of 20th century artists and thinkers. The role of artistic and creative endeavours is well-known within psychoanalytic circles in helping to heal in the face of personal loss, trauma, and mourning. In this book, Esther Dreifuss-Kattan, a psychoanalyst, art therapist and artist - analyses the work of major modernist and contemporary artists and thinkers through a psychoanalytic lens. In coming to terms with their own mortality, figures like Albert Einstein, Louise Bourgeois, Paul Klee, Eva Hesse and others were able to access previously unknown reserves of creative energy in their late works, as well as a new healing experience of time outside of the continuous temporality of everyday life. Dreifuss-Kattan explores what we can learn about using the creative process to face and work through traumatic and painful experiences of loss. Art and Mourning will inspire psychoanalysts and psychotherapists to understand the power of artistic expression in transforming loss and traumas into perseverance, survival and gain. Art and Mourning offers a new perspective on trauma and will appeal to psychoanalysts and psychotherapists, psychologists, clinical social workers and mental health workers, as well as artists and art historians.
