The Colour Of Magic Terry Pratchett,2022-09-27 NAMED AS ONE OF THE BBC'S 100 MOST INSPIRING NOVELS 'It was octarine, the colour of magic. It was alive and glowing and vibrant and it was the undisputed pigment of the imagination . . .' Somewhere between thought and reality exists the Discworld, a magical world not totally unlike our own. Except for the fact that it travels through space on the shoulders of four giant elephants who in turn stand on the shell of an astronomically huge star turtle, of course. Rincewind is the world's worst wizard who has just been handed a very important job: to look after the world's first tourist, upon whose survival rests the peace and prosperity of the land. Unfortunately, their journey across the Disc includes facing robbers, monsters, mercenaries, and Death himself. And the whole thing's just a game of the gods that might send them over the edge . . . 'If you've never read a Discworld novel, what's the matter with you?' Guardian 'Pratchett uses his other world to hold up a distorting mirror to our own' The Times The Colour of Magic is the first book in the Wizards series, but you can read the Discworld novels in any order.

Color Magic for Beginners Richard Webster,2012-01-08 From our clothes to the color of our bedroom walls, we are surrounded by colors that influence our mood, energy level, creativity, and overall well being. Richard Webster offers an astonishing number of ways to use stimulating reds, soothing blues, and every other color of the rainbow to our advantage. Webster begins with an overall picture of each color's major aspects—its psychological influence, healing qualities, emotional impact, and magical characteristics. From there, readers learn a multitude of color-based techniques involving astrology, the aura, candle magic, chakras, color rituals, crystals and gemstones, feng shui, flower magic, mandalas, meditation, numerology, and visualization. Webster demonstrates how color can be used to attract good luck, heal illness, reduce stress, create harmony in the home, overcome depression, solve problems, and magically enhance one's life in a variety of ways.
