Taylor Hartman

The People Code Taylor Hartman, 2007-09-18 Motive matters! Give me five minutes and I can predict your life success. I can help you understand why you do what you do by identifying your Core Motive. —Dr. Taylor Hartman In his life-changing book, Dr. Taylor Hartman introduces you to the People Code and why people do what they do. The concept of Motive is a fresh method for analyzing your own innate personality as well as that of those around you. You then have the ability to utilize that knowledge to improve workplace and personal relationships. As an author, psychologist, and leadership coach, Dr. Hartman offers a remarkably astute system for segmenting everyone into specific Motive-types denoted by a color: Red (power wielders), Blue (do-gooders), White (peacekeepers), and Yellow (fun lovers). He then explains how to ensure that all possible alliances between them function at optimum effectiveness. If you struggle with self-acceptance and have questions about why you and others act the way you do, Dr. Hartman and The People Code can help you maximize your life success by improving your day-to-day relationships.

This is the most fun of the 25 skills of network marketing. Our prospects have a different point-of-view than we do. So how do we give them our message in a way they get it and enjoy it? By quickly identifying their color personality. This isn't a boring research textbook on the four different personalities. This book is a fun, easy way to know how your prospects think, and the precise magic words to say to each of the four personalities. The results are stunning. Shy distributors become confident when they understand how their prospects think. Experienced distributors have short conversations that get prospects to join immediately. Why be frustrated with prospects? Instead,

quickly discover the four personalities in a fun way that you will always remember. You will enjoy observing and analyzing your friends, co-workers and relatives, and you'll see the way they see the world. It feels like you have 3-D glasses in your network marketing career. Of the 25 skills, this is the first skill that new distributors should learn. Why? It gives new distributors instant confidence. It eliminates rejection. It helps prospects listen with open minds. It gets instant results. What could be better than that? You won't have to look for great prospects when you know the four color personalities. You will have the ability to turn ordinary people into hot prospects by knowing their color personality and by saying the right words. By using humorous, slightly exaggerated examples of the four personality traits, you will remember and use this skill immediately. Life is more fun when you are the only one with the 3-D glasses. Ode to Color Lori Weitzner, 2016-12-06 Internationally renowned textile designer Lori Weitzner presents a novel, layered perspective on the use and significance of color in design and culture in this spectacular treasury illustrated with 225 full-color images. Ode to Color, a stunning anthology by renowned and award-winning textile and wallcovering designer Lori Weitzner, principal of Lori Weitzner Design, Inc., offers an immersive, sensual, and engaging journey in the world of color as it

applies to culture, design, mood, and memory. Each of the ten chapters in this richly illustrated volume presents a distinct color world through an intimate and often kaleidoscopic perspective, a compilation of the numerous—and often shifting—associations and emotions we assign to a color or group of colors. Each chapter combines diverse imagery—evocative fine art and photography, environmental interiors, details of Weitzner’s gorgeous designs as well as her sketches and watercolors—with excerpts from literature and her own essays on a wide array of topics relating to the palette. The result is a fully sensory conveyance of each palette’s particular power as well as a consideration of its tangible and intangible connections, from its place in religion, pop culture, and commerce to the impact it has upon our decision making, our moods, and our tastes. While each chapter is unique in its approach to the ten worlds, with its mix of essays, prose and range of art, from a Technicolor Disney cartoon in Out Loud to David Bowie as Ziggy Stardust in Silverlight, each chapter includes: An introductory essay on a subject that characterizes the palette A two-page photograph of an open drawer in Weitzner’s studio that she has arranged with various fabrics, skeins, and objects that, together, comprise the palette; An evocative two-page word collage that presents both color names and the words commonly associated with the palette; Design pointers that provide in-depth insight to working with color and to decorating with each palette throughout the home, from wall treatments to accessories. Spectacular and imaginative, this experiential volume will captivate, inspire, and inform a broad audience, including interior designers and decorators, architects, graphic and fine artists, and anyone interested in art, design, fashion, pop culture, and spiritual discovery. Sumptuous, beautifully designed, and filled with wondrous imagery and compelling stories and facts, it makes an inspiring and unusual gift for almost any occasion.
