Generation Friends Saul Austerlitz,2020-09-15 Praised by the *New Yorker* and *New York* magazine, Saul Austerlitz's fascinating behind-the-scenes look at *Friends*, is, according to *Newsweek*, the "next best thing" to a cast reunion. In September 1994, six friends sat down in their favorite coffee shop and began bantering about sex, relationships, jobs, and just about everything else. A quarter of a century later, new fans are still finding their way into the lives of Rachel, Ross, Joey, Chandler, Monica, and Phoebe, and thanks to the show's immensely talented creators, its intimate understanding of its youthful audience, and its reign during network television's last moment of dominance, *Friends* has become the most influential and beloved show of its era. *Friends* has never gone on a break, and this is the story of how it all happened. Noted pop culture historian Saul Austerlitz utilizes exclusive interviews with creators David Crane and Marta Kauffman, executive producer Kevin Bright, director James Burrows, and many other producers, writers, and cast members to tell the story of *Friends*' creation, its remarkable decade-long run, and its astonishing Netflix-fueled afterlife. Readers will go behind the scenes to hear from the people who were present as the show was developed and cast, written and filmed. There will be talk of trivia contests, prom videos, trips to London, Super Bowls, lesbian weddings, wildly popular hairstyles, superstar cameos, mad dashes to the airport, and million-dollar contracts. They'll also discover surprising details—that Monica and Joey were the show's original romantic couple, how Danielle Steel probably saved Jennifer Aniston's career, and why *Friends* is still so popular that if it was a new show, its over-the-air broadcast reruns would be the ninth-highest-rated program on TV. The show that defined the 1990s has a legacy that has endured beyond anyone's wildest expectations. And in this hilarious, informative, and entertaining book, readers will now understand why.

Up is Down Corinne Granof,Amy Beste,2018 Winner of the 2019 Award for Excellence from the Association of Art Museum Curators *Up Is Down: Mid-Century Experiments in Advertising and Film* at the Goldsholl Studio is the first illustrated guide to the innovative work of Goldsholl Design Associates and its impact on design and film. Headed by Morton and Millie Goldsholl, the studio worked at the intersection of art, design, and media, producing trademarks, corporate identities, print advertisements, television commercials, and films for such clients as Motorola, Kimberly-Clark, Revlon, 7-Up, and the National Football League. The Goldsholls and their designers were compared to many of the most celebrated design firms of their day and are being rediscovered by many contemporary designers. Inspired by Laszlo Moholy-Nagy, with whom they had studied at Chicago's School of Design, Morton and Millie Goldsholl fostered a culture of exploration and collaboration in their studio. The firm became known for its imaginative designs-in-film, applying avant-garde techniques to commercial productions. Its groundbreaking work in the new media of television helped redefine the look of everyday visual culture in mid-century America. The trailblazing work of Goldsholl Design Associates remains an unexplored contribution within American design and advertising. Published in conjunction with the exhibition of the same name at the Block Museum of Art, Northwestern University, this volume's research explores how a new visual language emerged from Chicago's cross-fertilization of avant-garde aesthetics, business, and cutting-edge media.

Chaotic Good Whitney Gardner,2019-12-31 Cosplay, comic shops, and college applications collide in this new novel from the author of *You're Welcome, Universe*, perfect for fans of Adam Silvera and Noelle Stevenson! Cameron's cosplay creations are finally starting to earn her attention--attention she hopes to use to get into the CalArts costume design department for college. But after she wins a major competition, she inadvertently sets off a firestorm of angry comments from male fans online. When Cameron's family moves the summer before her senior year, she hopes to complete her costume portfolio in peace and quiet away from the abuse. Unfortunately, the only comic shop in town--her main destination for character reference--is staffed by a dudebro owner who challenges every woman who comes into the shop. At her twin brother's suggestion, Cameron borrows a set of his clothes to waltz into the shop as Boy Cameron, where she's shocked at how easily she's accepted into the nerd inner sanctum. Soon, Cameron finds herself drafted into a D&D campaign. But as her secret identity gets more and more entrenched, Cameron's portfolio falls by the wayside--and her crush on one of the guys in the group threatens to make a complicated situation even more precarious.

The Lampshade Mark Jacobson,2010-09-14 Few growing up in the aftermath of World War II will ever forget the horrifying reports that Nazi concentration camp doctors had removed the skin of prisoners to makes common, everyday lampshades. In *The Lampshade*, bestselling journalist Mark Jacobson tells the story of how he came into possession of one of these awful objects, and of his search to establish the origin, and larger meaning, of what can only be described as an icon of terror. Jacobson's mind-bending historical, moral, and philosophical journey into the recent past and his own soul begins in Hurricane Katrina-ravaged New Orleans. It is only months after the storm, with America's most romantic city still in tatters, when Skip Henderson, an old friend of Jacobson's, purchases an item at a rummage sale: a very strange looking and oddly textured lampshade. When he asks what it's made of, the seller, a man covered with jailhouse tattoos, replies, "That's made from the skin of Jews." The price: \$35. A few days later, Henderson sends the lampshade to Jacobson, saying, "You're the journalist, you find out what it is." The lampshade couldn't possibly be real, could it? But it is. DNA analysis proves it. This revelation sends Jacobson halfway around the world, to Yad Vashem in Jerusalem and to the Buchenwald concentration camp in Germany, where the lampshades were supposedly made on the order of the infamous "Bitch of Buchenwald," Ilse Koch. From the time he grew up in Queens, New York, in the 1950s, Jacobson has heard stories about the human skin lampshade and knew it to be the ultimate symbol of Nazi cruelty. Now he has one of these things in his house with a DNA report to prove it, and almost everything he finds out about it is contradictory, mysterious, shot through with legend and specious information. Through interviews with forensic experts, famous Holocaust scholars (and deniers), Buchenwald survivors and liberators, and New Orleans thieves and cops, Jacobson gradually comes to see the lampshade as a ghostly illuminator of his own existential status as a Jew, and to understand exactly what that means in the context of human responsibility. One question looms as his search goes on: what to do with the lampshade—this unsettling thing that used to be someone? It is a difficult dilemma to be sure, but far from the last one, since once a lampshade of human skin enters your life, it is very, very hard to forget.

The Secret Book of Frida Kahlo F. G. Haghenbeck,2012-09-25 One of Mexico's most celebrated new novelists, F. G. Haghenbeck offers a beautifully written reimagining of Frida Kahlo's fascinating life and loves. When several notebooks were recently discovered among Frida Kahlo's belongings at her home in Coyoacán, Mexico City, acclaimed Mexican novelist F. G. Haghenbeck was inspired to write this beautifully wrought fictional account of her life. Haghenbeck imagines that, after Frida nearly died when a streetcar's iron handrail pierced her abdomen during a traffic accident, she received one of the notebooks as a gift from her lover Tina Modotti. Frida called the notebook "The Hierba Santa Book" (The Sacred Herbs Book) and filled it with memories, ideas, and recipes. Haghenbeck takes readers on a magical ride through Frida's passionate life: her long and tumultuous relationship with Diego Rivera, the development of her art, her complex personality, her hunger for experience, and her ardent feminism. This stunning narrative also details her remarkable relationships with Georgia O'Keeffe, Leon Trotsky, Nelson Rockefeller, Ernest Hemingway, John Dos Passos, Henry Miller, and Salvador Dalí. Combining rich, luscious prose with recipes from "The Hierba Santa Book," Haghenbeck tells the extraordinary story of a woman whose life was as stunning a creation as her art.

Clatter Bash! Richard Keep,2008-09-02 Get ready for a colorfully entertaining Day of the Dead celebration! Graveyard skeletons shake, rattle, and roll as a Mexican family marks the annual Day of the Dead holiday. At dusk on the holiday known as Day of the Dead, a Mexican family has set out fiesta offerings in the graveyard in hopes that departed loved ones may return to visit. The playful skeletons rise from their graves to celebrate with gusto. All night long, they sing, dance, dine, tell stories, and play games. As morning approaches, they give thanks to the stars for their night of fun, tidy up after themselves, and leave no trace of their clatter bash behind as they return to their coffins until next year's Day of the Dead. Author-illustrator Richard Keep's rollicking rhyme—sprinkled with Spanish words—captures the bone-rattling sounds and fun of the evening. An illustrated afterword gives information about the customs associated with el Día de los Muertos, a Mexican celebration of honoring relatives who have passed on.

Soviet Critical Design Tom Cubbin,2018-12-13 Soviet Critical Design is the first monograph to explore the socialist design practice of 'artistic projecteering', which was developed by the USSR's Senezh Experimental Studio in the 1960s. Tom Cubbin first examines the studio as a site for the development of the design discipline in the optimistic environment of the Soviet Thaw of the 1960s. He then explores how designers adapted to new realities of the Soviet Union of the 1970s and 80s. Over two decades, designers at the studio worked on critical projects that highlighted

how the Soviet state's treatment of citizens, urban heritage and the environment was manifest in daily life. Drawing on previously unpublished visual material from private archives and also extensive interviews, this book presents a new history of the late socialist period in the USSR, which gives insight into the creative strategies of designers who engaged their practice as a contribution to broader discussions on alternative models for socialist existence. Overall, it argues that artistic projecteering must be read as a utopian activity which privileged the political and ideological over the functional.

The Complete Book of Vinyasa Yoga Srivatsa Ramaswami,2005-07-07 Sri T. Krishnamacharya (1888–1989) was the most influential figure in the last 100 years in the field of yoga. Many of today's best-known yoga teachers—including his brother-in-law B. K. S. Iyengar, his son T. K. V. Desikachar, and Pattabhi Jois, founder of Ashtanga yoga—studied with him and modeled their own yoga styles after his practice and teaching. Yet, despite his renowned status, Krishnamacharya's wisdom has never before been made completely available, just as he taught it. Now, in *The Complete Book of Vinyasa Yoga*, Srivatsa Ramaswami—Krishnamacharya's longest-standing student outside his own family—presents his master's teachings of yogasanas in unprecedented detail. Drawing upon his 33 years of direct study, beginning in 1955 and continuing nearly until his teacher's death, Ramaswami presents more than nine hundred poses and variations in logically structured sequences, precisely describing Krishnamacharya's complete Vinyasakrama system. Along with every movement of each yoga posture, he covers the proper breathing techniques for each pose—something no other book also derived from Krishnamacharya's teaching does. Nearly 1,000 full-color photographs are featured in this authoritative landmark presentation of the study practiced by the grandfather of modern yoga.
