📖 **TRUCKS COLORING BOOK** Avon Coloring Book,Trucks Coloring Books,Neil Masters,2014-11-22 Trucks coloring book is a great book for the toddler or preschooler that loves their trucks. It is not only a great way to get them to learn about all the various types of trucks that exist but it also inspires them and gets them to want to color. It has been put together in such a way by the author that is not hard for the child to know what they are supposed to do. Inside this book there are over 30 large images of trucks including oil trucks, cement mixer trucks, fire trucks, cranes, excavators and many other truck types and each truck is printed on its own page too! The problem with a lot of the current truck coloring books on the market today is that the detailing of the images is too hard for children to color. The great thing is that the author has put his own love for trucks into the creation of the colouring book. Before the author published the book he did a little test among his family and friends that have children just to see how they would react to the book. It was well received and that was enough to get him to share it with the rest of the world. Take a look inside to see how large the images are and then order one today.
