Fred Harvey

SQL Pocket Guide Jonathan Gennick,2004 This pocket guide presents the most crucial information about SQL in a compact and easily accessible format, covering the four commonly used SQL variants--Oracle, IBM DB2, Microsoft SQL Server, and MySQL. Topics include: Data manipulation statements (SELECT, DELETE, INSERT, UPDATE, MERGE) and transaction control statements (START TRANSACTION, SAVEPOINT, COMMIT, ROLLBACK). Common SQL functions (date, numeric, math, trigonometric, string, conversion, aggregate) Such topics as literals, NULLs, CASE expressions, datatype conversion, regular expressions, grouping and summarizing data, joining tables, and writing queries (hierarchical, recursive, union, flashback) and subqueries. Instead of presenting complex and confusing syntax diagrams, the book teaches by example, showing the SQL statements and options that readers are most like to use. All example data is available on the O'Reilly web site. If you need fast, accurate SQL information, with examples for multiple database engines, be sure to check out this book.--Chris Kempster, Senior DBA and author of SQL Server 2000 for the Oracle DBA, www.chriskempster.com

In Camera: How to Get Perfect Pictures Straight Out of the Camera Gordon Laing,2020-03-05 With amazing low-light capabilities, incredible definition, intelligent autofocus and a host of other features, digital cameras have now become so powerful that they have left their users behind. Most photographers can take competent shots in a range of conditions, or fix imperfect exposures in Photoshop or Lightroom, but very few have the skill to push their cameras to the limit and capture the perfect shot, under all conditions, with no post-processing required. *In Camera* is the perfect way to take your photography to that level; to master your camera, understand light, exposure and composition, and make amazing photographs, whatever your camera, without cheating after the event. One hundred of Gordon's beautiful photos are given with his own expert commentary; full settings and camera details are included, and a host of tips and tricks let photographers of any level learn something from every example. The shots are taken with a wide range of cameras, and the emphasis is on getting results by improving your own skills, not wasting money on expensive equipment.

Ninja Selling Larry Kendall,2017-01-03 2018 Axiom Business Book Award Winner, Gold Medal Stop Selling! Start Solving! In *Ninja Selling*, author Larry Kendall transforms the way readers think about selling. He points out the problems with traditional selling methods and instead offers a science-based selling system that gives predictable results regardless of personality type. *Ninja Selling* teaches readers how to shift their approach from chasing clients to attracting clients. Readers will learn how to stop selling and start solving by asking the right questions and listening to their clients. *Ninja Selling* is an invaluable step-by-step guide that shows readers how to be more effective in their sales careers and increase their income-per-hour, so that they can lead full lives. *Ninja Selling* is both a sales platform and a path to personal mastery and life purpose. Followers of the *Ninja Selling* system say it not only improved their business and their client relationships; it also improved the quality of their lives.

Jamming the Media Gareth Branwyn,1997 In one of the most complete handbooks to mass communication ever, cyber-culture expert Gareth Branwyn guides the wired and soon-to-be wired through the use of public access television, film, video, the Internet, and more. This groundbreaking, comprehensive guide is full of easy-to-follow instructions, hands-on information, practical hints, and case studies. 2-color throughout.

The Directory of Business Information Resources, 1999 Laura Mars,1998-12

Shame Punishment Thom Brooks,2019-10-28 Shame punishment has existed for perhaps as long

as people have been punished, and the issue has been revisited in recent years to help improve crime reduction efforts. In this collection, shame punishment is examined from various critical perspectives, including its relation with expressivism, the diversity of shame punishment used today, the link between shame punishment and restorative justice, the relationship between dignity and shame punishment, shame punishment and its use for sex offenders, and critics of shame punishment in its different incarnations. The selected essays are from leading experts and represent the most important contributions to scholarly research in the field.
