Inspector Skills Stephen A. Van Note, 2014 Inspector Skills is the first text to focus on the "other" skills that are essential for success as a construction inspector. These "soft skills" are the non-technical traits and behaviors that enhance an inspector's ability to interact with others and to successfully carry out his or her job duties. Inspector Skills aims to raise awareness of the importance of soft skills and to provide guidance toward recognizing and improving those skills. When coupled with the technical knowledge of codes and construction practices, developing effective soft skills elicits cooperation, generates respect and credibility, and improves the image of inspectors and code safety departments. Inspector Skills was written for construction inspectors in all disciplines and will also benefit students, permit technicians, plan reviewers and building officials. --Publisher's description.

Home Inspector Confidential Matt Fellman,2019-12-23 In *Home Inspector Confidential*, Matt Fellman provides twenty years' worth of authentic insider knowledge and practical know-how from his career as a home inspector--an industry that is more complex, and more rewarding, than most people know. Not that it's always been easy. In honest, lighthearted, and often humorous prose, Fellman describes being screamed at by sellers, buyers, real estate agents, and contractors; being bitten by dogs; knocking open beehives; trying to avoid dead rats in thousands of crawl spaces. Oh, and he's been sued a few times, too. But Fellman shows how all the hard work and unpleasantness are ultimately worth it. Aside from the financial reward and interesting technical challenges, there is the deep satisfaction that comes from helping people find not just a house, but a home--a place where, as Fellman points out, they will likely experience births, deaths, marriages, graduations, and all kinds of other life-changing events. Essential reading for anyone considering a career in this field--but others will enjoy it too.

The Professional Home Inspectors Book of David Selman,2016-10-20 In this book, there are more than twelve hundred home inspection report writing best practices, report comments and special notes. These Report Writing Comments For Success have been developed based on experience and used in thousands of home inspection reports. They are based on Code Check building standards, International Residential Code (IRC), National Electric Code (NEC) and other sources. While my company inspects homes in Texas, these home inspection report-writing comments are about construction standards common to all professional home inspectors. However, these report comments do not include basements or seismic requirements since they are infrequent in our area. These home inspection report-writing comments are formatted in the same order as the Texas Real Estate Commission (TREC) promulgated Texas Standard report form. Your state format and report order may be different. This is a collection of the most commonly used comments and special notes from our experience as professional Texas home inspectors. When I first became a home inspector, there were few options for well-written home inspection report comments. This book is intended to be a guide that will improve your home inspection report writing skills, provide a base for new inspector's report comments and supplement veteran inspectors report comments. The possibilities for written home inspection report comments are endless. Purpose*To expand the scope of and promote excellence in professional home inspection report writing with field tested proven verbiage that may be relevant to deficiencies revealed in the course of a home inspection.*To be useful to potential home inspectors as a study guide.*To be useful as a refresher to veteran home inspectors. Whether you are a new home inspector or a veteran, I hope you find these Report Writing Comments For Success useful.
