Sapiens Yuval Noah Harari,2015-02-10 New York Times Bestseller A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, Sapiens integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

The Girl with the Dragon Tattoo Stieg Larsson,2008-09-16 ONE OF TIME MAGAZINE'S 100 BEST MYSTERY AND THRILLER BOOKS OF ALL TIME • #1 NATIONAL BESTSELLER • The thrilling first book in the Girl with the Dragon Tattoo series featuring Lisbeth Salander: “Combine the chilly Swedish backdrop and moody psychodrama of a Bergman movie with the grisly pyrotechnics of a serial-killer thriller, then add an angry punk heroine and a down-on-his-luck investigative journalist, and you have the ingredients of Stieg Larsson's first novel” (The New York Times). • Also known as the Millennium series Harriet Vanger, a scion of one of Sweden's wealthiest families disappeared over forty years ago. All these years later, her aged uncle continues to seek the truth. He hires Mikael Blomkvist, a crusading journalist recently trapped by a libel conviction, to investigate. He is aided by the pierced and tattooed punk prodigy Lisbeth Salander. Together they tap into a vein of unfathomable iniquity and astonishing corruption. Look for the latest book in the Girl with the Dragon Tattoo series, The Girl in the Eagle's Talons!

Personal Knowledge Models with Semantic Technologies Max Völkel,2011

Wikinomics Don Tapscott,Anthony D. Williams,2008-04-17 The acclaimed bestseller that's teaching the world about the power of mass collaboration. Translated into more than twenty languages and named one of the best business books of the year by reviewers around the world, Wikinomics has become essential reading for business people everywhere. It explains how mass collaboration is happening not just at Web sites like Wikipedia and YouTube, but at traditional companies that have embraced technology to breathe new life into their enterprises. This national bestseller reveals the nuances that drive wikinomics, and share fascinating stories of how masses of people (both paid and volunteer) are now creating TV news stories, sequencing the human genome, remixing their favorite music, designing software, finding cures for diseases, editing school texts, inventing new cosmetics, and even building motorcycles.

Ecological Psychoacoustics John Neuhoff,2021-10-01 Ecological Psychoacoustics outlines recent advances in dynamic, cognitive, and ecological investigations of auditory perception and ties this work to findings in more traditional areas of psychoacoustics. The book illuminates some of the converging evidence that is beginning to emerge from these traditionally divergent fields, providing a scientifically rigorous, real world perspective on auditory perception, cognition, and action. In a natural listening environment almost all sounds are dynamic, complex, and heard concurrently with other sounds. Yet, historically, traditional psychoacoustics has examined the perception of static, impoverished stimuli presented in isolation. Ecological Psychoacoustics examines recent work that challenges some of the traditional ideas about auditory perception that were established with these impoverished stimuli and provides a focused look at the perceptual processes that are more likely to occur in natural settings. It examines basic psychoacoustics from a more cognitive and ecological perspective. It provides broad coverage including both basic and applied research in auditory perception; and coherence and cross referencing among chapters.

The Southern Work Ellen G. White,2004-03 Reprint of a 1901 booklet giving guidance for doing evangelistic work among Southern Blacks.

Sleepwalking Land Mia Couto,2006 On almost every page of this witty magical realist whodunit, we sense Couto's delight on those places where language slips officialdom's asphyxiating grasp.--The New York Times Book Review on *The Last Flight of the Flamingo* The most prominent of the younger generation of writers in Portuguese-speaking Africa, Couto passionately and sensitively describes everyday life in poverty-stricken Mozambique.--Guardian (London) Quite unlike anything else I have read from Africa.--Doris Lessing As the civil war rages in 1980s Mozambique, an old man and a young boy, refugees from the war, seek shelter in a burnt-out bus. Among the effects of a dead passenger, they come across a set of notebooks that tell of his life. As the boy reads the story to his elderly companion, this story and their own develop in tandem. Written in 1992, Mia Couto's first novel is a powerful indictment of the suffering war brings. Born in 1955 in Mozambique, Mia Couto ran the AIM news agency during the revolutionary struggle. He now lives in Maputo where he works as an environmental biologist and heads the Mozambique side of the Limpopo Transnational Park. In 2007 he was the first African author to win the Latin Union Award for Romance Languages; in 2013 he was awarded the 100,000 Camoes Prize for Literature, in recognition of his life's work. In 2014 he received the \$50,000 Neustadt Prize for Literature, and in 2015 he was shortlisted for the Man Booker International Prize.

Obesity and Its Health Effects ,

The One-in-a-Million Baby Name Book Jennifer Moss,Babynames.com,2008-07-01 From one of the top parenting websites' a comprehensive naming guide featuring the unique Babynames.com popularity ratings. Forget those traditional lists of names and their meanings-in guiding readers step-by-step through the naming process, as well as the seven things to consider, this book will help parents decide upon a name perfectly suited to their child and family. The only baby name book to draw upon the opinions of 1.2 million parents, each listing features a popularity rating derived from website feedback as well as the top personality traits associated with the name. Readers can also browse lists of names organized in unique ways such as names for sports fans or fiction lovers, and names to be avoided.

Blood-Drenched Beard Daniel Galera,2014-05-01 Blood-Drenched Beard is the gripping, visceral English-language debut from Daniel Galera. His father shoots himself, and all he's left with is the old cattle dog and a vague desire for explanation. He loves swimming so he drifts south to Garopaba, a quiet little town on the Brazilian coast, where his grandfather disappeared in mysterious, possibly brutal, circumstances decades before. There, in the midst of romantic flings and occasional trips, he comes to discover more than he could ever have imagined - not just about his grandfather, but also about himself. Praise for Daniel Galera: 'Outstandingly powerful'- Estado de Sao Paulo 'The writer who has evolved more than any other of his generation'- NoMinimo Daniel Galera was born in Sao Paulo in 1979. He co-founded the influential publishing house Livros do Mal, and has translated David Foster Wallace, Zadie Smith and Irvine Welsh into Brazilian Portuguese. He has published a collection of short stories and three novels, as well as an acclaimed graphic novel (with Rafael Coutinho).

Embodied Social Justice Rae Johnson,2022-11-25 Embodied Social Justice introduces an embodied approach to working with oppression. Grounded in current research, the book integrates key findings from education, psychology, sociology, and somatic studies while addressing critical gaps in how these fields have addressed pervasive patterns of social injustice. At the heart of the book, a series of embodied narratives bring to life everyday experiences of oppression through evocative descriptions of how power implicitly shapes body image, interpersonal space, eye contact, gestures, and the use of touch. This second edition includes two new body stories from research participants living and working in the global South. Supplemental guidelines for practice, updated references, and new community resources have also been added. Designed for social workers, counselors, educators, and other human service professionals working with members of disenfranchised and marginalized communities, Embodied Social Justice offers a conceptual framework and model of practice to assist in identifying, unpacking, and transforming embodied experiences of oppression from the inside out.

On Literature Umberto Eco,2004 Publisher Description

Imagined Spaces Kirsty Gun,Gail Low,2020-11-26 Exciting and provocative essays in a collection that is fun, entertaining, and deeply serious. In words and images that explore our environment, culture and architecture, that reflect on literary and artistic creation, mortality, mental health, depression, the North (as a place both real and imagined) and education, Imagined Spaces returns the essay to its original activity of having a go, trying and weighing something out, taking a risk.

Harley Hahn Teaches the Internet Harley Hahn,2000 Hahn quickly engages readers to teach basics and intermediate usage of the Internet. Even Grandma can learn to be an accomplished user with easy-to-decipher instructions and tips.

How to Be a Stoic Massimo Pigliucci,2018-05-08 In the tradition of How to Live and How Proust Can Change Your Life, a philosopher asks how ancient Stoicism can help us flourish today Whenever we worry about what to eat, how to love, or simply how to be happy, we are worrying about how to lead a good life. No goal is more elusive. In How to Be a Stoic, philosopher Massimo Pigliucci offers Stoicism, the ancient philosophy that inspired the great emperor Marcus Aurelius, as the best way to attain it. Stoicism is a pragmatic philosophy that focuses our attention on what is possible and gives us perspective on what is unimportant. By understanding Stoicism, we can learn to answer crucial questions: Should we get married or divorced? How should we handle our money in a world nearly destroyed by a financial crisis? How can we survive great personal tragedy? Whoever we are, Stoicism has something for us--and How to Be a Stoic is the essential guide.

Technoculture Debra Benita Shaw,2008-07-01 We live in a world where science and technology shape the global economy and everyday culture, where new biotechnologies are changing what we eat and how we can reproduce, and where email, mobiles and the internet have revolutionised the ways we communicate with each other and engage with the world outside us.Techonculture: The Key Concepts explores the power of scientific ideas, their impact on how we understand the natural world and how successive technological developments have influenced our attitudes to work, art, space, language and the human body. Throughout, the lively discussion of ideas is illustrated with provocative case studies - from biotech foods to life-support systems, from the Walkman and iPod to sex and cloning, from video games to military hardware. Designed to be both provocative and instructive, Technoculture: The Key Concepts outlines the place of science and technology in today's culture.

Tunnel of Varanavat Gautam Chikermane,2016

Crazy Benjamin Lebert,2007-12-18 A smart, funny, poignant, very modern autobiographical coming-of-age novel, written when the author was sixteen years old. Like Catcher in the Rye, Crazy appeals to the teenager in us all. Benni himself is partially paralyzed and a serial failure (he's been kicked out of four boarding schools in his short life and has just entered his fifth). So he's a little odd, but he's cool and he finds other strange boys to hang with. Together they set out to experience what they can: girls, booze, sex, philosophy, drugs, sex, books, music, sex—pretty much everything whatever. And Benni lets us in on the crazy life he figures is the only way to deal with the crazy world.

Design Principles and Practices: An International Journal: Volume 4, Number 6 Bill Cope,Mary Kalantzis,2011-02-01 ** Contents available at <http://ijg.cgpublisher.com/product/pub.154/prod.485> **Design Principles and Practices: An International Journal is a site of discussion exploring the meaning and purpose of 'design', as well as speaking in grounded ways about the task of design and the use of designed artefacts. The resulting conversations weave between the theoretical and the empirical, research and application, market pragmatics and social idealism. In professional and disciplinary terms, the journal traverses a broad sweep to construct a transdisciplinary dialogue which encompasses the perspectives and practices of: anthropology, architecture, art, artificial intelligence, business, cognitive science, communication studies, computer science, cultural studies, design studies, education, e-learning, engineering, ergonomics, fashion, graphic design, history, information systems, industrial design, industrial engineering, instructional design, interior design, interaction design, interface design, journalism, landscape architecture, law, linguistics and semiotics, management, media and entertainment, psychology, sociology, software engineering, technical communication, telecommunications, urban planning and visual design. The journal is relevant for academics in the design and applied sciences, professions, social sciences and humanities, research students, design practitioners, industry-based designers, professionals and managers, public administrators and trainers and industry consultants.Design Principles and Practices: An International Journal is peer-reviewed, supported by rigorous processes of criterion-referenced article ranking and qualitative commentary, ensuring that only intellectual work of the greatest substance and highest significance is published.

Cosmococa Hélio Oiticica, Neville d' Almeida, 2005 Comprehensive edition regarding the first 5 multimedia installations as originally envisioned by artist Oiticica (b. Brazil) and conceived in collaboration with the filmmaker D'Almeida (b. Brazil). The Cosmococa photographic series consist of single rolls of film in accordance with the artist's concept of quasi-cinema, participative spaces that transcend the cinematographic experience and call into question the contemplative nature of the art object and designed as collective experiences making the spectator an active participant. The present edition is faithful to the artist's original concept in its presentation of facsimiles of both his notebooks in which the works were conceptualized and Oiticica's own typewritten transcriptions along photographs of installations recently mounted at the Pinacoteca de Sao Paulo and at the Centro de Arte Hélio Oiticica in Rio de Janeiro, two multimedia installations that precede the original photographs for Cosmacoca. The book also contains critical essays by César Oiticica Filho (curator of Projeto Hélio Oiticica), Paulo Herkenhoff and Kátia Maciel.

The Top Books of the Year Contenta Mp3 Converter 13 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Contenta Mp3 Converter 13 : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
