Vatican Council II: The Conciliar and Postconciliar Documents Austin Flannery,2014-08-28 This study edition of Irish Dominican Austin Flannery's (+2008) earlier translation contains all sixteen documents of the Second Vatican Council, plus the forty-nine later documents from popes and Vatican congregations that implemented the details of the Council's decisions. Flannery attempted to include all documents of general interest that form part of the postconciliar process—documents which might be described as organically linked with the conciliar process. This is the translation used in The Catechism of the Catholic Church and the text that both students of the Council and students of the Catechism will want for the complete reference of the Council and its decisions. Special features of the study edition: Larger page size, with larger print and more generous margins Focus questions after each Council document help the reader comprehend the main points Creative questions assist the reader in applying the content of the Council documents to personal experience or to future development in the Church

Mary in the Church ,2003 This compendium of significant documents issued in recent years by the U.S. bishops and the papal magisterium provides an indispensable source of contemporary Church teachings on the Blessed Virgin Mary. Of value to students, theologians, ecumenists, and parishioners alike, these documents offer the authentic teaching of the Church on the meaning of Mary's role in the Church and her place in the mystery of Christ's salvation. Opening with the complete text of the bishop's 1973 pastoral letter, Behold Your Mother: Woman of Faith, the selections include Pope Paul VI's apostolic exhortation Marialis Cultus: For the Right Ordering and Development of Devotion to the Blessed Virgin Mary and Pope John Paul II's apostolic letter Rosarium Virginis Mariae (On the Most Holy Rosary). Mary in the Church will enrich the faith and love of all who seek to imitate the Mother of God on their way to Christ.

Translating Tradition Peter Jeffery,2005 The Vatican instruction Liturgiam Authenticam (2001) calls for a new era of liturgical translation marked by sound doctrine: and exact in wording. This, it is stated, will preserve the traditions of the Roman Rite and the exegesis of the church fathers. Though Jeffery favors more exact translations and doctrinal clarity, he find the instruction uninformed about the history of the Catholic liturgy: The Roman Rite, with papal approval, has always made use of paraphrases, multiple translations, and multilayered exegesis. Jeffery proposes reviving the patristic and scholastic principle that Scripture and Catholic tradition are diverse, not adverse - that balancing alternative models enhances rather than threatens the unity of the Catholic Church.
