The Night Counter Alia Yunis,2010-07-13 An immigrant-ethnic cocktail laced with political oppression, but before shaking, [Alia Yunis] adds Scheherazade, the fabled storyteller who kept herself alive by distracting her tyrannical husband for a thousand and one nights. --Carolyn See, Washington Post After 85 years, Fatima knows that she is dying because for the last 991 days she has been visited by the immortal storyteller from The Arabian Nights, Scheherazade. Just as Scheherazade spun magical stories for 1,001 nights to save her own life, Fatima has spent each night telling Scheherazade her life stories. But with only nine days left before her death, Fatima has a few loose ends to tie up. She must find a wife for her openly gay grandson, teach Arabic (and birth control) to her 17-year-old great-granddaughter, make amends with her estranged husband, and decide which of her troublesome children should inherit her family's home in Lebanon--a house she herself has not seen in nearly 70 years. Fatima's children are spread far apart and are wrapped up in their own chaotic lives seemingly disinterested in their mother and their inheritances. But as she weaves stories of her husband, children, and grandchildren, Fatima brings together a family that is both capricious and steadfast, affectionate and also smothering, connected yet terribly alone. Taken all together, they present a striking and surprising tapestry of modern Arab American life. Shifting between America and Lebanon over the last hundred years, Alia Yunis crafts a bewitching debut novel imbued with great humanity, imagination, family drama and a touch of magic realism. Be prepared to feel utterly charmed.

The WTO Dispute Settlement System, 1995-2003 Federico Ortino,Ernst-Ulrich Petersmann,2004-01-01 In its ten years of existence, the World Trade Organization (WTO) dispute settlement system has continued to differentiate itself in many ways from more conventional international judicial proceedings such as those before the International Court of Justice (ICJ) or regional integration courts. The regular participation of third parties, the emphasis at all levels of the 'ordinary meaning' of the text of WTO rules, and the raft of proposed amendments to the Dispute Settlement Understanding (DSU) all characterise WTO jurisprudence. In twenty-six incisive contributions, this book covers both the 'legislative' and '(quasi) judicial' activities encompassed by the WTO dispute settlement system. Essays concerned with rules emphasise proposed improvements and clarifications in such areas as special and differential treatment of less-developed countries, surveillance of implementation, compensation, and suspension of concessions. Other contributions discuss such jurisprudential and practical issues as discrimination, trade-related environmental measures, subsidies and countervailing measures, and trade-related intellectual property rights. The authors refer frequently to the panel, Appellate Body and arbitration reports, a chronological list of which appears as an annex. The contributors include WTO arbitrators, members of the WTO

Appellate Body, WTO panelists, and academics from a broad spectrum of countries engaged as legal advisers by the WTO, by governments, or by non-governmental organisations. More than a mere snapshot of the current status of the WTO dispute settlement system, this outstanding work represents a comprehensive analysis that brings a fast-moving and crucially significant body of international law into sharp focus.
