In this fascinating collection of Wall Street war stories, more than two dozen

quants detail their roots, roles, and contributions, explaining what they do and how they do it, as well as outlining the sometimes unexpected paths they have followed from the halls of academia to the front lines of an investment revolution.

The Tipping Point Malcolm Gladwell, 2006-11-01 From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. You're Never Weird on the Internet (Almost) Felicia Day, 2016-04-19 The Internet isn't all cat videos. There's also Felicia Day -- violinist, filmmaker, Internet entrepreneur, compulsive gamer, hoagie specialist, and former lonely homeschooled girl who overcame her isolated childhood to become the ruler of a new world ... or at least semi-influential in the world of Internet Geeks and Goodreads book clubs. After growing up in the south where she was homeschooled for hippie reasons, Felicia moved to Hollywood to pursue her dream of becoming an actress and was immediately typecast as a crazy cat-lady secretary. But Felicia's misadventures in Hollywood led her to produce her own web series, own her own production company, and become an Internet star. Felicia's shortish life and her rags-to-riches rise to Internet fame launched her career as one of the most influential creators in new media. Now Felicia's strange world is filled with thoughts on creativity, video games, and a dash of mild feminist activism -- just like her memoir. Felicia's story demonstrates that everyone should embrace what makes them different and be brave enough to share it with the world,

because anything is possible now -- even for a digital misfit.

Thank & Grow Rich Pam Grout, 2016-08-30 There are a lot of gratitude books out there, but none quite like this, which comes with actual gifts: a sign, a totem, an answer, and a present from the natural world! Most of us believe we can think our way out of problems. We believe that if we just exert enough mental effort, we will pull up a solution to whatever ails us. And that has gotten us nowhere. So in this book, we're going to forget thinking . . . and start thanking. This playful but easy

practice has the power to reconnect us with our true nature. When we observe the world from a place of gratitude, when we use our attention to spot beauty and gaze at wonder, we tune in to a frequency of magic. This joy channel is the most powerful on the planet and has the capability to radically change our lives. Brazen gratitude provides a portal—an entry point—straight into the heart of the field of infinite possibilities described in Pam Grout’s bestseller *E-Squared*. It enables you to align with the spaciousness of the cosmic energy field, the spaciousness that makes your life a love-shining prism. Thanking puts you on an energetic frequency—a vibration—that calls in miracles and will make you rich (in spirit), happy, and madly in love (with life). This book also offers a different perspective on abundance, which is not just financial capital. It shows readers how to grow and expand creative capital, social capital, rip-roaring good times capital, and much, much more!
