Start Your Own Online Coupon or Daily Deal Business Rich Mintzer,/ Entrepreneur

magazine,2013-09-17 The online coupon and daily deal industries are booming as people from all socio-economic groups are seeking deals and discounts in these trying economic times. The experts at Entrepreneur deliver the startup details behind this hot opportunity and show eager entrepreneurs how to cash-in on internet-savvy savers.Unlike old-school design your own coupon book titles, this book moves straight into computer technology and proceeds to the latest trend in couponing . . . apps, which provide deals to mobile users in any location. Many daily deal businesses do not work to enhance the experience for their merchants. Readers, however, can learn how to do so. Experts in the industry are also included such as Marc Horne, co-creator of Daily Deal Builder, who discusses what it takes to build a daily deal site, David Teichner, CEO of Yowza!! who brought deal apps to iPhones and several business owners who have tried their luck at running daily deal. They discuss what they have learned from the process.Currently there are few, if any, other books on how to start a daily deal business and the coupon books focus on how to use coupons and even on extreme couponing, but not on running an online coupon business. This is a unique title which provides those who enjoy offering deals and discounts to get started in an industry that is still growing.

Coupon Crazy Mary Potter Kenyon, 2013-06-18 A fascinating history of this marketing tactic, and why some shoppers take it to extremes—from a longtime expert couponer. *Coupon Crazy* examines the phenomenon of avid coupon use and the socio-cultural and socioeconomic factors that construct it. By delving into the history of couponing, refunding, the science of shopping, and the dark underbelly of a coupon world the average American doesn't even know about, Mary Potter Kenyon manages to both fascinate and educate. Readers will meet today's "Coupon Queens" (and Kings) and learn about an era when trash really was cash. Not just an observer of this ethnographic research, Mary lived it for over thirty years. "My favorite aspect of the entire book was the candid tone Kenyon takes in sharing her story and others. As someone that both uses coupons and teaches couponing practices, I found the book triggering self-reflection at many points: Do I purchase products just because they are on sale? Do I devalue products I've gotten for free? Do I allow coupons to inform my purchases or the other way around? If you are a couponer, it's quite possible you'll find yourself reflecting on your own shopping habits as you read this book, too." —Angela Russell, *The Coupon Project*

A Thinker and Seeker Robert A. Floyd,2021 This book is about the author's (my) life including my ancestors who came into Colonial America from Northern Ireland in 1746. This book is also about me growing up on the farm. There are episodes given such as the time when I was about 10 years old and had the chore of taking two gallons of skim milk to feed about eight 200 pounds pigs their desert so to speak. On at least one occasion, the pigs surrounded me and ran into the pail of skim milk resulting in me getting a skim milk bath. My educational journey started in a two-room country school where the eighth grade included four girls and me. My educational journey continued through high school, University undergraduate and graduate school where the high light of my learning was the spookiness of quantum physics. My goal began to be realized when I started doing and leading biomedical research activity in 1974 and then after 30 plus years of research and over 200 peer reviewed research papers I was awarded the Discovery Research Metal from the research society I helped found several years earlier. It is important to note that my relative that came from Northern Ireland was a Loyalist Colonel in command of a militia in the Revolutionary War. Several of my close relatives were in the Civil War on the Union side. Many of their graves are within one-half mile of the farm where I grew up. At least two of my close relatives died in a Confederate prison in Virginia. President Abe Lincoln's birthplace was about sixty-five miles away from the home farm.
