Marbles Ellen Forney,2012-11-06 Cartoonist Ellen Forney explores the relationship between “crazy” and “creative” in this graphic memoir of her bipolar disorder, woven with stories of famous bipolar artists and writers. Shortly before her thirtieth birthday, Forney was diagnosed with bipolar disorder. Flagrantly manic and terrified that medications would cause her to lose creativity, she began a years-long struggle to find mental stability while retaining her passions and creativity. Searching to make sense of the popular concept of the crazy artist, she finds inspiration from the lives and work of other artists and writers who suffered from mood disorders, including Vincent van Gogh, Georgia O’Keeffe, William Styron, and Sylvia Plath. She also researches the clinical aspects of bipolar disorder, including the strengths and limitations of various treatments and medications, and what studies tell us about the conundrum of attempting to “cure” an otherwise brilliant mind. Darkly funny and intensely personal, Forney’s memoir provides a visceral glimpse into the effects of a mood disorder on an artist’s work, as she shares her own story through bold black-and-white images and evocative prose.

Girl of Nightmares Kendare Blake,2012-08-07 Girl of Nightmares, the thrilling sequel to Kendare Blake's critically acclaimed Anna Dressed in Blood. It's been months since the ghost of Anna Korlov opened a door to Hell in her basement and disappeared into it, but ghost-hunter Cas Lowood can't move on. His friends remind him that Anna sacrificed herself so that Cas could live—not walk around half dead. He knows they're right, but in Cas's eyes, no living girl he meets can compare to the dead girl he fell in love with. Now he's seeing Anna everywhere: sometimes when he's asleep and sometimes in waking nightmares. But something is very wrong...these aren't just daydreams. Anna seems tortured, torn apart in new and ever more gruesome ways every time she appears. Cas doesn't know what happened to Anna when she disappeared into Hell, but he knows she doesn't deserve whatever is happening to her now. Anna saved Cas more than once, and it's time for him to return the favor. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Objects in Mirror Are Closer than They Appear Pauline A.G. Johansen,2011-02-23 Capturing powerful memories of growing up in a large, remarkable, and sometimes surreal household, Objects in Mirror Are Closer than They Appear provides a glimpse of what life was like for author Pauline A.G. Johansen, one of twelve children in an immigrant, Catholic family. In this memoir, Johansen presents a collection of stories gleaned from living in

a large family, where nothing is sacred and the unusual is seen as typical. The story “Getting to Know the Virgin” describes growing up Catholic in the 1950s and ’60s. “Once Upon a Time” tells how house fires became a way of life. “Poor is a Four-Letter World” shares tales of camping trips that went very wrong. Both heartbreaking and humorous, the stories in *Objects in Mirror Are Closer than They Appear* are remembrances of events that occurred, an attempt to make sense of why they happened, and a family’s responses to both the tragic and the mundane. It explores the past with a view to answering the question, “How did I get here?” It also demonstrates there are many ways to be family.

A Mad, Crazy River Clyde L. Eddy, 2012-05-15 When Clyde Eddy first saw the Colorado River in 1919, he vowed that he would someday travel its length. Eight years later, Eddy recruited a handful of college students to serve as crewmen and loaded them, a hobo, a mongrel dog, a bear cub, and a heavy motion picture camera into three mahogany boats and left Green River, Utah, headed for Needles, California. Forty-two days and eight hundred miles later, they were the first to successfully navigate the river during its annual high water period. This book is the original narrative of that foolhardy and thrilling adventure. “The point of his great adventure is not to make a name for himself, or to profit from a documentary film, or even to prove that quiet men of intellect can be as courageous as brawny frontiersmen. The point is the journey itself, the satisfaction of attempting the near impossible, and of surviving to tell the tale.”--Peter Miller, *National Geographic Magazine*, from the Foreword

Harry Expects A Murder Neal Enrick, 2019-02-21 After gaining fanfare by cracking a sensational murder case, Harry Bittercress, a former army MP, sees his private eye career take off. Good cases are finally coming my way! he exclaimed. Harry is ably assisted by Cardamine, his Oxford-educated wife whose odd mixture of British-Jamaican ancestry and vocation in mystic reading and advising make her an ideal, if unorthodox, partner - whether Harry's pride can handle it or not. Such masculine insecurity is perhaps excusable given the year: 1953. Back then, a wife was typically an aproned homemaker. But Harry's wife? She does all that but so much more, poring over literature, philosophy, mathematics, and social and physical science journals. My better half is as cute as a button and as sharp as a tack, a real dime piece! you may overhear Harry enthuse at Papa Max's, the watering hole below his third-floor walk-up office in downtown Charlottesville, Virginia. It's umm, adequate, Cardamine spoke kindly of his modest workspace. Harry'll need her assistance (and that of others) when a new, oddball case comes in over the transom: solving a murder that hasn't happened yet! His client calmly states, Someone's going to kill me. Afterwards, I want you to catch him.

Turner, 2002 Documents the broad range of desert environments of the Early Permian and Early to Mid Triassic in Britain, as well as the brackish lakes of the Mid and Late Triassic, and the fully marine Rhaetian deposits of Triassic age that cap the sequence.

The Marble Game Gaalen Billingsley, MS Gaalen Billingsley LMFT, 2016-02-08 Life and relationship problems have a tendency to feel singularly overwhelming and complicated, but in actuality most therapy clients are seeking answers to the same few simple human questions: 1) Who am I and why do I feel so crazy? 2) Who is that other person I thought I knew, and why is s/he driving me so crazy? 3) Why do I keep doing the crazy stuff I do, even though I want to change?! 4) In the face of all of my flaws how do I become the person I want to be? 5) How do I get that other person over there to be and do what I want? 6) Why does Life/God/The Universe either a) seem so crazy that the way the world works makes no sense, or b) hate me personally so much that I get punished again and again no matter how hard I try? 7) Why bother to ever do anything? What is the point? *The Marble Game: Therapeutic Metaphors for Life* contains metaphors and parables to translate seemingly complicated human behaviors and patterns into simple and practical concepts that readers can use to feel empowered and create change in their own lives. The book is designed to help you get free of all the unconscious baggage that weighs you down and keeps you from being your finest self -- from living your most

excellent life. The author wants you to acquire an adventurous sense that there might be a lot to know about you that you don't already know. And even though it may seem scary and dangerous to learn about yourself, until you see yourself clearly, you will never be free to be the author of your self, your life, and your own destiny.

Marble Season Gilbert Hernandez,2021-04-29 Marble Season is the all-new semi-autobiographical novel by acclaimed cartoonist Gilbert Hernandez, author of the epic masterpiece Palomar, and co-creator of the groundbreaking Love and Rockets comic book series, along with his brothers Jaime and Mario. Marble Season is his first book with D&Q. It tells the untold stories from the American comics legends’ youth, but also portrays the reality of life in a large family in suburban 1960s California. Pop-culture references—TV shows, comic books, and music—saturate this evocative story of a young family navigating cultural and neighborhood norms set against the golden age of the American dream and the silver age of comics. Middle child Huey stages Captain America plays and treasures his older brother’s comic book collection almost as much as his approval. Marble Season subtly and deftly details how the innocent, joyfully creative play children engage in (shooting marbles, staging backyard plays, and organizing treasure hunts) changes as they grow older and encounter name-calling naysayers, abusive bullies, and the value judgments of other kids. An all ages story, Marble Season masterfully explores the redemptive and timeless power of storytelling and role play in childhood, making it a coming-of-age story that is as resonant with the children of today as the children of the 1960s.

The Marble Chronicles Ralph E. Parks,2010-12-20 Mabel and her dream of a place she has not yet been, The Square Blue Canyon, with its two Roquefort Blue Moons. It is here where Mabel on her quest for the world’s most perfect marble shooter discovers the Marble Man. The Marble Man has a very real fire in his belly and eats the sand-wich is there (by the fist full) and then belches out the finest Marbles, Major Mabel has ever seen. The old Hoot Owl started much of this with this brain teaser, “Major Mabel may have lost her Marbles, but Mabel may not miss her marbles!” Though I am sure Mabel surely would.

The logistics go wrong; she acquires a mystery illness - then a young man is horrendously murdered and she escapes from house arrest. Marcus Didius Falco is pitted against his old rival, the Chief Spy Anacrites, in a race to find the fugitive before her presence angers the public and makes the government look stupid.
